GRESHAM, MULTNOMAH COUNTY, OREGON, FRIDAY, APRIL 23, 1926

\$1.50 Per Year

FAIR PAVILION TO BE OF HOLLOW TILE

A well attended meeting of the fair board was held at the city hall last night at which it was decided the new main exhibits building would be of hollow tile construction.

It had already been announced that at a recent meeting the bid of the D. T. Eaton Construction company was accepted, it being the lowest reliable bid out of a total of 36. The original bid for concrete construction was \$12,275, with \$200 more for tile. This differential was cut to \$100 by agreement of F. C. Hofacker, the mason contractor, and Fronc Olbrich, of the Columbia Brick works. The plumbing contract was let to J. F. Shea of Portland for \$2438. The total contract cost of the building, including architect's fee, will be \$15,550. W. W. Lucius is the architect.

To meet this there are available county funds to the amount of \$16,500. This will leave \$950 for interior partitions.

The building will be 70 x 140 feet with an annex for men's and women's rest rooms, 22 x 52 feet. It will have a tar and gravel roof and be absolutely fire proof. The tile for the construction will come from the Columbia Brick works at Hogan and the lumber required from Eastman Lumber company, Gresham.

The tile construction will give an eight-inch wall instead of six-inch with concrete. The hollow tile, allowing air space in the walls, it is considered has many advantages over a solid concrete wall.

Work will start at once and the building is to be completed on or before the 20th day of June.

The new building will be located a short distance west and south of the main entrance and is the first unit of a carefully worked out plan of construction and arrangement of building and grounds.

Baptist Church Services.

At the annual business meeting of the Baptist church last Friday evening the officers of the church were elected to serve for another year. Most of those holding office during the past year were re-elected to serve for the ensuing year with the exception that Kenneth D. Fendall was elected as superintendent of the Bible school and Walter Markwart as assistant superintendent. Mr. Fendall was also elected as chorister. Next Sunday morning there will be a short installation service preceding the sermon during the morning hour of worship and every officer of the church is earnestly requested to be present. The Bible school will begin at 10 a. m. The church service at 11 o'clock. The topic of the sermon by the pastor will be "Service." The intermediate society will meet at 5:30 p. m. and the senior B. Y. P. U. at 6:30. The evening church service will commence at 7:30. The topic of the address will be "Is One Church Enough in Gresham?"

Gresham Beauty Shoppe everything in the line of cosmetic therapy. Courteous and efficient treatment. Mrs. Lois St. Clair, First State Bank building, phone 1841, Gresham.—Adv.

\$50 to \$200 will buy a good used car at the Hessel Implement Co.—Adv.

PROCTOR OF SANDY FOR COMMISSIONER

W. A. Proctor.

It is doubtful if there is a man in Clackamas county who is better or more favorably known than W. A. Proctor of Sandy. He served as county commissioner of Clackamas county for two consecutive four-year terms, ending January 1, 1925. He now seeks the nomination on the republican ticket for this office for which he is so well qualified by experience and wide acquaintance.

Mr. Proctor is at present mayor of Sandy, his home town, and is active in business, financial and development affairs. His record has been above reproach.

The Outlook commends to the voters of Clackamas county the favorable consideration of W. A. Proctor as county commissioner.

Former Gresham Man Injured.

Word was received by Mr. and Mrs. C. H. Calkins Thursday that their oldest son, Harry, who resides at Shelton, Washington, had a narrow escape from death a few days previous. He was engaged in chopping the root out of a tree and was standing under a clothesline. As the double-bitted axe came up, it caught on the line and struck the back of his head, inflicting a wound that necessitated an immediate operation, three pieces of bone being removed from the skull. The surgeon who attended him stated that a quarter pound more pressure on the axe handle would have resulted in certain death to the man. Mr. Calkins, who is an employee of the electric light power plant at Shelton, is well known in Gresham.

Methodist Episcopal Church.

The usual services of the day will be held at the Methodist Episcopal church next Sunday, beginning with Bible school at 10 o'clock. This will be followed by morning worship and sermon at 11. The pastor, Dr. C. W. Huett, will take for the subject of his morning sermon "True Cause for Rejoicing."

The Epworth League will meet at 6:15, with Miss Erma Gates as leader. The topic will be "Christ in the World's Drama."

Dr. Huett will speak at the evening service on the topic "The Cause of Failure," discussing the causes and the laws which govern failure. The service will be preceded by a gospel song service led by H. W. Strong.

M. Norby Breaks Arm in Fall.

M. Norby, residing west of Gresham, is in Good Samaritan hospital as the result of a fall of 20 feet or more from the roof of a building which he was painting at Ventura park Wednesday, when he sustained a badly fractured elbow of the left arm. While the break is a stubborn one, it is not considered serious by the attending physician. It is feared that Mr. Norby sustained internal injuries.

GROUND BREAKING ON FAIR GROUNDS FOR NEW EXHIBITS BUILDING MAY 1

Announcement was made at last night's meeting of the fair board by President T. J. Krueder that elaborate plans were being made for the ceremony of ground breaking for the new main exhibits building on the fair grounds which will occur on Saturday, May 1, at 2 p. m.

Invitations are being sent to various state and county officials and distinguished citizens in this part of the state. This includes Governor Pierce, Mayor Baker and the city commissioners, the county commissioners, mayors of Fairview, Troutdale, Sandy and Oregon City and others.

It is planned to have the grade and high schools of the county represented and the boys' and girls' clubs, also other organizations of the county.

There will be music of quartet, of band, or both, and probably the Union high orchestra or band.

The city is to be decorated for the occasion and it will be a gala event in which all will be interested.

TROUTDALE O. E. S. CELEBRATES BIRTHDAY

Troutdale chapter O. E. S. celebrated its 23d birthday last Saturday evening. Many charter members were present and old times were discussed. The past matrons exemplified the initiatory work. A huge birthday cake with 23 candles adorned the table reserved for charter members. The social club of the chapter is planning a dance in the near future.

Many Troutdale people attended the funeral in Metzger's chapel, Sunday of N. S. Long. The Rev. E. R. D. Hollensted conducted the services, Mrs. J. A. Larsson and Mrs. L. A. Harlow sang. The pallbearers were H. E. Bloyd, J. A. Larsson, H. C. McGinnis, H. E. McGinnis, E. Barnes and L. V. Calkins.

Mrs. L. A. Harlow went to Salem Tuesday to attend the meeting of the Half-Hour Study club which met at the home of Mrs. W. G. Shipley, sister of Mrs. Harlow, an out-of-town member of the club. Twenty members of the club made the trip from Portland.

Gigray's orchestra of Portland, gave another successful dance at the city hall last Saturday evening. Another will be given Saturday evening, May 1. Mrs. S. Holm spent Sunday in Portland where she visited with her son Victor and also with friends.

Irwin Keltner, who is working for A. J. Kruger, visited with his mother in Portland Sunday.

Mr. and Mrs. James Dellinger of Kent, Oregon, visited for a few days this week with Mr. and Mrs. George Parish. The ladies are sisters.

Mr. and Mrs. James Burns and daughters, Margaret and Gladys of Newberg visited at the home of Mr. Burns' mother, Mrs. Margaret Burns Sunday. Other guests were Mr. and Mrs. Robert Kerslake and their son and daughter Robert and Margaret, and Miss Anna Fleming, James Fleming, Creighton and Ian Burns.

Mrs. Eunice Robinson and her sister, Mrs. Mary Parsons, spent last Friday at the home of Dr. and Mrs. James Robinson in Portland.

Miss Alice Spence of Portland visited her parents, Mr. and Mrs. W. C. Spence on Thursday.

The regular meeting of the Troutdale Flower club was held last Thursday. There was a good attendance of members and a great deal of interest was manifested. The floral display in the windows of the different business houses of the town will soon begin. The club has accepted the invitation of Mrs. W. F. Honey of Gresham, to meet with her Wednesday, May 19, and all are looking forward with pleasure to this meeting.

Mrs. Geo. Parish has been on the sick list the last few days.

The Troutdale Parent-Teacher association will sponsor another dance Saturday evening, April 24. It will be an old time dance and will be the last given this season. The money raised goes to help the club work among the school children.

Mrs. H. E. Peary of Huntington Beach, California, visited with Mrs. L. A. Harlow on Thursday of last week. Mrs. Peary will be remembered by some of the older residents of Troutdale as Miss Geno Burns.

The Multnomah County Council of Parent-Teacher associations will meet in Troutdale for the next regular meeting on May 15.

Mr. and Mrs. Joe Swain of Portland

REED FOR CIRCUIT JUDGE, DEPT. NO. 4

Sanderson Reed.

Unusual interest is being manifested in the campaign for circuit court judge in Multnomah county, department No. 4. This is the department at present presided over by Judge John H. Stevenson who will be a candidate to succeed himself should he gain the democratic nomination which appears to be without opposition.

Sanderson Reed, one of the republican candidates for nomination, in his presentation to the voters at the primaries points to an active practice in Portland of more than 30 years duration, during which time he has had training in virtually every branch of the law as his practice was general, specializing in no particular branch of legal procedure.

A strong endorsement of the candidacy of Mr. Reed has been made without reservation by more than a hundred attorneys of Portland, including some of the most noted lawyers in the community. This voluntary endorsement by such a large number of men in the legal profession is almost without precedent in a primary campaign and indicates a high degree of confidence in the ability of Mr. Reed.

Mr. Reed is a past president of the Oregon State Bar association and is one of the organizers and staunch supporters of the Multnomah county law library. He was secretary of the charter Board of 1903 and a member of the legislature from Portland in that year. He is married and has two children.

He was on the board of directors and active in the early affairs of the Multnomah Amateur Athletic club and was responsible for the fund raising which resuscitated the Portland Rowing club in its early history when the entire boathouse and all of the boats were carried away by flood. During the war he was active in the fund drives, organization of intelligence work and was a member of Company F of Multnomah Guard as well as serving on the draft board.

His affiliations are with Portland Lodge No. 55 A. F. & A. M., the Episcopal church, the St. Andrews society, Columbia Country club, and the Arlington club.

His slogan is, "Fairness and common sense."

DENTAL SURVEY PLANNED FOR COUNTRY SCHOOLS

Arrangements have been made through the cooperation of the Oregon State Board of Dental examiners and the Multnomah County Public Health association to conduct a dental survey of the pupils of the public schools of the county outside the city of Portland. Funds for the purpose have been appropriated by the state board, and the dentists of Gresham, Parkrose and Multnomah will cooperate. It is expected that the work will begin at once. Examinations will start in the larger schools of the county. It is possible that smaller schools will meet in groups to facilitate the work. Dr. Samuel Reichenstein has been chosen by the board to conduct the clinics. He will be assisted by nurses from the county health association.

No actual dental work will be done in connection with the examinations, but in cases where it is needed a slip will be sent to the parents with recommendations to have the children's teeth cared for by the family dentist. It is hoped that this will be done during the summer vacation.

A meeting was held in Portland Wednesday evening by those interested in the survey to make plans for the work. The state dental board was represented by Dr. E. T. Hedlund and Dr. W. D. McMillan, the latter executive secretary of the board, Mrs. Paul Whiteside, executive secretary, and Miss Mary P. Billmeyer, nurse of the Multnomah Public Health association were present, also County Superintendent of Schools Alderson, and dentists from the various communities.

It is expected that the survey will start next Monday, probably at the Parkrose school. It is hoped to include the high as well as the grade schools of the county in the survey.

PHONE COMPANY ADDS EQUIPMENT

Additional improvements have been made recently to the working equipment of the Multnomah & Clackamas County Mutual Telephone company, including an extra switchboard which will be added at once to the three already in position, thereby insuring room for two more operators, one of whom will probably take her place in the near future. This will mean service for several hundred new subscribers, and in the exigency of that number being added to the present list, the company intends to be prepared. The local switchboards are now in a crowded and congested condition, especially during the rush hours of the day, but with the installation of the new board, this will be eliminated and a consequent improved service cannot help but be the result. More than 170 new telephones were recently purchased by the officials of the company to take care of the growing needs of the service. There are now around 1200 Gresham subscribers, and these, added to the 300 of Corbett and Damascus independent lines, will bring the total up to approximately 1500.

An item of the telephone business which is overlooked by those on the outside is the volume of telegraph business handled during the year. During 1925 nearly 2500 telegrams were received and transmitted by the local office. For the month of June alone 327 telegrams were handled and this, of course, outside of the long distance calls, which numbered 15,904.

Considerable construction work was done on the lines last year and while nothing yet of much magnitude has been begun, it is expected to later proceed with an extensive plan of outside work. The lines which were run to Troutdale last year were an important part of the development plans of the company, as were also the heavy cables strung from Gresham to the Twelve-mile corner.

The volume of the business of the telephone company has increased to such an extent that it requires more and more the personal attention of K. A. Miller, the president of the company, and in consideration of this, the affairs of the Bank of Gresham, of which Mr. Miller was formerly cashier, have been turned over gradually to C. E. Johnson, late of Moro, Oregon, who came several months ago to assume the position of cashier. Mr. Johnson has purchased a substantial interest in the bank and, while Mr. Miller still retains the offices of vice president and director in the institution, the former will have control of the active working of the bank's routine and its management.

Mr. Johnson, who was born at Salem, was with the Eastern Oregon Land company at Moro for 15 years, during the last six years of which time he was in charge of all the company's business in Wasco, Sherman, Jefferson and a part of Wheeler counties. The company with which Mr. Johnson was associated had control of the selling and leasing of both farming and grazing lands in those counties, the total holdings amounting to between 250,000 and 300,000 acres. After severing connection with that company, he was in the employ of the Bank of Moro for nearly four years and left that place solely for the purpose of launching out for himself in the financial world. Mr. Johnson and family have come to Gresham to reside and he has expressed himself as desirous of entering into the affairs of the town and ready at all times to devote himself to the best interests and welfare of the community as a whole.

TULIP ACRES.

A beautiful tract near East Glishan street and Portland city boundary. For \$25 cash we will furnish lumber, windows, doors, nails, shingles, etc., to build a bungalow, balance \$20 per month. Large building sites for \$400, \$525 and \$600. J. F. Whetstone, 2037 E. Glishan street or Fifth and Hood avenue, Gresham, Oregon.—Adv.
