

Gresham Locals

Mr. Harter and his daughter from Denver, Colorado, were New Year callers at the home of Mr. and Mrs. Fred Fieldhouse.

Sunday visitors at the L. P. Manning home were Mr. and Mrs. Carl Lorenz, Mrs. W. H. Dobbins and daughter Patricia and son Warren, Mrs. Lillian Peterson, Lane Manning Jr., and his son Edwin, all of Portland.

The regular meeting of the Gresham grange will be held Saturday, beginning at 10:30 a. m. Election of officers will take place at this meeting.

Mr. and Mrs. R. E. Conn are at Cherryville for a few weeks running the cook house for Mrs. Conn's two sons, Fred and Ray Palmquist, who are operating a portable saw-mill at that place.

Mr. and Mrs. Pat McCormick, who have been occupying an apartment at the Emery home for several months past, have moved to Portland. Mr. McCormick was engaged in work for a county highway paving concern during his stay here.

Mr. and Mrs. O. J. Briney, who have been living for several months past in the Steve Wright place in Whitehead addition, have moved to Fairview to reside.

Word has been received by relatives here and in Portland of the death on January 3 at Los Angeles of the late Rev. John S. LaDue, who had been in failing health for some time. Mr. LaDue years ago, with his parents, resided in Gresham. His late wife was a sister of D. M. Cathey, Mrs. S. C. Jones and Dr. B. A. Cathey of Portland. A sister, Mrs. Charles Kadderly, also resides in Portland. Mr. LaDue's parents, the Rev. and Mrs. T. S. LaDue, are buried in the Gresham cemetery. The deceased was a clergyman and an educator of note, having been connected for years with Greenville college in Illinois. Several years ago he had the pleasure of visiting the Holy Land and gave many interesting lectures on his return concerning the trip.

To Mrs. Sevilla Spencer belongs the honor of reporting the first daffodils of the season. About a half dozen daffodils and a snowdrop are growing in an outside window box, apparently withstanding the recent cold snap. Mrs. Spencer states she had given them no special care.

J. F. Barnes left Monday by automobile for an extensive tour of California, which will be a combination of business and pleasure. He will take orders for lumber in carload lots for a Portland lumber house, the orders to be handled through the local lumber firm of Barnes & Son. Mr. Barnes, who is general manager of the Gresham concern, plans to be away the remainder of the winter, and during his absence his son Herbert Barnes, who is secretary and treasurer of the firm, will handle the business of the yard and office.

Dr. H. C. Johnson has purchased a new Dodge Brothers sedan through the local agency of Brockway & Nelson. Walter Balmer, a dairyman on the Base Line road, recently bought a Dodge Brothers three-quarters-ton truck through the same dealers.

B. O. Boswell has purchased a second Ford coupe which he will use in his business in connection with the Portland Electric Power company.

The Rev. and Mrs. S. F. Pitts drove to Oregon City Tuesday, where they visited Mrs. Martha Moar who underwent an operation in the hospital there on January 4 for the removal of a tumor. Mrs. Moar, who formerly was a resident of Damascus, has many friends in Gresham who hope for her recovery. While in Oregon City Mr. and Mrs. Pitts had the pleasure of visiting Mr. and Mrs. R. M. Hardy, formerly in the photographic work in Gresham. They have a studio at Oregon City and are doing well.

In a letter received recently at the office of S. B. Hall, Mr. and Mrs. W. D. Kinder state they arrived safely at their destination at Boise, Idaho, and are much pleased with their new surroundings. Mr. Kinder began his new work on January 5 as district extension supervisor of club and agricultural work for seven counties of the state of Idaho. On their way to Boise they stopped for a few days with relatives of Mr. Kinder at Prescott, Washington, the only place where they saw any snow. They enjoyed a fine trip through the mountains. The successor to Mr. Kinder as Multnomah county club agent has not as yet been announced.

Mr. and Mrs. S. W. Thomas and son Dean of Tillamook spent Wednesday and Thursday at the home of Mr. Thomas's parents at the Thomas sanitarium.

M. L. Smith, construction laborer for Bent Brothers, at Bull Run, is at the Thomas sanitarium undergoing treatment for injuries received recently when he was hit on the head by rocks while at work in a pit. Mr. Smith's condition is not serious, however, and he is expected to be out in a short time.

Due to unusually mild weather and warm rains in this locality, the snow is fast disappearing from streets and highways. Concentrated endeavor on the part of a number of citizens also assisted in removing the snow from in front of business houses.

Word has been received from Miss Myrtle Rusher, who spent the Christmas holidays at home, that on route to California she was most unexpectedly joined at Eugene by Miss Mary Cogswell who decided to return to Berkeley to complete her senior year in the University of California. Dr. A. S. Hisey was a passenger on the same train the day the girls started for California and the three enjoyed a pleasant review of old days. He was on his way south to attend a church gathering.

Several young boys of Gresham who have been engaged in pilfering from local stores have been apprehended and taken before the juvenile court in Portland, where their cases are now under consid-

eration. Among the places where they are said to have been operating are A. W. Metzger & Co., L. L. Kidder Hdw. Co., Newberg Packing Co., and even stealing from bread boxes. These depredations evidently have been going on for some time and have at last been brought to the attention of the proper county authorities. There seems to be two gangs operating and some of their work apparently begins mornings, between 6 and 7 o'clock, when the night and day marshals are exchanging shifts.

The So and Sew circle of the Methodist Ladies Aid will meet at the home of Mrs. Burton Walrad Jr., Wednesday afternoon, Jan. 18. Mrs. C. G. Schneider and Mrs. B. L. Walrad will assist the hostess.

The annual meeting of the Gresham and Victory circles and of the Evangelical Women's union was held Thursday afternoon at the home of Mrs. J. C. Strebin. All the officers of the three organizations were re-elected. The officers of the Women's union are Mrs. Theod. Brugger, president; Mrs. Walter Ramser, recording secretary; Mrs. Carl Nelson, financial secretary; Mrs. E. Schwedler, treasurer. It was unanimously decided to give another bazaar and chicken dinner the coming fall. After the meeting the hostesses, Mrs. J. C. Strebin and Mrs. Carl Nelson, served delicious luncheon to the 45 members and guests present.

The Dorcas circle of the Methodist Ladies Aid will meet on Wednesday afternoon at 2:30 at the home of Mrs. L. L. Kidder.

Mr. and Mrs. Chas. Sproufe and six children have moved from Powell Valley to the Kinyon 8-acre ranch on Cleveland avenue. Four of the children are enrolled at the Gresham grade school and two at Gresham Union high.

The ladies of the Baptist Guild are planning to hold their church dinner, which was scheduled for December, on Thursday, Jan. 26. All are cordially invited to be present.

Mrs. Annie Keller of Banks, Oregon, is spending a few days at the home of Mr. and Mrs. A. McManus, assisting them in getting settled in their new house on Division street.

Alan Ingalls, Oregonian carrier in this vicinity, met with a painful accident Tuesday afternoon, when he ran into a barbed wire fence at the foot of a hill where he had been coasting. Nine stitches were required to close the gash in his face. At first it was feared that one of his eyes had been seriously injured, but it is now thought this will not be the case.

The Southeast circle of the M. E. Ladies Aid will meet Thursday afternoon, Jan. 19, at the home of Mrs. Benj. Cameron. A good attendance is desired.

The regular meeting of the Royal Neighbors of America will be held at the home of Mrs. C. J. Lundquist on Thursday evening, Jan. 19. All members are requested to be present.

Repair Driveways.
Now is the time to repair your driveways with crushed rock or road gravel. See Walrad & Wright, Gresham, phone 1631.—Adv.

REGULAR COMMUNICATION of Gresham Chapter No. 117 O.E.S. will be held Tuesday evening, Jan. 17. Receipts necessary.
By the order of the worthy matron.
CLARA PULFER, Sec'y.

LOCAL GARAGE GETS WRECKING APPARATUS

A new wrecking service car, the last word in crane wrecking apparatus, has been purchased by Hamlin & Hoss, proprietors of the Gresham Garage & Machine shop. This 3½-ton Weaver crane, the only one of its kind on the Pacific coast, is equipped with a two-horse power gasoline engine, the whole mounted on a Cadillac chassis.

The new crane, which is the only towing equipment in Gresham, is complete in every respect. Two drums, carrying in all 200 feet of 3-8 inch wire cable, are located at the back of the truck. The larger and heavier drum is for a direct pull, while the shorter cable is used for lifting a wrecked machine through the crane. Either winch can be used independently, or both can be used at the same time when necessary. The crane is equipped with clutch and brake, also with control levers for using one or both drums. The engine has a self starting device. In case of a shortage of gasoline, the apparatus can be operated by hand power. The complete outfit, including all the necessary tools with which to pick up a wrecked car, weighs \$15 pounds.

Hamlin & Hoss have served this

locality well in the past with their old towing equipment, which has now been relegated to the discard. Its motive power was entirely that of muscle, and much hard labor attended the effort to operate it. The new machine was purchased in Portland from the Wiggins company, Inc., and was secured by the local firm only after considerable scheming. It seems the machine had been brought to the coast solely for exhibition purposes and had been spoken for by another garage. However, as the Gresham concern was felt to be in the greater need of the up to date machine, their order was given the preference.

SPECIAL COMMUNICATION of Gresham Lodge No. 152 A. F. & A. M. in Masonic hall, Gresham, Monday evening, January 16. Work in the F. C. Degree. Work in the M. M. degree will be put on by past masters of Gresham lodge on Wednesday evening, January 18.

GRESHAM'S PAY ROLL

The First State Bank has no 7 o'clock whistle, no trip hammers are heard within the walls, no cars are being loaded at its doors but the wages paid to its employees together with the interest paid to its depositors represents a sum sufficient to pay 20 men year in and year out a monthly wage of better than \$100 per month.

It has paid more than \$15,000 in interest to its depositors in 1927.

Truly there are advantages in having a bank account—but were you in on this? Have you begun the habit of saving? YOU can save if you will—and right now at the beginning of the year is the time to begin.

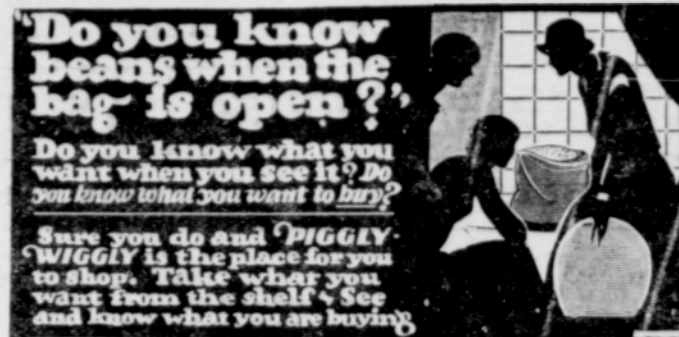

WE ARE READY TO ASSIST YOU.
