From Berries or Cherries to Jam or Jelly In Fifteen Minutes

Do you know the new short-boil Certo method of making jams and jellies, which makes success certain? No longer need you have any fears as to the result, for the "set" is perfect every time. And the drudgery is gone, too. For instead of tedious lengthy cooking, one or two minutes' boiling is enough when Certo is used.

This short cooking saves the bright natural color and the fresh flavor of the fruit. Besides it avoids the great waste of boiling away the juice, so that the actual cost of your jams and jellies made the Certo way is about two cents a glass less than by the tiresome old-fashioned method.

Greater ease, better jelly, lower cost—this is a combination which naturally appeals to women everywhere. A book of simple recipes for all sorts of delicious jams, jellies and marmalades, comes with each bottle of Certo.

Your grocer carries Certo, or you can send 10c (for postage) and get a trial half-size bottle which will make from 6 to 10 glasses of jam or jelly, depending upon the recipe used. Write Douglas-Pectin Corp., 125 D. Granite Bldg., Rochester, N. Y.

Aged Woman Found Dead at Springdale.

Mrs. Christensen, aged 70, widow of the late Lewis Christensen and mother of Henry Christensen of Springdale, was found dead at the residence of her son on last Saturday evening. She was last seen by her son in the berry patch about 3 o'clock. Mrs. Henry Christensen had gone to Springdale to spend the afternoon and on her return could not find the mother about the home. A search was commenced, with the result that the body was found near an old barn. It was removed to Pearson's undertaking parlors in Portland. Funeral services will be held Wednesday afternoon at 2 o'clock from the chapel of the Portland crematorium.

CLUB BOYS AND GIRLS LEAVE FOR CORVALLIS

The county club leader's office on First street was the scene of unusual activity Monday morning when 73 boys and girls embarked in three of the largest of the Gresham Union high school busses, their destination Corvallis, where for the next two weeks they will meet with club members from over the entire state of Oregon in the big annual summer school of the Oregon Agricultural college extension division.

There was a goodly sprinkling of parents on hand, especially the mothers, who were busy with last-minute admonitions and aid to their boy or girl, looking after their registration and the dozen and one things to be attended to at the last. Mrs. W. D. Kinder and Mrs. Valetta Cooper were busy at the desk taking the names of those leaving and checking up on details attending the registration and assignment to quarters. The 85 leaving were about equally divided as to boys and girls and the chaperones in charge of the Multnomah county members were Miss Pennington, a teacher in the Lynch school, and Miss Doris Emily, of Corbett. Mr. and Mrs. Kinder also accompanied the group.

A brisk shower was falling as the children were leaving, but this did not seem to dampen their enthusiasm, especially of the boys who were nudging each other and treading each other's toes in true boyhood fashion. As the merry contingent left Gresham their cheers filled the air and the older people assembled exchanged reminiscences as to their childhood when such pleasant excursions as the one beginning yesterday morning were rare. No one was inclined to begrudge the youngsters their two weeks of anticipated pleasure, but all were concurrent in the opinion that the happy vacation would be a time of instruction and educational profit as well as fun and recreation.

The delegation leaving this year for the summer school is the largest which has ever gone out from Multnomah county. Great plans have been made and a finer schedule arranged

than heretofore, one that will be followed out very similar to that of the regular college course. There are nine boys and girls who have won a trip to the summer school with all of their expenses paid. These are Alice Ingram, of Maplewood; Lawrence Aylsworth, of Gresham; John Fleming and Arthur Burns, of Victory; Anna and Magdalena Boeckil, and George Grossen, of Linnton; John Welbes and Edgar Dixon, of Fairview.

Several business men of Gresham are planning to make the trip to summer school and spend one day with the boys and girls there. These men are backing the club work most heartily and, to get a close-up view of this commendable work, are going to find out more about it by a personal visit to the summer camp at Corvallis. At present about 15 have signed up for the trip which will take place the 23d of June. It is desired that more will make an effort to attend.

The three busses leaving Gresham yesterday morning were driven by William Carlstedt, E. E. Brown and B. M. Howell. The baggage of the children was loaded onto the tops of the three machines, then tied firmly for the trip. They expect to return on Saturday, June 26.

Those making the trip are Lawrence Aylsworth, Tracy and Lena Anderegg, Fola Fern Acers, Arthur Burns, Anna, Magdalena and Paul Boeckil, Pauline Buckner, Fay Beehler, Bernice Bunn, Kenneth Bramhall, Stanton Costner, Colin Cree, Vivian Copeland, Millard Chase, Edgar Dixon, Ralph Dunham, Lawrence Fortner, George Grossen, Gertrude Gustafson, Bert Gibson, Caroline Hessemer, Alice Ingram, Clyde Jennings, Alvin Johnson, Alvin Juhrs, Wilma Johnson, Mary Kalifate, Levona Kelley, Mable Krueger, Homer Lumsden, Nina Langley, John Lambert, Buddy Lee, Richard Lettow, Gertrude Lee, Florence Mullenhoff, Cathryn Metzger, Howard Maxwell, Jessie McKee, Gilbert Nelson, Charles Neville, Gordon Osburn, Philander and Myrtle Powers, Marvena Redman, Ella Richardson, Signe Rogndahl, Muriel Smith, Ruth and Robert Sterling, Alberta Sager, Nola Smith, Jean Sayer, Lola Splawn, Hazel Taylor, John Welbes, Ruth Walin, Caroline Whetstone, Luetta Welling, Mabel Woodie, Irene White, Melbourn Whiteside, Leola Young, Marjorie Young, Ernest Zurbuchen, Gilbert Lind, Edna McCreary, Burns Creighton, Marjorie Aylsworth, Charles Merrill and Muriel Bowen.

The club was organized January 12, 1925. Mrs. R. D. Hewitt is the leader.

The members of this organization are Dorothy Kerslake, president; May Parsons, vice president; Marguerite Berney, secretary; Helen Meter, Elise Berney and Justice Berney. Amusement Park Draws Crowds.

Many people of this vicinity are being seen in the throngs at The Oaks amusement park this year. The big resort on the Willamette has something for everybody, be it picnics, fun, rides or concessions. Cleanliness is the service policy of Edward H. Bollinger as manager and the park in turn is the safe rendezvous for young and old. Free vaudeville is the big feature each afternoon and evening. A complete change of program is offered each Monday afternoon.

Why Be Satisfied With Less Than Your Motor's Full Power

Full power as well as satisfactory and economical operation depends upon the condition of a motor's piston equipment—piston rings, pistons and pins. When worn they need replacement.

A worn motor means a larger gas and oil consumption and in these days that is no small item.

You have every right to expect the utmost from your automobile, even though the speedometer does show a large mileage. A thorough re-conditioning will bring back all the old-time pep and power and lower your gas and oil consumption.

BRING YOUR CAR TO US. Let us look it over. We guarantee an expert mechanical job and will use only the best parts.
