COLUMBIA HEIGHTS

The Columbia high basketball team was again victorious Saturday night when it defeated the Hill Military academy team in Portland, the score standing 12 to 14.

Jay Ports, son of Mr. and Mrs. Ports, of Portland, formerly of Springdale, took suddenly ill last Saturday while attending a Portland theater and was ordered to the hospital immediately where he was operated on for intestinal trouble. His condition is said to be serious, but his many friends hope for a speedy recovery.

Mr. and Mrs. G. R. McKay and Mr. and Mrs. G. Perry were dinner guests at the home of Mr. and Mrs. Floyd Reece, of Corbett, one evening last week.

N. E. Morgan and family were week-end guests at Chanticleer Inn last week.

The Parent-Teacher association of Corbett is planning to give an old fashioned dance at the grange hall in the near future for the purpose of raising funds for the hot lunch movement at the Corbett grade school.

Lewis Benfield was elected master of Columbia grange at the last regular meeting to take the place of Mrs. F. Henkle, of Springdale, who resigned. The grange had elected Mrs. Henkle to serve as master for the ensuing year, but owing to ill health, she did not wish to take the responsibility of that office.

The pupils of the Corbett grade school are very busy rehearsing a cantata to be given in the near future under the direction of Joseph A. Finley and the teacher.

Mrs. P. Anderson, of Corbett, and Mrs. J. R. Cavanagh who lives on the Base Line, were callers Sunday afternoon at the home of Mr. and Mrs. John Jonas, of Fairview.

Orient School to Get Hot Lunches.

Preparations are being made by the Parent-Teacher circle of the Orient school to serve hot lunches to the pupils, and various methods are being used for the raising of the funds. At the meeting of the circle last Friday evening a rummage sale and sale of refreshments to adults present brought in over \$8. A similar meeting two weeks before yielded nearly as much. Dishes for soup and drinks and an electric plate were furnished by Mrs. Beehler. It is hoped soon to be able to purchase a range, when the serving of the hot lunches will begin. An interesting program was given last Friday evening, when pupils of the first grade gave folk dances and pupils of the upper grades sang. There were several interesting instrumental numbers.

The Camp Fire Girls of the school will give a public program next Friday evening, February 19.

Word has been received from Mrs. Jessie McComb, state home demonstration leader, that it will be necessary for her to postpone the meeting which was scheduled for Powell Valley schoolhouse next Wednesday afternoon until some future date, as she has had the misfortune to fracture her ankle, breaking the bone in three places. Mrs. McComb is connected with the extension service of Oregon Agricultural college and has many friends in this vicinity who regret to learn of her misfortune.

HAINES CITY UNITY

HAINES City is emphatically a "pull-together" town. It has the two unities which spell civic progress. They are Unity of Conception, and Unity of Action.

The people here have got the Right Idea. They see a bright present and a wonderful future. There can be no mistake about the present. Things are going ahead, steadily, confidently, resistlessly. The city has momentum. Nothing can stop its advance. In fact the future is as certain as if it were here now, for the leaders of the city are men with imagination. That is how the invisible becomes visible, and how Haines City is taking shape according to the pattern.

The second unity is the Unity of Action. All sections of the people work together. There is no dis-unity—no clique at war with another clique—no interest seeking a selfish domination. Everybody is for the city, well knowing that as the city prospers they cannot but prosper with it. So they pull together—the City Officials, the Banks, the Mortgage Companies, the Lawyers, the Storekeepers, the Realtors—all bent on making Haines City what it ought to be, and what it will become.
