PASTOR OFFICIATES AT WEDDING OF SON

A wedding of considerable interest, especially to Fairview residents, took place Thursday noon when Waldemar Hollensted, well known throughout this section and a baritone singer of note from the broadcasting station of KGW, was united in marriage to Miss Helen Junor, at the home of the bride's parents in Eastmoreland, the Rev. E. R. D. Hollensted, father of the groom, officiating. About 25 guests assembled on the lawn where the impressive service was read. W. K. Peery, a brother-in-law of the groom acted as best man and Mrs. Peery, his sister, attended the bride as matron of honor. The small daughter of Mr. and Mrs. Peery, Alice Marie, was flower girl and little Robert Peery, the ring bearer. Mr. and Mrs. E. Malwyn Evans sang. Refreshments were served.

Mr. Hollensted is an automobile salesman and has been residing in Portland at the home of his sister. In addition to his work over the radio, he is the baritone members of the quartet singing at Rose City Park Presbyterian church. The bride for several years past has been engaged in teaching, both in elementary and high school work. After a brief honeymoon at the mountains and seashore, the couple will reside at Westmoreland.

CHILDREN'S FARM HOME MAKING GOOD PROGRESS

Readers of the Outlook will be pleased to know of the progress being made in the management of the Children's Farm Home at Corvallis under the management of a committee consisting of J. Allen Harrison, treasurer of the board, Mrs. Mary Mallett, president of the state W. C. T. U., and Mrs. Madge J. Mears, office secretary. At a meeting of the board on June 12 it was decided to continue the work of the farm home office under the same management until January 1, 1927. The following report is given to the public by this committee:

"We are glad to report that the home is in fine condition. Our big family of 115 children is very happy and busy in making gardens, raising chickens, caring for the flowers and doing the many things that delight children in helping about a home. There is no debt except the \$10,000 on the land and that is all pledged to be paid by January 1927 with \$5,600.00 in the treasury ready for payment. We appreciate the splendid response from the churches and Sunday schools from the Mother's Day offering, amounting to date to \$1400.98. While we realize there are many churches not heard from yet, we hope all will take an offering for the home some time during the year if they could not do so on Mother's Day.

"The committee decided to cooperate and do all they can to further the work of the campaigns for the southern Oregon cottage, the Coos County cottage and any other campaigns that may be carried on for the home. We are in great need of more cottages as we are having to refuse very needy children every week.

The bazaar for the farm home will be held as usual at the state fair. We will be very glad to receive donations from any individual or organization that can help. All articles are to be sent to the W. C. T. U. headquarters, 201 S. Commercial street, Salem, Oregon, marked "For Bazaar." All communication about bazaar or for the farm home, and all money should be sent to Mrs. Madge J. Mears, 501 Stock Exchange Bldg., Portland, Oregon."

Saturn and the Moon.

Millions noticed the planet Saturn sailing through the sky in company with the moon, a beautiful, unusual display. In the eastern sky they saw the beautiful blue star Vega, toward which our sun is supposed to be traveling, the star that in course of time will be our "north star."

A few years ago it was believed that Saturn and the moon were not far apart, and that both had been created to contribute light for man.

Every child knows, now, that Saturn is millions of miles from the moon and that the moon is only a little cosmic "donkey engine," lifting the tides of our oceans, keeping them sanitary through constant motion.

WHILE WE are erecting MONUMENTS to our GREAT national heroes, LET'S not forget the FELLOWS who invented ICE CREAM, because they GAVE to this hot old WORLD of ours a COOLING nectar that SIMPLY couldn't be REPLACED, so while YOU ARE plying the PALM leaf today and MOPPING perspiration, JUST remember that OUR fountain is here AT YOUR service with JUST about a thousand ANTIDOTES for that SWELTERING feeling and IF THE suggestion SOUNDS good to you JUST phone friend HUSBAND to stop here ON HIS way home this EVENING and bring along SOME of that Weatherley DELICIOUS ice cream in CHOCOLATE, strawberry, MAPLE-NUT, French salad or VANILLA flavor. It'll make A HIT with the entire FAMILY. Try it.

We carry a stock of groceries for the convenience of the berry pickers who cannot get to town for supplies until evening.

A bomb was exploded at the Senate investigation of Pennsylvania primary expenditures, when Sen. James A. Reed (D) Mo., (below), obtained from Wayne E. Wheeler, Anti-saloon League counsel, (above), the testimony that several U. S. Senators and Congressmen had received sums of money from the Anti-saloon League for speeches opposing modification of present prohibition laws.

Wilkes District Votes Improvements.

At the annual school meeting held in Wilkes School District No. 7 on June 21 it was voted to improve the grounds and remodel the school building. When completed there will be three large class rooms, an auditorium and a large play room in the basement. The building will be made modern in every way and will be equipped with every convenience, including electric lights. Wm. Tegart, who has served as director for many years, was re-elected to the office and Mrs. Jessie M. Miller was re-elected clerk.

The principal for next year is Mrs. Lois Gray and the primary teacher is Miss Lucile Dilley.

COLUMBIA HEIGHTS

A large flag, measuring 40 by 60 feet and strung from the top of two tall fir trees, adds much beauty to the country home of Mr. and Mrs. Julius Meier, who were hosts to more than 2000 employes on Sunday at their annual picnic. Music, songs and laughter filled the air and echoed across the canyon and fields, thereby entertaining the neighbors all around who seldom have such a chance to be entertained. The great crowd rambled in the woods and played games and the swimming pond was a busy place. One of the main features on this occasion was the great picnic dinner.

Mr. and Mrs. Wilcox, of Latourelle Falls, are hosts this week to the brother of Mrs. Wilcox and his wife, Mr. and Mrs. Hoswell, who arrived from the east Sunday morning.

G. Joseph, of Portland, spends his week-ends at his ranch at Latourelle Falls where he can be seen industriously gripping the hoe. However, he is said to be kept busy buying new hoe handles.

At the annual school election of district No. 29, W. A. Dunckly was elected to serve for three years as director and Edward Wilson was re-elected clerk.

Miss Agatha Hurst, of Carlton, Oregon, is at the present visiting at Columbia View farm.

Troutdale chapter No. 80 of the Order of the Eastern Star was well represented Sunday afternoon at the services at the Masonic home at Forest Grove and the beautiful building was inspected from top to bottom.

The baseball game at Corbett Sunday afternoon spelled victory to the Corbett team. The losers were the members of the team from Boring.

In Bryn Mawr at 12.

Elizabeth Benson, 12 years old, is ready for college, reads Cicero in Latin; studies many things, including science, modern languages. She thinks her mind was developed by talking to her mother, a highly educated woman.

This young woman admits that she is "lazy and careless and needs to be scolded." She will probably be in Bryn Mawr before she is 13.

Where is the boy of 15 that, 10 or 20 years hence, will be worthy of this intellectual girl prodigy.

Doctors, experimenting at Cornell, say that many diseases, sciatica, neuritis, lumbago, neuralgia, angina pectoris and others are really all caused by "mechanical nerve irritation."

They "discover" that injury to a small bone at the base of the back can cause pressure on nerves that in one man will cause pain in the foot, in another chronic headache. Their remedy is to set this bone in place.

Why Be Satisfied With Less Than Your Motor's Full Power

Full power as well as satisfactory and economical operation depends upon the condition of a motor's piston equipment—piston rings, pistons and pins. When worn they need replacement.

A worn motor means a larger gas and oil consumption and in these days that is no small item.

You have every right to expect the utmost from your automobile, even though the speedometer does show a large mileage. A thorough re-conditioning will bring back all the old-time pep and power and lower your gas and oil consumption.

BRING YOUR CAR TO US. Let us look it over. We guarantee an expert mechanical job and will use only the best parts.

How far do you intend to drive your CAR?

Don't judge a motor car by its first 10,000 miles.

Almost any car will go that far in a fairly satisfactory fashion.

The miles from then on will show you the difference between Buick and a lot of other cars that sell for the same money.

Buick cars are built for future, as well as for present use. Big volume makes it possible to build them without a quality compromise, and still keep the price low. Come in and look them over.
