Why Have a Bank Account?

BECAUSE--

Your money is safe.

It enables you to pay bills with checks.

Cancelled checks are receipts for bills paid.

It enables you to keep better records and be more business-like.

If robbed—the bulk of your money is safe.

It entitles you to expert financial advice.

It increases your credit, financial standing and self-respect.

Specie is cumbersome, currency will burn; both tempt thieves.

Checks do nine-tenths of all business.

Business would be wrecked, labor unemployed, and untold suffering result if people did not have bank accounts.

Help yourself, your town and your country by keeping an account at the
