Largest Dental Practice in the World

Registered Dentists using the E. R. Parker System have the largest dental practice in the world. There are thirty-one complete offices, which are fully equipped with appliances and supplies for doing fine work at moderate prices and with no fear of pain.

Out-of-town patients are given especial attention, so that fewer visits are required to have dental work fully completed. This is very important to people who want to return home as soon as possible.

Nothing but fine work is done, but the prices are moderate, nevertheless, for the E. R. Parker System saves a lot of money buying supplies for thirty-one offices and in many other ways, and this saving is shared with patients.

Examinations and advice are free.

MUCH DRIVING HURTS EYES.

After a long drive always wash your eyes with simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. This removes dust and germs and counteracts effects of wind and sun. Stops dryness and burning.—Gresham Drug Company.—Adv.

An invention from New Zealand sends high explosives through the air in torpedoes guided by wireless. These air torpedoes operate as do water-borne torpedoes used to destroy battleships at sea. And the New Zealand air torpedo can be launched against an enemy, flying ship, battleship or city one hundred miles away and wreck the object against which it is steered by wireless.
