

Gresham Locals

Mrs. Glen Davidson was hostess on Tuesday evening of last week at an interesting surprise party in honor of the birthdays of her husband and her father, J. C. Peterson. The guests present included Mr. and Mrs. J. C. Peterson of Shaw, Oregon, Mr. and Mrs. Roy V. Peterson, Mr. and Mrs. Clifton Peterson of Portland, Mr. and Mrs. Albert Zenger, Miss Esther Peterson, Ellis Davidson, R. W. Gibbs and W. F. Jenne.

Mrs. Christena Humason has been absent from her duties as saleslady at the A. W. Metzger store for several days past due to illness.

Mrs. Ralph Deaville and two daughters visited with the former's mother, Mrs. H. Rehse, at Hillsboro, several days last week.

E. C. Hulet, who is here from Morrisville, Illinois, on an extended visit with his sister, Mrs. Lillie Mitchell, and other relatives, returned Saturday from a trip to Seattle where he renewed acquaintance with an old school teacher. He also made a stop in Tacoma and visited a cousin, Miss Nettie Schabel.

Miss Martha Hagberg is spending the week with her sister Mrs. Marian Hoss to avoid the uncertainty of auto travel between Gresham and her home two miles east of Gresham.

Word has been received by Mr. and Mrs. F. A. Miller, who reside near the Twelve-mile corner, that their son Wendell Miller who died recently on board a ship in the waters of the Caribbean sea, was buried at Colon, Panama. It was hoped to have the remains shipped to Portland for funeral services and interment in the family burying ground, but it seemed impossible to carry out these plans. Later Mr. Miller hopes to have the body disinterred and brought to Portland for burial. It is thought a fitting memorial service will be held in one of the Portland churches as soon as the weather permits.

Mrs. Bryant DeBarr of Eugene was the week-end house guest of Miss Miriam Inglis at the home of her uncle, Dr. George Inglis. Mrs. DeBarr, as Miss Vie Rice, was a popular member of the high school faculty for two years.

The Gresham Produce company, of which D. L. McKillican is the general manager, has practically completed the removal of poultry and other effects from the quarters on east Powell street to the new home of the firm on Cleveland avenue and east Powell. The poultry house and killing room with the feeding station are now completed at the new quarters, with other units to follow with favorable weather conditions. Mr. McKillican is undecided as to just what disposition will be made of his old buildings but intimates that later he may erect a modern structure on the spot.

Alvin Copeland, who for five years operated a barber shop at Troutdale, is now employed at the Bailey barber shop.

Mrs. Ethel Miller of Falls City, Oregon, and Mrs. Inez Miller of Monmouth spent the week-end with their mother Mrs. Elizabeth McLain.

Mrs. Adolph Schoepper, sister of Mrs. Frank Gibbs, Mrs. Alvin Klinski and the Morgan brothers, is in Emanuel hospital where she is in a critical condition from peritonitis. Blood transfusions are now being given as a last resort.

Miss Emma B. Johnson, Miss Evelyn Metzger, Miss Mabel Jackson and Mrs. Mary Welch, of the Outlook force, were entertained at a waffle supper Friday evening by Mr. and Mrs. H. L. St. Clair, assisted by Miss Margaret St. Clair and Mrs. Elsie Cogswell, at the St. Clair home on Hood avenue. After disposing of an unlimited supply of waffles, the evening was spent in a pleasant social manner.

The newly-organized sewing class which was scheduled to meet Wednesday morning at the high school has been postponed for a week.

The double header basketball game at Milwaukie Saturday night between the Gresham teams and those of Milwaukie resulted in a double victory for the latter. The score of the first team game stood 31 to 24.

A seven-ton dynamo was part of the storage equipment at a local transfer storage house Thursday night. This was only a small part of an extensive equipment of a Hollywood moving picture company that spent the night in Gresham on the way to Government Camp where pictures are being taken of winter scenes near Mt. Hood. The immense dynamo is used for the electric lighting required in connection with the picture.

The regular meeting of the W. C. T. U. which was announced to be held on Thursday afternoon at the home of Mrs. Mary McManus has been postponed to the afternoon of February 10 at the same place.

"The Government"

This youth, A. W. Gregg, 27 years old, directs the government's case against Henry Ford Company stockholders, in its suit to collect \$36,000,000 taxes. He is opposed by two former presidential candidates, Charles Evans Hughes and John W. Davis, for the defense.

Mrs. Wilbur Van Wey expects to leave in a few days for her home in White Bird, Idaho, after a visit of two weeks with her mother Mrs. Dora Kaiser and her sister Miss Josephine Kaiser, who have recently purchased the I. S. Korsund residence on east Powell street.

I. S. Korsund purchased the Cotton house on the corner of Fifth and Hood about a week ago and, with his wife, has now taken possession. Mr. and Mrs. Korsund have planned extensive remodeling of the house. They disposed of their residence on east Powell street to Miss Josephine Kaiser of Latourell Falls. Both real estate deals were handled through James Elkington.

Elvis Stockton has returned from Bend, Oregon, to make his home in Gresham with his brothers, Claude and Lodi.

Miss Elva Dicken and Jack Frost are at the Portland Electric Power company store in Gresham this week demonstrating a well-known make of electric ironer and a washer respectively.

The meeting of the American Legion Auxiliary has been postponed indefinitely. It had been announced for tonight at the grange hall in connection with a meeting of the Legion.

The basket social to be given by the Evangelical Women's Union has been postponed until more favorable weather conditions prevail. A definite date will be selected and announced later.

Plans for the church family supper announced for Thursday evening at the Methodist Episcopal church are going on, in spite of the unfavorable weather conditions, and it is hoped that all families connected with the church will be present in full force for the social event and to hear the message to be given by Bishop Wm. O. Shepard. The supper is announced for 6:30 in the church dining room. Arrangement of the tables and the serving will be by the Ladies Aid. Those participating will bring well filled baskets.

The Misses Mayme and Helen Hoss have moved from the Shultz apartments to the Hornish apartments on First street.

COMMERCIAL CLUB MAKES ENDORSEMENTS

The annual meeting of the Gresham commercial club held last night resulted in the election of Ivan Swift, a recent member, as director for a three year term. Mr. Swift is district manager of the P. E. P. company. The other directors are, B. L. Walrad, W. J. Todd, Will Metzger and H. L. St. Clair.

Various matters were presented for the club's recommendation, among them the new merger of the berry growers and canners of the Pacific northwest recently effected. The club passed a resolution giving this move which means much for the future success of the industry its unqualified endorsement.

The club gave its endorsement to the proposed legislation asking the state for a small appropriation to assist the Oregon state chamber of commerce in its land settlement work and also the proposed legislation to fix the legal holidays, except Christmas, on the Monday nearest the calendar date of the event.

The proposed bond issue of \$105,000, to be voted on Saturday, January 29, to enlarge the building and plant of the Union high school district No. 2, was presented and arguments were made both pro and con. No endorsement was called for but interest was keen and legal voters of the district were urged to vote their convictions, and not let this important matter go by default.

Insurance funds for farm loans. No commission or brokerage. Very easy terms. B. W. Thorne.—Adv.

Letter to Parents by Principal Cannon

Principal Roy E. Cannon has sent out his encyclical No. 4 to the parents and guardians of high school students in which he makes various announcements and recommendations. The letter contains a pertinent reference to the bond election scheduled for next Saturday afternoon and is as follows:

"The third report of your boy or girl is due not later than today. It contains the third six-weeks grades and the mid-term examination grades together with the average for the first one-half of the year.

"Few 'Warning Slips' are enclosed because the student has either failed or made the grade in the semester. A 'Warning Slip' now means the student has failed the first semester by only a slight margin and it may be possible to make up the loss by doing better work and securing a better grade the last half of the year, or it may mean the student has not shown sufficient strength in the past to warrant being fully capable of carrying the work he has now taken up.

"Eighteen new students registered at the opening of the second semester and the crowded conditions are not conducive to the best work.

"Saturday, January 29 from 2 to 7 p. m. at the high school building will occur our bond election. I would have you understand this thoroughly. We now have about 170 students coming from outside the district for which we shall receive nearly \$25,000 high school tuition money. Should the majority of the voters feel that the bonds should not be voted it will eventually mean a higher average cost and a higher levy in our own district for maintenance. This is true because the increase in the number of students means a less average cost. Last year the average cost was \$200 and we received from the outside students \$172 per capita. This would appear that we lost \$28 on each student coming from outside. This is misleading because deducting what the outside students cost us and then dividing by the remaining students it gives us approximately \$235 as an average cost. In addition to the cost in dollars we must not forget that we could not have as good a school without students from outside; we could not offer as many courses without them as with them; we could not afford to have the equipment we now have without the outside students; it would not be possible to have as evenly divided classes as we have; several of our activities would suffer (such as band, orchestra glee clubs, athletics, etc.); and it would actually mean an increased millage in our district if we did not receive the county high school tuition money. The bond issue will mean a three mill levy over a period of approximately 13 years in order to pay off same. This three mill levy is on the assessed valuation and not on the actual valuation and means \$3 on each \$1000 of assessable property.

"Personally, I feel the boys and girls of any community are its most valuable products and are entitled to serious consideration.

"We grant that education costs considerable. It is worth it. We get returns for all we put into education and we would not do without it. Our sodas, chewing gum, and

cosmetics cost us more than our entire education.

"Gresham Union high school is one of the best high schools in the state and I would have you believe me in this concluding statement: Should our bond issue fail to carry and only students from the Union high school district be admitted, we shall have more millage to pay, have a higher average cost and a high school of inferior rank.

"May I urge you to give this your serious consideration and come to the high school building and cast a vote in favor of your boys and girls or your neighbors' boys and girls?"

"Anyone 21 years of age or older, and 30 days in the Union high school district, is entitled to vote. This is a new decision recently rendered."

WALTER SCHWEDLER SINGS WITH GLEE

Walter Schwedler of Boring went to Portland with the O. A. C. glee club last Friday, to take part in a three-day program which was given in the Liberty theater. The concerts were under the direction of Paul Petri, professor of singing and conductor of choruses.

A concert was given at the Benson Polytechnic school Friday morning. The glee club returned to Corvallis Sunday evening.

Walter Schwedler is a senior in the school of agriculture.

BORING RESIDENT CALLED BY DEATH

Funeral services will be held tomorrow morning at 10 o'clock at St. Henry's church in Gresham for the late Joseph Albel, aged 88 years, who died at his home in Boring on January 23. The deceased is survived by three children, J. S. Albel, Mrs. Bertha Verdegan of Boring and Mrs. Fred Hoerner of Portland. The funeral services, in charge of the Rev. Henry Bruenagel, will be followed by interment in Sandy cemetery.

PYRATOL SHIPMENT DUE THIS WEEK

County Agent S. B. Hall is expecting a carload of pyratol, (stumping powder) in this week. There will be several hundred pounds available which have not been taken up in orders. Anyone wishing to secure more powder for use this spring should place an order this week, and get it from this car, as it is doubtful whether there will be another car ordered before next fall, says Mr. Hall.

A lot of fellows who celebrated the New Year with ootleg liquor are unable to look forward to anything.

Swims to Fortune

George Young, 17 year old Canadian swimmer, who by his great feat in the Catalina channel swim won \$25,000, is now besieged with theatrical, movie and athletic offers which promise to net him a fortune far beyond his wildest dreams.

LEWIS STAGE LINES WILL BE EXTENDED

George H. Lewis & Son, who have operated Gresham-Portland stage lines for the past three years, have announced that they have received a permit from the state public service commission to operate on the Section Line road between this place and Portland, and that the first stage under the new arrangement will leave the Gresham terminal at Roberts and Powell streets on Wednesday morning, January 26, at 9 o'clock. They promise four round trips daily.

Starting on February 1, there will be a stage leaving Gresham at 6:30 in the morning via the Base Line road and returning over the Section Line road, leaving Portland at 7:30. Every effort will be made to arrange the schedules to the accommodation of the public, and the same careful service will be extended as in the past. The new stages will use the same terminal as the other Lewis stages—the Radio Electric store, which will handle express for the stages.

Mr. Lewis expressed his appreciation of the generous patronage which has been accorded him by the traveling public, and voiced his determination to continue the service as efficiently as it is possible to give it.

JERSEY COW GETS GOLD MEDAL AWARD

A gold medal has just been awarded to Helier's Queen Maid by the American Jersey Cattle club. In a 305-day official production test, this mature Jersey cow yielded 632.23 pounds of butterfat and 11796 pounds of milk. For three months of the test Maid produced over 70 pounds of butterfat per month, and her milk for the test averaged 5.26 per cent butterfat. At five years of age she produced 552.34 pounds of butterfat and 10288 pounds of milk in 344 days. Helier's Queen Maid is owned and was tested by W. H. & M. J. Gibson of Gresham, Oregon.

Users of the Want Ad column are urged to pay cash with order and avoid sending bills for small amounts.

A matrimonial expert says the kind of girl for a fellow to marry is one with a big appetite. This may be the kind to marry but it is not the kind to take with you to a night club.

Farming is an intricate business that requires more attention than the average town business.

Engineered to Provide Lowest Maintenance and Operation Cost

The New ESSEX SUPER-SIX
 Entirely new in Appearance and Performance
 with New Bodies in a variety of Color

In performance as well as appearance, the Essex Super-Six is an entirely new car. It reveals the capacity of the Super-Six principle. It attains an engineering triumph in low maintenance and operating cost. It possesses such stamina that 50 miles an hour all day long is an easy accomplishment. And so nimble and alert is its action that no car will surpass the quickness with which it may be driven through traffic or in touring, whether the trip is one of a few city blocks or hundreds of miles. To both driver and passengers, there is rare comfort in any kind of going. Unusual accessibility means big savings in replacement, service and all shop work. Economy in fuel and oil is also a notable feature of the new Essex Super-Six. With four beautiful new bodies—all smart in line, finish and upholstery, it is easily the paramount value of Essex history.
