Mr. and Mrs. M. Ponylite and four children have recently moved to Gresham and have located in their new home which Mr. Ponylite has erected in the Eastman addition. The family came from Minneapolis, Minnesota, about a year ago, and has been residing on Birdsall avenue and the father is still employed there by Mrs. Marie Johnson.

Mrs. J. C. Turner has been ill for several days at her home on North Main street, but is now thought to be improving. The family was visiting last Sunday at her brother's home in Portland when she was taken suddenly very sick and brought home.

Music and games were enjoyed during the evening. Incidentally the affair took on the nature of a farewell function for Mrs. Florence Botkin who will leave Sunday to join her husband at Tillamook where they will make their home.

Miss Mildred Kummel has been named as the successor of Mrs. Florence Botkin at the Bank of Gresham. Mrs. Botkin has been an efficient helper in the routine office work of the bank for the past five years.

E. M. Ward, who underwent an operation at the Portland sanitarium on Labor day developed pneumonia and was very sick early this week but is now reported doing well.

Many residents of Gresham and vicinity went to Portland Wednesday for a sight of Colonel Lindbergh and his plane. Many others here were fortunate in seeing the plane go over this section on its way to Portland. It came down the Columbia and passed over this part of the country. It was recognized by its silver grey wings and the letters and figures on the under side.

Callers on Dr. Mary Becker and her brother, W. R. Becker on Wednesday were Mrs. James Cruickshank of Oak Grove, Oregon, and her guest, Mrs. Chas. Lorenzen of Arlington Heights, Illinois, the former home of the Beckers.

Mrs. Jas. Lawrence was brought home Sunday from Good Samaritan hospital and is much improved in general health.

His instructor will be a Russian master of music, Jacques Gerfkovitch. Clifford has been engaged to play in the White Temple orchestra during the coming season. He will continue his work in the junior symphony orchestra as a part of the conservatory course.

Mrs. Miller's appointment has been approved by the international council of religious education of Chicago.

Frank Welty, salesman for the Hessel Implement company, has again landed the prize of \$25 for selling the most used cars for a designated period in a contest put on by the company. From September 1 to 15 Mr. Welty sold seven used cars. This is the third time Mr. Welty has won first place in a similar contest for the year. He also came out ahead twice last year.

Mrs. Alta Truitt and daughter Louise returned Wednesday from Newkirk, Oklahoma, where they had gone to visit Mrs. Truitt's mother who was ill. They report that they now know how to appreciate the wonderful Bull Run water which the people of this vicinity are favored with, as the water where they have been is extremely distasteful.

**A SEA CAPTAIN—**

—once became desperately sick at sea. Plenty of medicine on board—but no physician. Finally the wireless got in touch with the surgeon of another big vessel. He diagnosed the illness as ptomaine and gave instructions what medicines to use—and the captain's life was saved!

This actual circumstance well illustrates a common fact—that we all possess the means of saving ourselves from most disasters.

Not many of us have ptomaine poison—but there are thousands of us who have financial ptomaine.

Today, this bank sends out its wireless to all who are in financial distress to Save Themselves by living within their incomes. Work and SAVE.

"If you would be sure you are beginning right, begin to save."—Roosevelt.

Watch for their words of wisdom—they'll appear from time to time in this newspaper. You won't be sorry if you do as they advise.
