**What Canaries Like.**

Canary seed alone does not furnish a balanced feed for canaries, but in combination with hemp and summer rape it forms a good ration. Much of the rape seed put up and sold in cartons is of a kind that even wild birds

do not eat because of its pungent and bitter flavor, says the United States Department of Agriculture, but all birds relish the mild taste of true summer rape.

**FAIRVIEW**

Mr. and Mrs. Homer Davis and three children and Mr. and Mrs. William Savage and two children expect to leave this week for their home at Springfield, Missouri, after visiting for several weeks with the sister of Mrs. Davis and Mrs. Savage, Mrs. Walter Bradley and family. James Wagon, of Aurora, Oregon, is also at the Bradley home for an indefinite stay.

Two accidents more or less serious occurred near Fairview on last Saturday evening, one of which sent to St. Vincent's hospital Clarence Sample, about 35, employed in the LaFollette peach orchard. Mr. Sample was walking on the edge of the pavement, facing the traffic according to law, when he was struck by a car driven by W. A. Hildge of Portland, who said that he was blinded by the bright lights of an approaching car. The injured man sustained a fractured arm and leg and was rendered unconscious for about 20 minutes. On the same evening a big touring car going to Blue Lake broke 20 feet of railing on the bridge on Fairview avenue north of Sandy boulevard and fell to the field several feet below, turning over. The driver, whose name was not secured, had some teeth knocked out.

The Women of the Smith Memorial Presbyterian church will hold an ice cream social at the home of Mr. and Mrs. Cedric Stone, Thursday evening, August 12.

**"Ventilated Heat"**

The successful system of home-heating

**Aerated heat**—heat that is made up of fresh, purified, circulating air—air with the same lively zest and zip as sparkling clear fresh water.

**Fresh air**—pre-warmed to the proper living temperature—in constant, slow, large-volume circulation.

**Warm air** adequately humidified, so that your skin feels its touch velvety instead of dry, parched and burning.

Comfortable, warm, humidified air in constant, even circulation throughout the rooms and halls of your home, just as the blood circulates through your body—with the big Montag furnace the very heart of the heating system.

All the air gently moving through the house as a summer zephyr over a warm field—with no stagnant corners—with no up-rushing wind from the registers—no hot or cold streaks.

Just pure, clean air, keeping you comfortably, delightfully warm.

That's Montag ventilated heat!
