The Rev. and Mrs. S. F. Pitts are expected home from Seattle Monday where they have been holding revival services for the past two weeks. When they arrive at their pleasant little parsonage just west of the temple, a most gratifying surprise will be in store for them. Since they have been in Seattle the members of the congregation have sided and painted the house; a hot water system has been installed in addition to the plumbing already in and a board walk has been built at the front, also the back porch has been enclosed with screen. These changes have worked quite a transformation in the appearance of their residence, and members and friends are eagerly awaiting the return of Pastor Pitts and his wife to witness just what will be the effect of their plan which has been so well carried out.
