COLUMBIA HEIGHTS

The first meeting of the Columbian High School Alumni association was held in connection with a banquet Saturday night, December 26, in the high school building. Representatives from every class were present. Clifford Reed acted as toastmaster.

The three-course banquet was followed by a business meeting, at which Clifford Reed of the class of 1920 was elected president, and Agatha Harding of the class of 1924, secretary-treasurer.

The association was organized last September, when several of the alumni met at Mrs. M. E. Henderson's Crown Point Chalet. At this party many of the old graduates came together who had not met for a number of years.

Honor guests at the first alumni banquet were Principal and Mrs. G. N. McKay, and Joseph Finley, instructor in music, and Mrs. Finley, and Miss Ruby McKay, a former teacher, who had many friends in the school and community.

Girls of the senior class assisted at the banquet in the dining room, and the menu was arranged and prepared by members and a few ladies of the community.

Each member of the Alumni association gave a little talk, which was much enjoyed. Arrangements for the affair were made by Clifford Reed, Agatha Harding, Betty Hagen, Anna Etling, Ray Lasley and Dolores Morgan. At the conclusion of this interesting meeting it was voted to hold a meeting each year. Before the meeting was over the lights went out, but the young folks got their autos with the lights turned toward the building long enough to finish the business, then by invitation they went to the spacious home of Mrs. Susan Harding and danced for some time. All declared that they had a happy and interesting time.

Miss Bella Reed celebrated her 16th birthday with an informal dancing party and luncheon at her beautiful home at lower Corbett. The house was beautifully decorated for the affair and a delicious repast was served by her mother, Mrs. Floyd Reed and her aunt, Miss Bella Blackhall. Mrs. Blackhall, grandmother of the young hostess, was honor guest at the party.

Mrs. Malcolm Woodlee of Corbett was called by telegram to Chicago to the

bedside of her mother, who is seriously ill.

Mrs. Marie Morgan has as her guest her mother, Mrs. M. E. Nisbert of Eugene.

The Misses Muriel, Eileen and Marjorie Williams, and H. Williams spent a delightful Christmas at Columbia View farm. The young ladies are granddaughters of Mr. and Mrs. P. Andersen.

Miss Anna Hansen spent Christmas at Ehrmanor with her parents.

Mrs. Jasper Crane is spending the winter in Portland with Mrs. J. Holmes Lawrence.

A wedding of much interest in this vicinity was that of Miss Joy Crockett, teacher in the high school, and George Perry, superintendent of Menchucha, the summer home of Mr. and Mrs. Julius Meier. During the holidays the young couple slipped away and motored to Spokane, where the bride's father, the Rev. Mr. Crockett, tied the knot. The young people have the best wishes for a happy wedded life from a large circle of friends. Mr. and Mrs. Perry have arrived from their wedding trip and are domiciled at Menchucha.

Miss Agatha Harding gave a dinner to a few friends on New Year's evening and afterwards the young folks enjoyed dancing at the grange hall.

Mr. and Mrs. A. R. Morgan enjoyed a trip to Eugene Saturday, taking back to school their son, William, who is a student at the University of Oregon, and who spent the Christmas season at home.

Mrs. Helen Deaver Nelson of Goldendale, Washington, spent the holiday season at home with her parents, Mr. and Mrs. J. Deaver, Sr.

Chiropractic and Results

QUESTION—"What material evidence have you to offer that you can get desired results in all kinds of diseased conditions?"

ANSWER—The success of any health system rests in the results that system accomplishes. The Science of Chiropractic, a drugless system, has only its results in restoring the sick to health to account for its phenomenal growth. Today it is a tried and proven Science, established with more than 20,000 practitioners, and secure in its future with millions of followers,—patients suffering with every conceivable kind of disease. RESULTS count. Results represent the very best of material evidence of the worth of anything. Chiropractic is founded upon the idea that health is a matter of the proper adjustment of the human spine; that disease is the result of nerve impingement cutting off the free transmission of functional energy supplied by the brain to the organs involved. Chiropractic is known by its RESULTS. The competent Chiropractor is known by his patients. All of which is "material evidence."
