**The Measure of Success.**  
Success, after all, must be measured by growth, rather than by gain. Yet we are very apt to measure our success by the scale of dollars and cents. Now, this would be all right if life and its work consisted merely of gaining a living or of amassing a fortune; but just as surely as this is made the main object of any man's life, his real usefulness in the world grows smaller and his chances for success grow less. If, on the other hand, he realizes that he is placed on earth with certain useful talents, and that his work is to develop those talents to the highest point of efficiency, for the benefit of the world—the dollars and cents will take care of themselves, and his rightful and sufficient share will come to him. Make "growth" not "gain" your watchword if you would succeed.—Forward.

**The Accommodating Conductor.**  
A woman got on a trolley-car and finding that she had no change, handed the conductor a \$10 bill. "I'm sorry," she said, "but I haven't a nickel."  
"Don't worry, lady," said the conductor, "you'll have just 199 of 'em in a minute."  
—Medley.

**GRESHAM LOCALS**

Continued from page 1  
Mrs. W. T. Klotzbach entertained 14 members of her Sunday school class at the parsonage New Year's evening. A most enjoyable evening was spent by the young folks in games and music, after which refreshments were served by the hostess. As a token of esteem for their teacher the members of the class presented Mrs. Klotzbach with a handsome jardiniere and a set of drinking glasses.

Mr. and Mrs. Hans Larsen entertained at New Year's dinner Mr. and Mrs. Percy Larsen and small daughter and Mr. and Mrs. Walter Becker, of Portland, Mr. and Mrs. J. F. Wilmarth, of Pleasant Home, and Mr. and Mrs. John Houser and son, and Mr. and Mrs. Winifred Hill, of Longview.

J. H. Metzger has resumed his former work of collecting the rental for the Gresham water bureau and will be found at his old stand in the Cecil Metzger grocery for that purpose. He had thought of discontinuing this work as the commission for collecting had been materially reduced.

Mrs. Frank Kinyon left yesterday for Good Samaritan hospital where she will undergo an operation for the removal of a goiter in a few days. She has suffered much inconvenience from the goiter for several months past and recently decided on the operation.

Mr. and Mrs. Ivan Swift, Mr. and Mrs. Sam Smith and Mr. and Mrs. J. L. Stafford attended a party at the residence of Mr. and Mrs. Albert Ekstrom in Portland Saturday evening.

J. J. Robertson has been confined to his home for nearly two weeks with a very weakening spell of the grip or some such ailment. A peculiar form of muscular rheumatism extended from his neck the entire length of one arm, causing intense suffering. He is now resting easier and his friends hope to see him around again in a few days.

Two of the Gresham grade school teachers spent the holiday vacation in other states, Mrs. Buena Stone, with her husband, going to California where they visited her parents and Miss Ida Nordine spent the vacation in Ellensburg, Washington, where her parents reside.

Mr. and Mrs. Oscar Johnson entertained their uncle and aunt, Mr. and Mrs. C. Christensen, of Portland, New Year's day.

Mrs. Benj. Cameron has gone to Grove City, Minnesota, where she was called by the serious illness of her mother who is 94 years old. Mr. Cameron has moved to Portland, where he will live at 210 Imperial avenue during Mrs. Cameron's absence.

**The Better BUICK**

Starts easily

Buick motor cars are designed to run efficiently in every temperature, and under every climatic condition. Only a small percentage of the million and more Buicks have the opportunity to go to California or Florida for the winter.

Buicks start quickly, even at zero. The new, high-speed starting motor accomplishes this most desirable result.

Runs smoothly

Buick Automatic Heat Control reduces another cold-weather starting annoyance—that of bucking, spitting, misfiring engines. This exclusive Buick feature heats the fuel supply, and saves gasoline, economically and immediately.

Stops safely

In rain, snow or sleet Buick mechanical 4-wheel brakes stop the car firmly, in a straight line. Neither heat nor cold affects the direct mechanical action of these brakes. There is no liquid in them to expand, contract or leak away.

Buick is a better Motor Car—In Every Kind of Weather

Alfred Hammar was struck by a light delivery truck Saturday in Portland, thrown to the pavement and considerably bruised. He had stepped out of the way of a car when he was hit by a second machine. The fender hit him on the leg and he is obliged to walk with a limp, feeling exceedingly grateful that the injuries are no more severe than they are. He consulted a doctor but was informed that no bones were fractured.

While at Kelso, Washington, Christmas day Frank Kinyon was hit in his coupe by a Kelso man and \$55 damage inflicted on the car, besides cutting and bruising him considerably. Kinyon's machine was thrown clear across the street. Luckily Mrs. Kinyon was at the home of her brother at that time and did not happen to be in the machine with her husband. The other man said his brakes failed to work.

Thomas Wiles suffered a painful injury on Saturday while operating a wood lift in his home, when the ratchet slipped and the crank struck him on the arm with such force as to knock him down. An X-ray disclosed the fact that one of the bones was broken. The accident happened on Mr. Wiles' 78th birthday anniversary, which event was celebrated by the arrival of a number of friends during the evening to congratulate him.

James Wilson has a new Essex coach furnished by the paint company for which he was working when he was taken sick more than a year ago, and for which he has commenced work again, traveling throughout Oregon and Washington. Mr. Wilson's illness left him with a stiff knee and the car controls were so reconstructed that he is able to drive safely. The car was purchased through the M. C. Webster Motor company.

Mr. and Mrs. S. S. Thompson entertained a number of guests during the holiday season, among them being C. D. Hartley and S. S. Thompson, Jr., a nephew, and his daughter, all of Elgin, Oregon. Others were Mrs. Trissa Cone of Cottage Grove, her son-in-law and daughter, Mr. and Mrs. William Yost and children of Portland, and Mrs. Stella Hickox of Centerville, Washington.

James W. Studebaker of Castle Rock, Washington, is the guest this week at the E. H. Kelly home. Mr. Studebaker is the father of Mrs. Kelly.

Mr. and Mrs. Chase E. St. Clair made a trip to the sound country the New Year's day week-end, visiting with friends and seeing the sights. They were in Bremerton, Seattle and Port Orchard.

A gay party of 15 enjoyed a dinner and evening of games and music at the residence of B. L. Walrad New Year's day, the affair being in the nature of a Yuletide homecoming for the Walrad mercantile organization. Those present were Mr. and Mrs. A. M. McManus, Mr. and Mrs. E. Gilberson, Mr. and Mrs. W. O. Stanley, Mrs. R. E. Meyers, the Misses Myrtle Rasher, La Verne Caffee and Gertrude Alexander, George Pullen, Mr. and Mrs. B. L. Walrad, Leslie and Burton.

J. F. Whetstone suffered quite a loss on Saturday night or Sunday morning, when his car, which was in the garage near the house, was stripped of battery, spot light, the complete set of tools and several good tires.

J. W. Maloy left last week for Washington, D.C., where he was called on a matter of business. On his way he will visit relatives and friends in Scenic and Hot Springs, South Dakota.

Mr. and Mrs. Etsel Jones drove down from Bremerton to visit for a few days with Frank C. Jones and Mr. and Mrs. Floyd Mack.

Mr. and Mrs. A. E. Malo were both Christmas and New Year guests of two sisters of Mrs. Malo residing in Portland, Mrs. William Drennan and Mrs. John C. Ellis. The second visit was made to visit with a nephew who was home from San Diego on a furlough from the navy.
