Marauders Enter Zweibel Plant.

Two local boys, Arlie Hornish and Albert Richey, this morning confessed to Justice of the Peace John Brown, that they were the ones who entered the main building of the Zweibel Manufacturing plant Sunday and made way with a number of electric light connections, after going over everything on the premises. Entrance to the place was gained by breaking three panes of glass at the rear of the machine shop. Things seem to have been given a general overhauling in the search for something of value. The boys left by way of the back door, leaving it open. They also tore two boards off the blacksmith shop door and boards off from the windows, but further than that, nothing seemed to be molested. The lads have been placed in the custody of Mr. Brown for the present to await his further decision in regard to the case.

High School Notes.

The first girls' basket ball game of the season will be held this evening at the high school gym when the Gresham girls will play Parkrose. The game will be called at 7:30 sharp.

Miss Reta M. Lunn, recently from Cascade Locks, enrolled Tuesday at the high school as a member of the junior class. Her parents have moved to Troutdale. Miss Lunn was a member of the Cascade Locks basket ball team and it is thought she will prove an inspiration to the girls here.

The members of the senior class have presented a trophy case to the school. This is a handsome acquisition of walnut with plate glass shelves and is designed to take care of the various trophies presented to the school from time to time such as cups and banners from the football, basket ball and baseball fields of battle which have been won by Gresham Union high school in competition with other schools.

R. E. Cannon is back again at his post of duty from his recent sick spell part of which was spent in a Portland hospital. He is now in fine trim with apparent renewed vigor. Mr. Cannon acted as one of the judges in the Parkrose-West Linn debate which was held at the former place Thursday evening. The debate, which ended in a victory for Parkrose, was on the question, "Resolved that the plan of a divided session of the state legislature be adopted in Oregon." Both teams were well coached and displayed considerable ability in the presentation of the argument.

J. Franklin Babb, lecturer, interpreter, and humorist, will appear at the high school Tuesday evening, February 16. This is a high class entertainment and the high school desires the support of everyone. Those sponsoring the lyceum course this year have cheerfully suffered loss to have the public hear such wonderful speakers as Mr. Whitney, Mr. Paddock and Mr. Babb. These men are nationally known. The orchestra will begin playing at 8 o'clock, the lecture to begin at 8:20.

The teachers of the high school will attend a meeting at the high school teachers of the county to be held at the courthouse Saturday at 10:30.

Miss Isa Wasson, who is ill in Good Samaritan hospital, is not being forgotten by her classes, the members of which will continue to see she is supplied with flowers and the student body has taken it upon itself to keep her in fruit. Miss Wasson is able to talk, laugh and enjoy a joke, which is something under the circumstances.

Owing to conflict of opinions from the governor's office and the decision of the attorney general it was questionable whether today would be a legal holiday or not. A good program was in progress at the high school until the doubt arose as to the holiday, so the program was given only in part. Miss Cochran, of the Y. W. C. A. will meet with the girls of the high school next Wednesday to complete the organization of a Tri-Y club. Some 50 girls have expressed their desire to become members of the Tri-Y.

WE have purchased the business of the Jones Lumber Co. in Gresham and will carry a complete line of building materials at all times, and are now ready to give you quality goods, plus service and building advice of long experience.

Come in and get acquainted.

Respectfully yours,
