Cleaning House by Machinery.

The Portland Gas & Coke company, who have distributed the famous Easy washer for a number of years, have just arranged with the L. L. Kidder Hardware Co. of Gresham to exhibit and sell this gas-heated electric washer through their store where it will be on display this week.

It will be worth while to visit the L. L. Kidder store and see this famous machine in operation, with the revolving vacuum-cups moving up and down 60 times per minute, flushing the water through the meshes of the garments, carrying away every particle of dirt without danger or injury to the finest of fabrics. All of the machinery is out of the way and so thoroughly protected that even a cat could not get its tail caught.
