10 Cents a Day

Good Fortune laughs at the man who plans to save large sums "at some future time," but she brings success to those who save even so small a sum as "10 cents a day."

Save the price of a shoe-shine, a cigar or a soft drink.

Deposit 10 cents a day at the First State Bank and in 50 years at 4 per cent interest, you will have \$5,756.48. Of this sum \$1,825 is the dimes you have saved and \$3,931.48 is the interest.

Few save 10 cents a day but we all spend that much foolishly every day.

Persistence enjoys a rich reward.
