

Gresham Band Will Be Lake Attraction

The Gresham band is coming into its own. Its ability is becoming more widely recognized and the opportunities for it to distinguish itself are increasing. Its influence is spreading. With a more loyal local backing and a growing field for its services it is destined to become an even greater credit to its leader, its members and the community.

It is announced by Jas. McGill, manager of Blue Lake park, that on Sunday, Sept. 4 and Monday, Sept. 5 (Labor Day) the large dance pavilion at Blue Lake will be turned over to the Gresham band, the proceeds to be for the benefit of the band. Tickets will be sold under a popular plan that should not only attract thousands to the popular lake resort but should net the band a tidy sum.

It is the ambition of the band to sponsor a band tournament at Blue Lake next year, similar to the one held recently in which the local band won first place. It is hoped, however, to have a dozen to 20 bands competing.

Mr. McGill gives great credit to the Gresham band and takes this way to show his interest in their success.

Worrying About Rubber.

The American public is told that England has a corner on the rubber of the world. Some of the great tire manufacturers in the United States complain that their business has been ruined by competition and that the low prices for tires is responsible for the wreck of their fortunes. In the face of all these complaints "new blood" is "pepping" up the tire business. Frank A. Seiberling is putting out a new improvement in tires such as curing them with water bags, and he is running away ahead of the rubber tire industry, thus furnishing proof that merit and better service is recognized by the public.

Latest market information on the apple crop indicate the lightest crop in 20 years except in 1921, but the crop in Canada, England and Europe is better than last year. The pear crop is estimated at 69 per cent of last year.

IGNITION SPECIALIST.

That's us. Bring your car here for any repairs, adjustments or parts for the starter, generator, switches, wiring, lighting, etc. Work done by an expert and is positively guaranteed. We carry a complete line of ignition parts. Gresham Garage, phone 2391.

Pedigree Blanks.

The Outlook has a supply of pedigree blanks, useful for dairymen, stock and poultry raisers. Large, very useful, at 5 cents each, 25 for 85c.

Mention to an advertiser that you saw his ad. in the Outlook.

COOKING SCHOOL IS POPULAR WITH WOMEN

If anyone doubts the popularity of a cooking school as a means of diversion for Gresham ladies, he would be promptly set at rest on that score to observe the attendance at the Crown Mills demonstration held on five days of last week in the basement of the Methodist church. On Friday afternoon fully 100 took advantage of the interesting lectures and demonstrations given by Mrs. L. A. Humphreys of Portland. Salad dressings of various kinds were discussed and sampled, as were an excellent whole wheat bread and two different varieties of cake.

Ivan Swift, district manager for the Portland Electric Power company, was present and spoke briefly on the merits of the various automatic electric ranges which were on exhibit in the room. Mr. Swift gave out some interesting figures regarding the cost of electricity for cooking which dispelled the idea that this fuel is prohibitive for people of slender means.

Quite the most interesting event of the afternoon was the awarding of nearly 20 articles of varied values to as many persons. This was made possible by the Crown method and proved a popular method of advertising. The first thing to be given away was a handsome cake baked by Mrs. Humphreys in one of the model electric ranges used by her in her demonstrations.

Everyone was thoroughly pleased when the cake was given to Alta Hanning, a little crippled girl who that day was celebrating her 16th birthday. Her pleasure was very evident as the beautiful large iced cake was placed in her hands and the pleased look was reflected on every face present.

Alice Suhr was awarded a 49-pound sack of Crown flour and others present carried home lesser mementos of the occasion.

It is safe to say that the week's series of cooking lessons was much appreciated by Gresham housekeepers and a future visit by Mrs. Humphreys to Gresham will be warmly welcomed.

HOGAN

Mr. and Mrs. Mark Doryland and family enjoyed a picnic supper at Dodge park one evening last week. Others in the party were Mr. and Mrs. Emanuel Miller and Mr. and Mrs. Carl Long of Gresham. Mr. and Mrs. Ted Miller and C. Appleyard of Portland.

Mr. and Mrs. Carl Schultz and two boys spent Sunday with Mr. and Mrs. E. T. Valliant at their home at Lake Grove. They enjoyed their dinner picnic fashion on the lawn and in the afternoon went swimming and canoeing in Oswego lake.

FAIR BOARD DISPLEASED WITH CARNIVAL

The few members of the fair board who attended last night's adjourned meeting, including H. A. Lewis, A. W. Metzger, T. R. Howitt, Theo. Brugger, C. I. Raker and H. L. St. Clair, gave serious consideration to the conditions which have called forth considerable criticism, especially the character and location of certain concessions on the fair grounds.

No official statement was made by the board but the members present expressed themselves as being as displeased as any over the character of the carnival attractions excepting the rides. It was stated the blanket concessions were a part of the carnival outfit and the space was sold to the carnival with such features and concessions as they chose to bring. When once they were located on the ground it was difficult to oust them unless charges of criminal or unlawful practices were brought against them.

The easiest explanation is that they put one over on those who had the concessions in charge. It is a fact that various members made vigorous objections on the grounds at the time but stopped short of drastic action. The sheriff's forces on the grounds preserved general good order, the best that has been observed for some years and great credit is given Sheriff Hurlburt and his deputies, Constable Squire and others. There was less evidence of the presence of illicit liquor than ever before. But in the conduct of the concessions the officers did not feel called upon to act unless there was complaint of

law violation and specific evidence was hard to get.

If the sentiment of the fair board members at present sticks until plans are made for next year's fair it is quite certain no such arrangement will be made with this year's carnival company or any other for the board is disgusted with the outcome from every standpoint.

Some members of the board, however, think some persons take the situation too seriously, for the same things seen here at the county fair are allowed at most other large fairs. Perhaps it is natural for people to complain about things at home which they will see elsewhere and think little or nothing of them. There is however no good excuse for anything like the "skin" games permitted at the Multnomah county fair or any other fair and it is believed the fair board fully realizes this fact and will rule them out in the future.

The finance committee, consisting of T. J. Kreuder, H. A. Lewis, A. W. Metzger, Theo. Brugger and T. R. Howitt, assisted by Mrs. Grace Exley and C. C. Shay & Co., expert accountants, are carefully going over the accounts, okeing bills, and adjusting the finances as fast as possible.

No reports were complete at last night's meeting but it was stated that the attendance and gate receipts were about the same as last year and that the grandstand receipts would not total as much as last year.

The next meeting of the board will be the regular meeting on Thursday night, September 1.

Dogs Kill Sheep of Theo. Brugger

Theo. Brugger has suffered the loss of 22 sheep during the past week from depredations of dogs. The dogs began their work last Tuesday night when they killed seven fine ewes out of the flock of purebred Oxforddowns kept in the pasture on the south portion of the farm. Two nights later the dogs made another raid, killing 14 young ewes, leaving one wounded which died a day or two later.

Mr. Brugger is prepared for the dogs and expects their return when they will forfeit the right to live. He has seen them and others have seen the same dogs in the vicinity.

The direct loss of the young ewes to Mr. Brugger will amount to several hundred dollars.

Three years ago dogs raided the same flock and killed five. At that time Mr. Brugger killed the two dogs which had done the damage and has been free from trouble of this kind until last week.

TREAS. KAY REPORTS ON STATE FINANCES

State Treasurer Tom B. Kay has made a report of the state's finances as of August 1 and finds in the general fund \$411,289.69. Last year on August 1 it was \$1,648,865.81.

The bonded indebtedness of the state is \$64,847,660, which includes Oregon district interest bonds in the amount of \$2,130,910; Oregon farm credit bonds, \$450,000; state highway bonds, \$35,266,750 and Oregon veterans' state aid bonds, \$27,000,000.

The state highway debt will be reduced by \$800,000 in October of this year and the veterans' state aid bonds will be retired in the amount of \$500,000 on January 1 next.

State Treasurer Kay says that had all appropriations authorized by the last session of the legislature been expended from the general fund, the money would have been exhausted long ago and that there would be a deficiency of approximately \$300,000 faced by the state, according to Treasurer Kay. Among the appropriations which were authorized but which have not been expended to date are the following:

Eastern Oregon normal school—Construction \$175,000, salary and wages \$40,000.

Tuberculosis hospital—Voted by people, \$150,000; legislative appropriation for construction, \$169,850, and salary and wages, \$50,400.

Nurses home at state hospital—Construction and equipment, \$130,000.

State office building—Legislative appropriation, \$90,000.

State tax commission—Appropriation for administration of blue blank law, \$15,000.

Budget director—Part of appropriation aggregating \$7500.

PORTLAND YOUTH DIES IN AUTO ACCIDENT

The week-end was marked by a fatal accident in this vicinity when Donald DeVoe, 19, of Portland lost his life as the result of being crowded off the highway one and a half miles east of Boring on the Sandy road Saturday evening about 7 o'clock.

Young DeVoe was one of a party of four on the way to Welches to spend the week end. Their machine was being driven by E. D. Pyles whose wife and three sons were at Welches in company with the three brothers of DeVoe. Pyles started to pass a machine after being given the road, when the car suddenly swerved back into the road again, crowding the Pyles machine into the ditch. It turned completely over and caught young DeVoe underneath.

The boy was brought to the office of a Gresham surgeon by a passing motorist C. Pahl, but life was extinct when the office was reached. It is thought that death was probably instantaneous. The body was removed to the Gates Funeral home and later to the East Side Funeral directors, where the funeral was held this afternoon. Interment was made in Lone Fir cemetery.

TEMPERANCE WOMEN ENJOY FINE PICNIC

More than 200 were present at the county W. C. T. U. picnic held at Laurelhurst park Thursday. The picnic dinner was most enjoyable and appetizing affair. The main table was set in the form of a T and later smaller tables were added.

After the abundant repast the 14 unions present of the 20 in the county put on an interesting program of educational features representing different departments of the work. The Rose City park union won first place in this program which took on somewhat of a competitive form. Amusing stunts were also staged during the afternoon.

Several Loyal Temperance Legion, comprising the children of the W. C. T. U. members, presented a varied program of interest. Visiting members were present from Seattle, Winnipeg, Ontario, Idaho and other places. Mrs. W. F. Honey, Mrs. Lulu Horning, Mrs. H. S. Clow, Mrs. H. C. Larsen and Mrs. I. S. Korsund were present from Gresham.

The announcement was made during the afternoon of the coming county W. C. T. U. convention to be held at Montavilla in September. Someone had thoughtfully painted red arrows throughout the park designating the direction leading to the W. C. T. U. tables.

The calendar says dog days are now ended but that doesn't mean there are any fewer dogs.

Window Cleaning.

For expert window cleaning see S. Tajima, or leave orders with J. Ross Brown, Gresham, phone 2501.

Premium Awards at Fair Continued

WRITER DEFENDS CONDUCT OF FAIR

August 22, 1927.—Editor Outlook:—Was the fair a success? What is the matter with some people? Have they a one-track mind? Mr. Davis thinks that the fair was not a success except as a sports event. I would advise him to have his eyes opened next time. If he would, he would have seen wonderful exhibits. Poultry and stock exhibits could not be beaten, and I wonder if he visited the club building, also the wonderful flower display.

As for the sports events, the majority want them, also the chance games. We do not have to patronize them unless we choose, and they help to make the fair lively. Let us try to see the good in our fair.

MRS. A. B. WITTER.

FORMER GRESHAM GIRL IS WED IN PORTLAND

Several Gresham relatives and friends attended the wedding in Portland Saturday evening of Miss Anna Hoover, a former Gresham resident, who was that evening married to Dean W. Potter. The bride, who is a sister of A. F. Hoover, was a graduate of the 1921 class of Gresham Union high school.

The Hoover residence in Portland was attractive in decorations of pink gladioli and ferns. The bride was beautiful in a gown of white flat crepe and carried a bouquet of Cecil Brunner roses and pink sweet peas. The bride's attendant, Mrs. Maude Means, was gowned in peach silk crepe and carried orchid sweet peas and roses. A brother of the groom attended him as best man.

Refreshments of ice cream, cake and punch were served. Mr. and Mrs. Potter will reside in Portland.

WHITE ELEPHANT COMING WITH CIRCUS

Hailed as the "greatest feature of all time," Pawah, the world-famed sacred white elephant of Burma is to be presented in the menagerie of the Ringling Bros. and Barnum & Bailey combined shows when the big circus exhibits at Portland, Friday, August 26.

Pawah is the first of his kind to be found in more than 300 years and the only genuine sacred white elephant ever brought to America. He is accompanied by his supreme keeper, Dr. S. D. Po Min, and attended by a retinue of 14 native Burmese. The present is Pawah's only season in America, the Ringling Brothers being under bond to return him to Burma at the close of the tour.

Pawah is of those rare elephants that the Buddhists of today and centuries past have worshipped in the belief that in their huge bulk reposes the soul of Buddha. And certainly he is as different from those elephants with which the public is familiar as day is from night. His eyes are milk white, set with sparkling pupils. His skin is soft and pliable. His body is white as a "white man" is white. To quote the French authority, M. Dussard, he is "as gentle as a kitten and as beautiful as a Greek statue."

This rarest of beasts was found eight years ago in the jungles of Lower Burma, midway between Mandalay and Rangoon. Last summer he was brought to England under the protection of the British government and in the face of threats from the Buddhist priests who protested that his departure from Burma would bring dire calamities. More than two million people saw Pawah when he was presented under the auspices of the London Zoological society. The bringing of the white elephant to America is in furtherance of the Ringling policy of constant enlargement. The arctic portion of this season's circus introduces five rings in place of the usual three. The big show's personnel numbers more than 1600 people and 900 horses. A hundred double-length railway cars are required to transport its 10,000 marvels, plus a special Pullman for Pawah and his attendants.

Notice to Our Patrons.
After September 1st this garage will close at 1 o'clock every Sunday afternoon. Gresham Garage.—Adv.

Used Ranges and Heating Stoves at bargain prices at L. L. Kidder Hdwe. Co.—Adv.

Our fuel line is well assorted including Rock Springs Lump Coal, Gas Briquets, Fuel Ties, and Slabwood at summer prices direct to you from the car. It makes a savvy for you. Order now. Phone 1371, calling for Mr. Dean.—The Berry Growers Packing Co.

Coming Events

Tuesday Evening, August 23—Berry growers' meeting at cannery.

Thursday, August 25—Annual picnic Home Economic club of Multnomah county granges, Laurelhurst park.

Saturday, Aug. 27—Public playground picnic at Gresham grade school.

Sunday, Aug. 28—Swiss Turnverein and picnic at Cedarville Park.

Sept. 20 to Oct. 1—State fair at Salem.

High School Will Open September 12

Gresham Union high school will open two weeks from the coming Monday, September 12, with every prospect for an increased enrollment. The school buses of last year will operate from Boring, Damascus, Troutdale, Gilbert, Powellhurst, Lynch, Victory and way points, Powell Valley and Orient. Principal R. E. Cannon will not predict what the increase will be, but has advised the possibility of needing one or more additional vehicles for transportation, which will be provided if the need arises. It is possible that private cars will be used.

C. E. Rusher, school janitor, is having everything placed in tiptop shape for the first bell. Registration, which really begins the school year, will take place at the high school building on Saturday, September 10, from 8 a. m. to 5 p. m. All freshmen and new students are expected to register at that time. Monday will be given over to assignments of lessons and securing new books and the ball will begin rolling on Tuesday.

The members of the faculty will meet on Saturday afternoon at 2 o'clock to arrange for a good start the following Monday. This meeting will be held in room 2 of the second floor. All teachers will return so far as is now known, with the exception of Miss Elizabeth Parker, Miss Helen Ankorn, Mrs. Isa Wheeler and Kenneth Fendall. Miss Parker is in France, Miss Ankorn in New York city and Mrs. Wheeler is living near Boring. Mr. Fendall has moved to a farm near Newberg. Edward B. Starkey, the new instructor of the agricultural department, is now on the job and will drive the Gilbert bus.

There will not be the usual ten-minute assembly in the morning and the 20-minute assembly at noon, but special assemblies will be called as needed. The gym will be used if the registration should be increased. Last year the assembly was over crowded and three extra rooms were used. Mr. Cannon is anxious to see the new system put into practice and says everything is in readiness for registration day.

YOUNG SWIMMER DIES FROM HEART FAILURE

Blue lake has claimed its first victim of the season, Dale Lionberger, residing on the Base Line near Barker road, who was drowned last Sunday afternoon about 4 o'clock while bathing with friends in the waters of Blue lake. The body was recovered by companions shortly afterward, but all efforts of a pulmonator and injections of adranalin to restore heart action were unavailing.

Those in a position to know say that death did not result from drowning, as no water whatever was found in the lungs after death. The young man, whose age is 17, was recovering from an illness and it is thought his heart was weakened in consequence. He had partaken of food just prior to entering the water, and it is possible this may have had something to do with his inability to care for himself when beyond his depth.

The unfortunate lad is the son of Mr. and Mrs. Albert Lionberger and, besides his parents, is survived by five brothers Isaac, Glen, Kenneth, Earl and Harold and two sisters Edith and Erma. Funeral services will be held tomorrow morning at 10 o'clock from the funeral home of Gable & Co., with interment following in Rose City cemetery.

For real estate loans see or call B. W. Thorne.—Adv.

Do You Know?

A game of questions for the whole family. The Outlook has arranged to run this interesting feature regularly. The answers to the following questions will be found elsewhere in this paper. Reasonable and proper questions sent to this department care of Outlook will be answered, if possible.

(Copyrighted by Milton O. Nelson)

1. How fast can corn grow?
2. What is a papal bull, and why so called?
3. What capes in Spain and England have the same name?
4. Why is Portland cement so called?
5. How much wool does the United States produce and use annually?
6. Did the Allies in the World War use dogs for searching out and relieving the wounded on battle fields?
7. Who were America's two most distinguished bachelor poets?
8. Why is a nightmare so called?
