The five-year-old daughter of W. E. Earns, who cut her thumb badly three weeks ago, is getting along well and the thumb is healing favorably it is said. The accident occurred while the little girl was cutting a pumpkin. The knife cut through the bone, very close to the joint, leaving the part of the thumb hanging by a very small piece of skin. Dr. A. W. Botkin placed the child under an anaesthetic and sewed on the member, fearing, however, that the operation would not be successful. It now appears that the wound is healing satisfactorily and in addition that the joint will not be stiff.

ARMISTICE DAY

In memory of the brave lads who lost their lives in "Flanders Fields," or "Somewhere in France," in the Great World War,—a grateful nation dedicates Nov. 11

It is the anniversary of the Armistice declared in 1918 which brought to an end that dreadful conflict.

While we honor the boys who fell we also pay tribute this day to those who were spared and came safely home again.
