

Gresham Locals

At the regular meeting of the Gresham band on Monday evening the following officers were elected for the ensuing year: Melvin Peterson, president; Otto Magnusson, vice president; George Duncan, secretary; Harry Bjur, treasurer; Dr. H. C. Johnson, director and manager; Oscar Noreen, custodian; Dr. H. H. Ott, Peter Whilon and Charley Merrill, finance committee.

The household effects of the Rev. Henry Bruenagel were taken to Grants Pass Wednesday in the heavy snow storm which visited this section of the country. Walrad & Wright had the contract for the hauling and the truck was driven by Reuben Peterson. A. E. Malo, who has assisted the priest in making the move, accompanied the truck to Grants Pass and will remain to help in getting his furniture arranged in the new location. Father Bruenagel is making the change for the benefit of his health. A telegram received Wednesday at midnight by Burten Walrad stated that the truck had safely reached its destination.

The Methodist Ladies Aid society will meet with Mrs. W. J. Ott next Wednesday afternoon, January 26. Important business will call for a full attendance of members. The Dorcas circle will act as hostess.

Mrs. S. I. Leland is recovering from a severe attack of the grip.

Mr. and Mrs. T. M. Crawford are moving from Hogan road to the Hufert 25-acre ranch, a mile east of Boring, which they have leased for five years.

Edwin V. Lindrooth has gone to a lumber camp near Vernonia to work.

The Southeast circle of the Methodist Ladies Aid will meet with Mrs. J. V. Cogswell Tuesday afternoon at 1:30.

The date for the supper to be given by the ladies of the Baptist Guild will be announced the first of next week. It was postponed from last evening on account of the inclement weather.

The ladies of the Zion Evangelical church will give a basket social at the grange hall next Thursday evening, January 27. The public is cordially invited to participate.

Austrian Nurse Visits Hospitals. Miss L. Grace Holmes, R. N., statistician for the Oregon Tuberculosis association, and editor of "Health First" spent last Tuesday at the State Tuberculosis hospital at Salem, in company with Fraulein Danko, Austrian health worker, who is visiting and observing the various public health agencies of America. Fraulein Danko and Miss Holmes were given the opportunity to observe nearly all phases of work of the state sanatorium by Dr. G. C. Bellinger, superintendent of the institution. Fraulein Danko will visit the health agencies of Portland next week.

Lifting Water Lowers Spirits. Lifting laundry water in and out of portable tubs makes wash day the hardest of all in many rural homes. The latest publication of home laundering issued by the United States department of agriculture contains a hint for reducing this task to a minimum. Pipe the water to the tubs by means of a flexible rubber hose, if possible, and by all means siphon off the waste water with a hose when ready to empty the tub. To make such a siphon, fill a short length of the hose with water, close the ends and invert it, placing one end under the surface of the water and the other at a lower level. Open without removing the shorter end from the water. A faucet soldered into the end of the wash boiler facilitates emptying it.

Enlargement of High School Is Planned

Continued from page 1

equipment, curtail the helpful activities of the school.

It may be that the immediate overcrowded condition is brought about by the number of outside pupils, but if these were excluded the school would in a short time need to improve and enlarge its capacity and facilities for the good of its rightful students.

The school is on the up grade with a prestige equal to the very best in the state. It will lose much by a backward step. On the other hand with an increase to 500 students it will be in line for a very likely development in which the state will render financial and other aid. So say those who study closely the educational trend of high schools.

Improvements Proposed.

The board has had careful estimates made as to the cost of the proposed improvements. They are as follows:

For repairs and changing the present assembly hall into class rooms, \$10,000.

For class rooms in the new wings \$48,000.

For new assembly hall, east of the present building, having a capacity for 1200 students, \$25,000.

For addition of new boiler, etc., to heating plant, \$10,000.

For removal of bungalow, old gym and present boiler room, \$7,000.

For needed extra equipment, \$5,000.

The architects are Freeman & Struble, of Salem, well known school architects.

The addition of the new class rooms will give a capacity for 600 students, according to Mr. Cannon, which he estimates, at the present rate of growth the district will have in four or five years if it is prepared for them.

More Congressmen—Nil!

Congress has been five years trying to reapportion representation of its membership. After every Federal census the congress has habitually increased the number of representatives, and consequently the number of congressional districts. This has been done in proportion to the Nation's population. In 1911 this process brought the house to the unwieldy size of 435 members. Consequently when it was proposed in 1921 to add another flock of 50 or 60 congressmen there was "nothing doing." To equalize the representation among the states someone now proposes a plan that would give 12 states a gain while 16 states would lose.

The chances are that there will be no reapportionment until after the 1930 census is taken.

How Do They Do It!

Weekly official statements from Washington reviewing the condition of business show that everything "was greater and better than the preceding week or the corresponding week a year ago." There are never any slumps—at least they are not mentioned.

Crisp salads offer a most appetizing way of getting enough fruits and vegetables in the day's meals. Serve some kind of a salad every day.

HIGH SCHOOL NOTES

Owing to the fact that the Troutdale, Fairview, Rockwood, Lusted and Boring school busses found the roads practically impassable yesterday and today, no school was held. The assembly room was comfortably warm, but it would have been difficult to satisfactorily heat all classrooms.

It is a commendable fact that at the beginning of the second semester all classes were organized and ready to go in algebra, economics, business English, penmanship, spelling and geometry on Monday morning. By the system of early registration this was possible. By Wednesday the remainder of the branches had been taken care of. In the arrangement of the new classes, two algebra I, a business English, a penmanship and spelling and two world history classes were organized.

To accommodate advanced students who were finishing half year subjects or who needed additional credits for graduation, two classes in economics, three in plane geometry, a class in public speaking and three periods in band were arranged. With the additional student an extra teacher should be added, but the lack of classrooms makes this impossible.

The present freshmen class has hung on like grim death. Only seven of the 127 of the class have dropped school since last September. The class, which numbers 132 students, is 50 larger than any other class in school.

The following schedule of basketball games has been arranged for the coming six weeks: At Milwaukie, Saturday evening, January 22; play Parkrose at Gresham Friday evening, January 28; at Beaverton, Friday evening, February 4; play Columbian high at Gresham, Tuesday evening, February 8; play Milwaukie at Gresham, Saturday evening, February 12; at Estacada, Friday evening, February 18; at Corbett, Wednesday evening, February 23; play Beaverton at Gresham, Tuesday evening, March 1; play Estacada here, Friday evening, March 11. The Beaverton, Estacada, Colum-

bian high and Milwaukie games will be double headers for both boys and girls in both places on the dates as scheduled.

The high school honor students for the third six weeks of the school year are sophomores: Margaret Gantenbein, Lorna Schedeen and Arthur Suhr; juniors: Irene Johnson and Mabel Smith; seniors: Helen Althaus, Dorothy Cooper, Melcher Duncan, Marjorie Heacock, Rachel Headley, Alta Hendrickson, Edith Johnson, Elsa Johnson, Helen Karlen, Evelyn Ledine, Amy Noreen, Helen Sandstrom and Edna Wood.

The honor students for the entire semester are, freshmen; Irma Smith and Rose Tomblin; sophomores: Margaret Gantenbein, Irma Gill, Regina Hammar and Elizabeth Robinson; juniors: Irene Johnson and Mabel Smith; seniors: Helen Althaus, Melcher Duncan, Rachel Headley, Alta Hendrickson, Evelyn Ledine and Amy Noreen.

PLEASANT HOME

Dr. A. S. Hisey will occupy the pulpit at the Pleasant Home Methodist church next Sunday morning at 10:50, following the Sunday school session beginning at 10 o'clock.

King Winter is here again for his second visit so far. However, the weather is only cold enough and snowy enough to be pleasant, unless the east wind has full sweep.

Services at the Pleasant Home Baptist church on Sunday will be Sunday school at 10 o'clock, preaching at 11 and 8, B. Y. P. U. at 7:30, and the Happy Hour class at 3 o'clock. Clifford Nasshahn will be leader for the young people's meeting.

Rehearsals for the drama "Sunshine" which is to be given at the Orient schoolhouse in a short time, are being held three times a week. Miss Euphemia Fairweather is the very efficient coach.

High school students in this vicinity are showing much elation over their unusual vacation, owing to the storm.

Mr. and Mrs. R. I. Anderson entertained on Sunday Mr. and Mrs. J. W. Anderson of Springdale, Mr. and Mrs. C. E. Wright and Mr. and Mrs. Justin Scoville of Port-

land. The Andersons are now occupying their new house at Orient. Wilmer Nelson went to Portland on Friday to work a few days.

Dorothy Daley is staying with her grandmother, Mrs. Anderson, to attend the Orient school.

Harold McKinney has purchased a trapping license and expects to do trapping outside of school hours.

An interesting program is being planned by Mrs. Mary Fritz, lecturer of Multnomah grange, for the regular meeting on Saturday. The lecturer's program begins at 2 o'clock, and is open to the public. All visitors will be welcome.

The fellow who won't take no for an answer may be working toward success but he doesn't always know what's good for him.

FUNERAL HELD FOR SIMON S. WOLD

Funeral services were held at the Zion Evangelical church last Wednesday afternoon for the late Simon S. Wold who died last Sunday evening, January 16. The Rev. E. Horstmann, pastor of the church, had charge of the services, assisted by the Rev. E. G. Judd. Hymns were sung by a quartet consisting of C. E. Ruser, Mrs. H. H. Ott, Miss Catherine Bratzel and Leslie Walrad. Mr.

Ruser and Miss Bratzel sang a beautiful duet. Miss Amy Cooper was accompanist for the singers. Pall bearers were Hans Sloan, Al. Hammar, B. W. Emery and T. Brugger.

The services were held during the raging snow storm of Wednesday, which precluded the interment, as the road leading to Douglas cemetery was drifted deep with snow. Commitment services will be held as soon as access to the cemetery can be had.

What Can You Borrow on it

That is the final test of an investment.
