

GRESHAM OUTLOOK

Published every Tuesday and Friday at Gresham, Oregon, by the Outlook Publishing Co., H. L. St. Clair, Editor and Manager.

One year, \$2.00, six months, \$1.10, three months, trial subscription, 60c. Combination rates with all the Portland Dailies.

ADVERTISING Rates reasonable. Our representation will call.

Entered as second-class matter March 2, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

A LIFE FOR A LIFE.

Can any fair-minded person think that there is anything unfair in the infliction of capital punishment on Luther Baker, Vancouver bootlegger, for shooting down in cold blood Sheriff Lester Wood who was trying to apprehend the law-breakers?

According to announcement in this morning's papers the three brothers, Luther, Ellis and Ted Baker were convicted last night of first degree murder. Luther, who evidently did the shooting, is to die for his act. The others, who evidently abetted the crime, get life imprisonment.

Another proof that there is death in the cup that intoxicates.

"THE ELECTRIC WAY"

The midway at the fair might well be called the "electric way" because of its extensive use of the white light and silent power. In fact, the various electric machines and appliances in use and on demonstration would make a good-sized exposition in itself.

That the "electric way" is the modern, clean and convenient way is abundantly demonstrated at the fair. In fact, the night shows, the illumination and many other desirable conditions would be impossible without it. In one case at least an electric motor is used to show the working of a gas engine, with possibly one exception, all the machinery of the midway shows is run by electric motor—clean, noiseless, quick and sure.

LEGISLATOR AT FAIR.

Representative D. C. Lewis is on the fair grounds today. On his way he favored the Outlook with a call. At the last session of the legislature he introduced a joint resolution, which was passed, memorializing congress to appropriate the necessary funds to provide for a survey for a ship canal from Terminal No. 4 up the Columbia slough to Blue Lake.

Mr. Lewis says the Columbia affords the natural line for such a canal and it should be developed and made suitable for ocean-going vessels. Kenton, with its shops, would be ablaze with enthusiasm, and Fairview and Gresham would be put on the map.

The proposed canal is no dream. Some day a congressman will be elected pledged to work for this development and Mr. Lewis thinks now may be the time.

AUTO DEALERS LIST PROSPECTS

Three Gresham automobile firms, the Hessel Implement company, Brockway & Nelson and the Walter Metzger Buick agency are lining up a nice line of future prospects at the county fair grounds this week. The day of old Dobbin is past and the farmer now enjoys the luxuries of an up-to-date car along with the rest of them.

The Hessel Implement company not only features the latest models in automobiles, but it also has a full line of farm implements with which to make the farming burden lighter. Shallow and deep water systems, DeLaval cream separators, electrical milking machines, irrigation pumps, four-horse potato diggers, silo fillers—these are some of the labor savers on the farm and now regarded as indispensable. In automobiles they are featuring the Chrysler four and six, the Willys-Knight, Whippets four and six, and Studebakers.

Brockway & Nelson are attracting considerable attention with the open motor which is operated over the mirror, showing in detail the crank shaft movement. They have a number of fine cars on exhibit—a two-ton Graham Brothers chassis, a one-ton Graham with express cab and body, a three-quarter Graham with screened side and a four sport Dodge Brothers roadster. There is always someone around to explain the fine points of these excellent machines and offer expert advice on their care and manipulation.

Walter W. Metzger has on hand a large display of Buicks and Chevrolets, the makes of cars handled by this progressive agency. Mr. Metzger and his attentive corps of helpers spare no effort to acquaint the public with the merits of the line of car he represents.

Everyone is delighted with the splendid acrobatic feats of the three who appear during the races.

What you want, when you want it, as you want it—Want Ad it. Outlook Want Ads, get results.

Mother and Daughter Killed on Base Line

A particularly sad tragedy occurred on the Base Line road a short distance east of the 12-mile corner on Wednesday morning about 6:45 when Mrs. Wm. Sulisky, 40, and her daughter Mary, 9, were struck by an automobile while they were walking along the road on their way to work at C. Okabe's berry farm. The mother was instantly killed and was carried for 75 feet before her body fell to the pavement. The little girl was thrown to one side with such force that she was rendered unconscious. She died about 20 minutes after being struck.

The bodies were taken in charge by the coroner and were not identified until evening. It was apparent to those who gathered after the accident that the victims were berry pickers, and inquiry was made at the berry farms in the vicinity but no one could identify them. The husband and father and two eldest sons were working near Bull Run and the eldest girl, Helen, was employed in the kitchen at the Ruby Golf club. The girl went home in the evening and her mother was not there. She was then taken to the Okabe place and they reported that neither Mrs. Sulisky nor Mary had been there during the day. A visit to the morgue in Portland confirmed the fears of the girls that the victims were her mother and sister.

Mr. and Mrs. Sulisky moved to this vicinity about two years ago and were on the D. E. Towle ranch last year. The family is now on the Bowman farm on the Fairview road north of the Base Line. Several of the children, including the one who was killed, attended the Gresham grade school. There are seven children surviving, the youngest 15 months old. They have recently taken a farm near Bull Run, where they planned to make their home.

The driver of the death car was J. W. Smith of Portland, who was returning from Bonneville, where he had gone earlier in the morning with a load of provisions for the Knights of Columbus picnic that day. Shortly before he struck the two he passed C. H. Hoecker, who was driving 30 miles an hour. Smith said that he was driving 35. He had taken his hat off and placed it in the seat beside him. It is thought that act and the passing of the other car were the reasons for his not seeing the woman and girl until he was upon them. They were walking on the north side of the road and were thus facing the approaching car, which must have been going at an excessive rate of speed, as the radiator of the car, which is a Chrysler, was pushed back five inches into the hood, front bumpers were badly bent and the headlights dislocated.

The coroner's inquest into the accident was held this afternoon in Portland. C. H. Hoecker and Mrs. E. W. Aylsworth were called as witnesses. Neither of them actually saw the accident but were among the first on the scene and Mrs. Aylsworth assisted in the care of the little girl until she died.

Government sale of liquor has been preached as a panacea for illicit liquor business, but experience is proving that it is working out as a most helpful screen, and not by any means a cure.

Dr. R. B. Cochran, pastor Augustine United church, Winnipeg, Man., in publicly giving results of personal investigations into this claim finds that there is more bootlegging in Manitoba today than at any other time in the history of the province.

And Dr. Cochran gives proof in cold figures. Under prohibition infractions of law for illegal sales averaged 670 for six years. Since the adoption of government control, the number of these infractions has been steadily mounting, and for the first ten months of 1926 numbered 873.

But a more startling condition is the fact that convictions for all offenses during 1925 reached the highest point in the history of the Province of Manitoba.

These liquor-association facts can be duplicated wherever the results of prohibition can be brought into contrast with the results of any form of legalized liquor sale.

These things should arouse the Church of God to present a new united front to give battle to legalized liquor sale.—Canadian White Ribbon Tidings.

The slices of lemon usually served as a garnish with fish, whether it is broiled, fried, or baked, are not merely a decoration. They are meant to furnish the lemon juice which makes the fish more appetizing, and incidentally to increase the supply of vitamin C in the meal. Many people prefer to pass the lemon separately rather than to garnish the platter with it. The slices of lemon are especially attractive if sprinkled with chopped parsley.

Users of the Want Ad column are urged to pay cash with order and avoid sending bills for small amounts.

EUGENE SCULPTOR MAKING PORTRAIT A marble portrait, one of the few to be made at the university school of fine arts, will soon be completed in the sculpture studio by Miss Eunice Zimmerman of Eugene, a graduate with the class of 1922.

The work, which is a study of the head of a young girl, was begun two years ago when Miss Zimmerman was attracted by the features of one of her pupils while teaching in the junior high school in Eugene. She modeled the head in plastiline and had a plaster cast made of it, but was forced to drop her work at that point because of having to leave for Juneau, Alaska, where she had accepted the position of supervisor of art in the school department.

Early this summer, however, Miss Zimmerman returned to enter the summer session and continue work on the marble. She first had to establish hundreds of points on the high parts of the head and face with a delicate instrument. These are necessary as guides to the chiseling, which is done with small chisels and files, which she borrowed from Avar Fairbanks, professor of sculpture, as the university is not equipped with tools for marble work.

Government sale of liquor has been preached as a panacea for illicit liquor business, but experience is proving that it is working out as a most helpful screen, and not by any means a cure.

Dr. R. B. Cochran, pastor Augustine United church, Winnipeg, Man., in publicly giving results of personal investigations into this claim finds that there is more bootlegging in Manitoba today than at any other time in the history of the province.
