A gentleman and father of a 9-year-old daughter said to the president of this bank a few days ago: "Do you know those habits of savings are wonderful character builders. Our 9-year-old daughter has accumulated nearly \$50 and when she reaches that she will set a higher goal. She was given \$2.00 last Christmas and inducements held out for her to spend it. Do you think she would do so. No, sir; that was too good an opportunity to increase her savings."

To induce the children to get started and form habits such as his girl acquired we will until this advertisement is discontinued give to each boy or girl who has no account at this bank but would like to get started and will open an account with \$5.00 pledging himself or herself to leave for a period of six months, an American flag outfit consisting of a well made flag 3 x 5 feet, jointed pole and halyards ABSOLUTELY FREE.

Flag Day and the Fourth of July are near at hand and such a flag will delight the children. Get them started right. It must be done while they are young.
