What Is It in Five Letters?
I am licked before I start, but I always deliver the goods. I am not only licked—I am stamped on. I am shoved into a corner. I nearly always get into a tight box, but I always get out. I may look like two cents, but what of it? I am stuck on my work, and I stay with it to the end. I'm the greatest piece of printing that the business world knows; when a business gets to using me, you can bet that business grows—I'm just a little piece of paper with the seal of Uncle Sam, but the business world without me isn't worth a tinker's damn.

COLUMBIA HEIGHTS

Jack Meier, 16-year old son of Mr. and Mrs. Julius Meier, is having the time of his life, being in company with Jack Holt, the noted screen actor, who was recently a guest at the Meier home here and who is now engaged in making the picture "The Ancient Highway," written by James Oliver Curwood. On his visit here Holt took a liking to the young son of his host and arranged for him to accompany him on his northern trip and take the part of the "boy vagabond" in the picture. In addition to this Jack Meier is to receive \$25 a day while working and while on the trip is driving his father's new Packard car.

The Misses Ruth and Evangeline Gillespe, niece of G. N. McKay, left for their home recently after a very pleasant trip with the McKay family at Springdale. Both are teachers of high standing and by their gracious personality won many friends while on their western trip.

Lasley of Hurlburt, who recently arrived home after spending three years at Oxford College, England, left for Berkeley, Calif., on Wednesday of last week. THE COST OF THE FUNERAL

First and last in bringing the full advantages of City Funeral Service to Gresham and nearby points we took into consideration the problem of charges. For just how much could we offer so much.

We studied the situation carefully. We took many things into the planning; our resources and equipment; the distance and time involved; our location near so many of the cemeteries; no long detours through traffic. All these things we figured out in a businesslike way.

Thus we are enabled to offer Distinctive Funeral Service to Gresham and Eastern Multnomah county places at charges surprisingly low. Our charges are no higher than at Portland and in many instances are apt to be found much lower. Quality for quality, we feel we can save you money.

IS A PEACOCK ashamed of HIS LEGS?

If not, why, when he looks at his legs, does he always lower his tail? Medieval nature-fakers puzzled over this and other entertaining superstitions. Today we know better, and we are fast getting away from other popular superstitions, as, for instance, that there is something mysteriously "better" about "eastern" motor oils merely because they cost more and are made in the east.

Superstitions Pass—the Facts Prove Zerolene's Superiority

As a matter of fact, there is no better motor oil than Zerolene, which is produced right here on the Pacific Coast from selected western naphthenic base crude, refined by this Company's patented high-vacuum process, and submitted to 15 positive checks for quality.

Experienced Automobile Men Disregard Oil Superstition

Experienced automobile men pay no tribute to superstition—they gauge a lubricant not by price or where it comes from—but by car performance and low maintenance costs. Zerolene is not only successfully lubricating more cars in the Pacific Coast states than any other oil made;—it is used and recommended by automobile agencies and big users of such celebrated makes as Cadillac, Chrysler, Dodge, Lincoln, Packard, Pierce-Arrow, who know that true motor oil economy is not a matter of price per quart, but what the lubricant does.

Less Carbon—More Power

Zerolene will improve the gasoline mileage, reduce carbon removal operations and lengthen the life of your car. Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on Zerolene—even if it does cost less
