Sophomore day exercises were held at the high school Friday afternoon and were said to be the best ever. Musical numbers, readings, stunts and a three-act play made up a program of interest which one of the audience said beat any 50-cent show he ever attended. A visitor was present, Lester Scheeden of the Hillside eighth grade, and he was pressed into service to render one of his Swedish dialect readings. In speaking of a brave young man Lester said he wished he might do something brave to get his name in the Gresham Outlook. About 40 visitors were present who greatly enjoyed the excellent program.

The Kidder Hardware company has just completed the installation of a Deleo light system and automatic pump for the concession and confectionery establishment of Mrs. Edith Ponting near Welches.
