

**POWELL VALLEY**

Mrs. H. E. Holmes, who underwent a major operation at the Portland sanitarium January 12, is getting along nicely and expects to return to her home in Powell Valley in another week.

A missionary service will be held Saturday evening at the Powell Valley Mission church when the Rev. T. A. Westlund, a returned missionary from Africa, will speak, the service to begin at 7:30. There will be the usual Sunday services, Sunday school at 9:50, followed by preaching in the Swedish language at 11. The service will be in English at 7:30 in the evening. The young people's business meeting will be held Tuesday evening and on Wednesday evening there will be choir rehearsal. The regular prayer service of the church will be held on Thursday evening.

The morning services at the Saron Lutheran church next Sunday will be in the Swedish language. A duet will be rendered by Dr. Julius Sture and the Rev. Enoch Sandeen.

Next Wednesday, February 3, at 2 o'clock the Lutheran Missionary society will meet in the church parlor. The meeting will be addressed by Miss June Highland of Chicago, Illinois, the field secretary of the national organization. Miss Highland ranks as a very prominent speaker and her visit is awaited with much interest. Miss Ellen Unis will be the hostess of the day.

"A Journey Through the Bible" is the interesting topic for a series of Bible studies to be presented at the Saron Lutheran church during the spring season. The introductory study on the findings of archeology in regard to Bible events two weeks ago was found very interesting. The study next Sunday evening is called: "What God has done" and pictures the creation as described in Genesis, chapter 1. It will not be a one sided discussion, however, as the scientific theory will have equal consideration with the Biblical. Stereopticon slides will show the exact spot where the paradise of the Bible is thought to have been located. There will also be about 100 hand-colored slides of paradise as it is. A special feature will be some 50 slides showing the latest photographs of the planets and the constellations of the skies. For those who wish to enter into the study of this important question, it would be advisable to be present Sunday night as the pictures then shown can not be viewed again, being special slides for this occasion only. The pastor, the Rev. Enoch Sandeen, starts out Monday evening for a week's lecture tour in the state when the same subject is to be discussed. The schedule will include the state normal school at Monmouth.

"You don't say", exclaimed the agent. "What happened?"

"Well, Jack got interest in oil and took a chance. He invested his life's earnings, mortgaged his home and even got his mother to put in the \$10,000 her husband had left her. Same old story. The bubble burst. Jack was ruined. And it sort of broke his heart to see his mother taking in sewing to make both ends meet."

"Poor Fellow", answered the conductor. "Haven't you heard about him?" He used to be one of the best brakemen on the Limited and was in line for promotion, but he lost heart and has been transferred to a freight division."

"You don't say", exclaimed the agent. "What happened?"
