

Loop Highway Opened.

The Mt. Hood Loop highway was opened to summer traffic last Wednesday, weeks ahead of its scheduled time. The snow from the last half mile of the loop by Government camp was removed by a party of persistent shovelers from Portland, headed by J. L. S. Snead, secretary of the Columbia Gorge Motor Coach company. The drifts were three feet in height, but quickly disappeared when the voluntary road crews tackled them. The entire highway around the mountain is now open to travel.

ROCKWOOD

Much praise has been heard on all sides concerning the Chinese operetta, "The Nightingale," which was rendered Saturday evening for the benefit of club work. It is thought that enough was realized from the play to defray the expenses of sending three delegates to the summer school at Corvallis. The play is said to be the best ever produced at Rockwood and much credit is due the teachers, Mrs. Lyle Smith and Mrs. Orville Hamlin for the excellent training they gave the pupils.

E. Johnson, of Portland, has purchased three acres of the Ole Danielson place facing the Barr road and has a fine seven-room residence almost completed. The family will move out from the city as soon as school is out.

Albert Stockton and bride were callers at the Stockton home Monday.

The Rockwood baseball team won the pennant in the recent contest which was put on by the Corbett, Hurlburt, Orient, Troutdale and Rockwood school teams. The league was organized by R. D. Hewitt, principal of the Troutdale school, and the pennant awarded to the Rockwood team was in recognition of its winning every game in which it participated.

FAIRVIEW

A unique and beautiful service was held Sunday evening at the Smith Memorial Presbyterian church. The house was filled and the church was beautifully decorated with ferns and flowers. The Mother's Day concert was in charge of the Women's society. Solos, duets and chorus singing by mothers and young women of the church, were featured and Mrs. W. Scott, of Salem, whose husband served the Fairview church for 16 years, was the speaker and gave a fine address on "The True Home." Flowers were distributed through the congregation by little girls.

A number of mothers and grandmothers were present, but the special honor guests were four great-grandmothers who occupied a front pew. Mrs. E. R. D. Hollensted, secretary of the Women's society, presided and Mrs. G. P. Lumsden introduced the speaker.

The pastor congratulated the great-grandmothers on having attained the coveted honor of living to see their third generation. He also paid a tribute to the faithful labor of the Rev. Mr. Scott in Fairview and surrounding country. As Mr. Scott is in a hospital in Salem where he has been confined for several months, at the request of the pastor, the members of the congregation bowed their heads in silent prayer in his behalf. The service closed with the singing of "The Glory Song" by the congregation and benediction.

Mrs. George Frakes, of Scappoose, visited a few days last week with her sister, Mrs. J. W. Moller and family.

Mrs. Elsie Langley has a new Chevrolet delivery car.

Mrs. John Jonas has returned to her home after spending three weeks in Good Samaritan hospital. She is much improved and her friends are glad to see her home again.

Republican Candidate for Congress
Primaries May 21.

Mulkey makes his position as a candidate definite and certain, by declaring himself for the 18th amendment dedicating himself to the proposition of securing Federal aid for Hydro-Electric development for Oregon.

In his platform he states: "I will make it my business to cause the federal government to develop the potential hydro-electric energy in the Columbia river, to the end that Portland may have cheap power for industrial purposes, and thereby be on a parity with other Pacific coast cities as a manufacturing center, and furthermore, that the people of Multnomah county may enjoy all the benefits of electric lights, power and heat in their homes at the low rates possible by public development of our abundant and never failing falling waters."

He says further— "A sad spectacle is that of old age after a life of probity and industry attended by misfortune I FAVOR PENSIONS FOR THE HELPLESS AGED."

Stanfield Gets Favorable Report On His \$5,000,000 Refund Bill

Restoring Taxes to 18 Counties

Senator Stanfield's bill to refund \$1,997,000 of O. & C. grant land taxes to 18 counties of Oregon was reported out favorably on May 8, 1926, by his Senate Committee on Public Lands, for passage in the Senate. Besides restoring this big sum to the counties affected, the bill provides for the annual payment of \$500,000 hereafter, which will very greatly reduce the burden of the taxpayers of Oregon.

Winning Fight for Resources

Senator Stanfield maintains that Oregon's resources belong to the people of Oregon and is making a determined fight to secure for them all of the revenues derived from the utilization of public lands in Oregon, and to materially reduce taxes. His Grazing Bill, reported out favorably by the Committee on Public Lands, is the entering wedge of his campaign toward that end.

Stanfield for Port and Shipping

U. S. Senator McNary wired Bert Anderson, republican county chairman of Jackson County, on May 4: "I am busy assisting in the hearings before the Senate Commerce Committee on the attempted sale of the Oriental line by the Shipping Board to the Dollar interests. SENATOR STANFIELD IS ASSISTING ME IN EVERY WAY HE CAN."

Writing Favorable Report on Lincoln County Refund

As ranking member of the Senate Committee on Claims, Senator Stanfield is drafting the report of that committee recommending the passage of the McNary bill for the repayment to Lincoln County of over \$45,000 in back taxes on the U. S. spruce lands.

Insists on Early Completion of Roosevelt Highway

Senator Stanfield recognizes the economic and strategic value of the Roosevelt Highway and maintains that it should be completed at the earliest possible moment, because of the great development it will bring, particularly to all of Western Oregon.

Helped Pass Original Federal Highway Act

Senator Stanfield, as a member of the Committee on Post Offices and Post Roads, gave material aid in securing the passage of the original \$75,000,000 Federal Highway Act. Senator Stanfield secured the inclusion in the Townsend bill of an appropriation of \$15,000,000 for forest roads, the first large appropriation for forest roads ever made by Congress.

More Federal Funds for Rivers and Harbors

Since Senator Stanfield has been in the Senate, \$7,386,000 of Federal funds have been secured for the improvement of rivers and harbors in Oregon. As a member of the powerful Finance Committee, Senator Stanfield insists upon larger appropriations for river and harbor improvements in Oregon and is in position to render valuable aid in securing Oregon's just share of government money for this purpose.

STANFIELD'S HIGH RANK ON SENATE COMMITTEES HELPS OREGON. IT WOULD TAKE YEARS FOR A NEW MAN TO ATTAIN HIS RANK IN THE SENATE.
