Frank Jones has built a carpenter shop on a newly purchased lot at Wemme on the Mt. Hood Loop highway. He says there is lots of building going on in that region, especially on the government reserve.

D. C. Lewis, candidate for state representative, was in Gresham Saturday attending the ground breaking exercises. He is able to get around very well again following his accident.

An accident occurred Thursday evening at the corner of Third and Main street which, while it did not result seriously, could easily have done so when Miss Mabel Smith, a sophomore in Gresham Union high school, missed her footing when she tried to board the Powell Valley bus while it was in motion and fell, escaping with minor bruises. She had alighted from the bus to transact a few errands and seeing the machine start up, supposed it had departed, leaving her behind. She made a run for the car and succeeded in getting a hold, but the machine threw her to one side as it made a turn, where the worst injuries she sustained were a general shaking up and bruises. It proved afterward that the bus had not really made the start for home without her, but had turned in to the Gresham filling station for air. The speed was but moderate, otherwise she might have been seriously injured. William Carlstedt is the driver of the machine.

Mrs. Bert Herald and three children, Raymond, Dorothy and Alfred, drove over from Oak Grove Sunday and spent the day with Mr. and Mrs. J. A. Bushong.

Mr. and Mrs. O. A. Eastman entertained old friends, Mr. and Mrs. John Billings, of Plattville, Wisconsin, Saturday by taking them for a trip up the Columbia River highway as far as Multnomah Falls. Mr. and Mrs. Billings are visiting in Portland for a week or so with friends and are on their way east after spending the winter in California. They have never been west before and have been greatly enjoying the wonderful scenery.

The Rev. and Mrs. B. L. Beegle and three children left Monday morning for Penawawa, Washington, where Mrs. Beegle's parents reside. They had intended leaving last week but Mr. Beegle was taken ill and has been bedfast several days. They expected to stop at Hood River at the home of an uncle Monday evening, resuming their trip to Penawawa later.

The students of Gresham Union high school enjoyed their annual school picnic Friday on the banks of the Sandy river near the automobile clubhouse. They report the usual good time of outdoor frolics, interspersed with a vast amount of good eats.

Dr. Wilbur H. Thompson and wife came from Oakridge, Oregon, Friday and remained until the following day visiting at the homes of relatives. Mrs. A. M. Wilkinson, mother of Mrs. Thompson, and Mrs. McPherson Robinson accompanied them home for a stay of two weeks.

Mr. and Mrs. W. J. Todd and the Misses Miriam Inglis, Dorothy Dickey and Augusta Hahn motored to Corvallis, also some distance beyond that city, on Sunday, returning to Gresham in the evening.

It is hoped there will be a full rally to the Home Missionary program which will fill the day at the Methodist Episcopal church Wednesday. The principal speaker of the day will be Mrs. M. Northrup, of Pasadena, California, national field secretary for the organization. A pot luck luncheon will be served at noon.

That New Car Thrill!

When you take the old car off its beaten path, that's when the motor gets confidential. After a wheeze and a cough and a thump or two, you begin to realize she's sending you an S. O. S.; trying to tell you she needs your help.

Between efforts to coax her up the hills you realize that some of those old-age symptoms of the motor are justified. The speedometer shows you've rolled off many thousands of miles. You realize, too, when you stop for gas and oil that you can't give a party with the change.

Right then's the time to take your neighbor's tip and have your motor re-conditioned. Then's the time to bring your car and troubles to us.

We know the inside of a motor like a motorman knows his route. Let us true-up the cylinder walls, replace the worn piston rings, pistons, pins and bearings with guaranteed parts. The bearings, too, if they need it. We guarantee an expert mechanical job.

For a cost that won't strain the close-figured budget, you'll have a motor as good as new, and we'll give you the price in advance.

She'll be good for many more miles—and just think of that new-car thrill!
