Mrs. R. Kaiser, residing two miles south of Sandy, suffered a dislocated shoulder when the machine in which she and her husband were driving to Portland was hit head-on by another auto Thursday morning. The machine which struck them was driven by F. Kirby, of Portland, a half mile west of Sandy. Both cars were badly damaged. Mr. Kirby, in attempting to pass a large truck, drove out from behind it directly in the path of the oncoming car belonging to the Kaisers. Mrs. Kaiser is reported to be doing as well as can be expected at the Portland sanitarium.

**Discovery Day**  
Oct. 12 1492

On October 12, 1492, the call "Land Ho!" sounded through the ship of Columbus. A new continent had been discovered. The courage, determination and persistence of Columbus had been rewarded. Though beset with doubts and fears and an almost mutinous crew he steadfastly said, "Sail on."

In spite of discouragements let us too, "sail on," until we finally conquer.

If "up against it"—buckle the belt a little tighter. Have the soul of Columbus. Fight on—and discover a continent.

"It is for the average citizen to decide what kind of nation this is to be."—Carver.
