At the regular meeting of the fair board on September 1 it appeared the reports of the recent fair were still incomplete and many business items had to be deferred on account of uncertainty regarding the financial situation. The meeting was adjourned to Monday night, September 12, when it was thought the board would know more clearly where it stood. It was stated by a member of the finance committee that it was believed when all that was owing to the fair association had been collected the fair would be able to meet all its obligations. The reports from other fairs indicate that generally it has not been a very favorable year for fairs.

There was no regular council meeting last month, it is reported, on account of difficulty in securing a quorum. Tomorrow, Wednesday, night is the time for the regular meeting and there will probably be a full attendance and much business.

### Money

If you save all you earn, you're a miser.  
If you spend all you earn, you're a fool.  
If you lose it, you're out.  
If you find it, you're in.  
If you owe it, they're always after you.  
If you lend it, you're always after them.  
It's the cause of evil.  
It's the cause of good.  
It's the cause of happiness.  
It's the cause of sorrow.  
If the government makes it, it's all right.  
If you make it, it's all wrong.  
As a rule it's hard to get.  
But it's pretty soft when you get it.  
It talks!  
To some it says, "I've come to stay."  
To others it whispers, "Goodbye."  
Some people get it at a bank.  
Others go to jail for it.  
The mint makes it first.  
It's up to you to make it last.
