

PLEASANT HOME

The Children's Day program at the Baptist church Sunday morning was very interesting and the various numbers of recitations, songs and dialogues were well rendered. The Rev. Wm. Fairweather gave a brief talk to the children.

Charles Fitzpatrick of Ocean Park, Washington, a former resident of this community visited here one day last week. He was accompanied by his sister, also Mr. and Mrs. Wilson, all of Portland. Mrs. Wilson lived here a number of years ago and attended the Orient school. She was formerly Miss Minta Birdsall.

A good representation of members of Multnomah Grange attended the dinner and reception for the National Grange Master at Fairview on Saturday evening, and all enjoyed very much the program of music which preceded the address of Master Tabor, as well as the address itself.

Mr. and Mrs. Joe Stephens and daughter of Los Angeles are visiting the former's mother at the home of E. C. Altman.

Volney Scoville of Corvallis visited his aunts, Mrs. Hjelmner Johnson and Mrs. H. C. Nelson on Sunday. He was accompanied by his sister-in-law, Mrs. Justin Scoville and daughters, Helen and Alice, of Portland.

Mr. and Mrs. B. I. Anderson received word of the arrival of a little grandson last Wednesday at the home of Mr. and Mrs. I. W. Anderson of Portland.

An auto ran into and seriously injured two cows belonging to Mrs. Sadie Chase, Sunday evening as Alvin Klinski was taking the cattle across the road to the pasture. Mr. Klinski signaled the autos to stop, and one did so the other failing to obey with the stated result. The occupants of the car were more or less shaken and injured. The auto is more and more becoming a menace to the people of the country as well as the city. Autoists from the city seem to think the farmer who feeds them has no rights whatever. Time after time the correspondent sees them stop and break down shrubbery along the wayside even breaking branches from apple trees without a "please" or a "thank you." From Saturday noon until Monday morning one almost dreads to drive from a by-road or attempt to cross a highway, for fear of an accident by the on-rushing automobiles.

Mr. and Mrs. Geo. Turner and daughter Jewel, and Mr. and Mrs. Henry Turner and children, William and Emily, of Salem, spent Sunday at the Fairweather home, also Mrs. Russell and daughter of Portland were callers in the afternoon.

Grandma Waybill is spending a few weeks at Sherwood with her daughter, Mrs. James Knight, and her granddaughter, Mrs. Julia Hunter.

Miss Hazel George of Portland is at the home of her grandparents, Mr. and Mrs. W. I. Harris, to recuperate after an attack of mastoid trouble.

Mr. and Mrs. Frank McKinney had as guests on Friday their son Charles, and Miss Lucille Felling, who have been students at O. A. C., the past year. They left Saturday morning for Pendleton, the home of Miss Felling.

Strawberry picking is the chief topic of conversation these days in this community. The later berries have not yet begun to ripen, but a few days of sunshine will bring them along with a rush.

POWELL VALLEY

On Thursday evening the Swedish Mission church will use for its Bible study theme, "Outline of Events." A nine-foot chart will be used in the study.

The MAYTAG Stays GOOD

BUILDING the Maytag tub of cast-aluminum gives it unmatched endurance as well as superior washing ability. Not only is it proof against rust, rot, splitting, warping or corrosion, but it keeps the water hot longer. The Maytag is built throughout, to match the sturdiness of its seamless, lifetime tub—the Maytag stays good.

The cast-aluminum tub, exclusively Maytag, is shaped to produce a vigorous, penetrating water action in every inch of the tub all the time. It holds four gallons more than ordinary washers, and washes its fill of clothes in 3 to 7 minutes—an average washing in an hour, making the most grimy garments beautifully clean without hand-rubbing.

Washes one piece or a tubful with equal efficiency, and when you are through, the cast-aluminum tub empties itself and cleans itself.

For homes without electricity the Maytag is available with in-built gasoline motor
