Putting Out to Sea

"Sunset and evening star, and one clear call for me, And may there be no moaning of the bar, when I put out to sea."—Tennyson.

Aside from the natural grief of the family when "Dad" puts "out to sea", how often does Mother have the added anguish of DREAD? Dread of the future with baby mouths to feed—and no money.

If Dad wants to protect Mother and the babies when he passes on—the one safe way to do it is by starting a Savings Account—and sticking to it.

No matter how small the income—put some aside for that day when you answer the call of the sea and "Cross the Bar."
