COLUMBIA HEIGHTS

Corbett was the center of a great deal of attention all day Sunday, when members of Multnomah Camp Woodmen of the World came out from Portland in droves at an early hour for the purpose of building a bungalow for the Bundy children and their aunt, Mrs. Edmundson. The children are without father or mother and Mrs. Edmundson is a widow. And so it was that big-hearted men came out to make the orphans and widow happy. In the morning when the sun came out in its full glory to shine on busy hands, the home of the children and their aunt was a tent, but as if by magic, by night, behold, there was a spacious and beautiful bungalow, with a fireplace, wired for electricity, and painted on the outside. Artists from the Oregon Journal and the Oregonian were there with motion picture machines to take pictures of the interesting event.

Mr. Hansen, one of the pioneers, passed away at Good Samaritan hospital Sunday and was buried in the Evans cemetery, with funeral services at the Corbett church. Mr. Hansen was born in Denmark 74 years ago and came to America in his young days. He had been for many years at the Egypt settlement, where he owned a farm. His wife died two years ago, and the only close relative of the family is Mrs. Clara Faught. Mr. Hansen attended the recent meeting of the pioneers at the Columbia grange hall and seemed to be in fairly good health at that time.

Harold Burkholder has purchased the old Dan Rose place on the summit from Mrs. J. Luscher of Bridal Veil, who bought the place a few years ago. Mr. Burkholder will move to his new home as soon as he can dispose of some of his stock on the Taylor place, which he has been farming: for the last three years.

W. Crowston of Pasadena, California, has been the guest at the home of his sister, W. Hicks for several days. He has gone to Corvallis where his son, who attended high school in California will take up the study of forestry. His youngest daughter, Grace, has just entered the University of Washington in Seattle for the finishing year. She will be an instructor in physical culture.

William Morgan, accompanied by his mother, went to Corvallis Sunday, where he will be a student in forestry.

The entertainment in the Columbian high school next Friday evening will be a reception to the teachers, who will be the guests of the Parent-Teacher association.

Miss Bella Reed will be a student once more of Miss Imogene Seton, who has just returned from the east where she has studied with the foremost stage and ballet instructors.

Mr. and Mrs. W. Harding invited their friends and neighbors to their beautiful new home on Saturday evening to inspect it and join in a housewarming, and they came to the number of about 75. Much admiration was expressed for the home, which was designed as a dormitory for the teachers of the schools. It is up-to-date in every respect.

Mr. and Mrs. Morgan of Chanticleer Inn and Mrs. P. Anderson of Columbia View farm, members of Troutdale Chapter Order of Eastern Star, were among those who attended the celebration given recently by the Gresham Chapter in honor of Mrs. U. G. Smith, grand Electa of the Oregon Chapter.

GILLIS

Mr. and Mrs. C. L. Lake were pleasantly surprised last Wednesday when several autos arrived at their beautiful country home from Portland. Twenty-three ladies from the Christian Help Band of the Lents S. D. A. church were in the party. Well filled lunch baskets were brought along. Mrs. Lake who is noted for her good cooking, added the bountiful things which can only be found on a farm. Everyone did ample justice to the lunch and the afternoon was pleasantly spent under the spreading walnut trees, and it was unanimously voted to make it a semi-annual event.

POWELL VALLEY

Sunday school will convene at 9:50 at the Swedish Mission church Sunday morning, followed by the preaching service at 11 o'clock by the pastor, the Rev. O. J. Wilner. The theme of the sermon will be "The New Man." In the evening at 8 o'clock he will speak from the words, "Life a Constant vision of God's Presence." The young people's meeting will be held at 7 p. m. and there will be special singing at both morning and evening service.

Vernon Gene, the six-year-old son of Mr. and Mrs. Ernest Lundbom who fell a distance of three feet about two weeks ago fracturing an arm, is doing well and is in school. It will be three weeks yet before the arm can be taken from the splints.

An auction sale will be held at the Lutheran church in Powell Valley Saturday evening for the benefit of

Firestone

**Double the Mileage
at Half the Cost**

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra

miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.
