FAIR BOARD MEETS NEXT THURSDAY NIGHT

An important meeting of the fair board will be held on Thursday night, January 19, at the city hall, which all members of the board are urged to attend. The question of free gate admission and whether a manager shall be put in charge of affairs are among the live questions to be considered. Also plans for a new building to house women's exhibits and be headquarters for their activities will doubtless be taken up at this meeting, if time permits, or at an early date.

COAST CLIMATE VIES SOUTH IN WINTER

Taft, Oregon, Jan. 9, 1928.—Editor Outlook:—As a subscriber and an old customer of the Gresham Outlook, I feel I am entitled to a little writeup in your paper. I sold out my Ford garage at Troutdale, Oregon, to get away from the east wind and immediately took up the search for a good climate, to live in, so I landed at Cutler City, half mile south of Taft. Taft is our postoffice though Cutler City is a larger town than Taft. Well, any way, I want to tell you about our California climate in a short distance of Portland and in Oregon too. I happened to be in Portland last week end and it reminded me of the old days in Alaska with snow and ice. I had a hard time getting home and, to my pleasant surprise, when I got down on the Roosevelt highway from Hebo to Taft it was just wonderful. The road was dry, the air warm, no snow or frost. Grass was green and I just wished that the warm climate seekers only knew that by driving three hours in an auto it would bring them into an ideal climate in our good old Oregon state. Yes, I have been all over California and we have a climate on the Roosevelt highway in Oregon that is sistership to anything in California.

I am one of the owners of the Slitz Bay Auto camp and if any one wants to know more about a California climate in Oregon, just write to me. C. C. BUSH.

SANDY OLD SETTLERS PLAN SEMI-ANNUAL

The Pioneers and Early Settlers Society of Sandy and vicinity will hold its semi-annual meeting on Sunday, January 29, in the grange hall at Sandy. The morning session will begin at 10 o'clock. Dinner will be served at noon and all are requested to bring a basket dinner. Coffee will be served free. Local pioneers will furnish the afternoon program. Pioneers and early settlers with families are cordially invited to attend.

Unexpected Fires. A match drawn up into a vacuum cleaner started a fire in the closet that completely demolished a home. Rays of sunlight passing through a fish bowl burned a hole in a rug which smoldered, flared into flame and started another home fire.

The Oldens spent the entire week at the Wood home, but Mr. and Mrs. Dobyns, who had been at Olympia, Washington, arrived for the week-end.

Pomona Grange Plans Mid-Winter Picnic

At the last meeting of the Multnomah County Pomona grange which was held at Lents, arrangements were made for a mid-winter picnic which will be held the coming Saturday, January 21, in the high school gymnasium at Gresham. The exercises of the day will begin at 10:30 a. m. and continue until the close of the afternoon's program.

There will be no business transactions or grange work of any kind put on at the gathering, but the entire day will be one devoted to recreation, sociability and listening to a good program, the event to be free to all who wish to attend.

The lecturer of each subordinate grange throughout the county has been asked to provide two numbers on the program, and in addition it is expected that a good speaker will be present to deliver an address.

Nor is this affair intended to be an intellectual one alone. The inner man, which is usually well replenished on all picnic occasions, be they summer or winter, will not be forgotten in this case. All attending are asked to provide their own basket lunch and also enough for any who may be in their party. It has been suggested that, inasmuch as there may be visitors present from other counties, a little extra food in each basket would not be amiss.

R. W. Gill, chairman of the committee on arrangements, in writing to the several secretaries throughout the county, hopes that each grange will catch the spirit of the occasion and contribute both in attendance and in those factors which go to make a successful social event.

It is not known at this time just what part Gresham grange will play in the program of the afternoon, but it is hinted that pantomime work will be put on by the local grangers as part of their share of the entertainment.

Judging from past affairs which Pomona has staged in this vicinity, the picnic Saturday ought to be well worth attending. Saturday, as a rule, is not a very busy day on the farm, especially this time of the year, and the farmer who will lay aside his cares for the day is sure to be repaid by the relaxation afforded and the interchange of ideas on farming problems. The committee has made it plain that non-members of the grange are perfectly welcome to enjoy the festivities of the day.

GRESHAM GRANGE ELECTS OFFICERS

At the regular meeting of the Gresham grange held last Saturday, officers for the ensuing year were elected as follows: O. I. Neal, master; J. E. Gates, overseer; George Honey, lecturer; Clyde Ruegg, steward; L. P. Manning, assistant steward; Emma Manning, chaplain; George Leslie, treasurer; Effie Hodge, secretary; George Sleret, gate keeper; Olive Crawford, Ceres; Calla Kenney, Pomona; May Thom, Flora; Susie Ruegg, lady assistant steward; Gladys Ruegg, musician.

The installation of these officers will take place at the next regular meeting of the grange, Mrs. Jessie Millar to officiate as the installing officer.

of Mr. and Mrs. Frank Eichenlaub of Portland. On Saturday evening they enjoyed a fine display of colored stereopticon slides of Alaskan scenery, the collection of a pupil of Mr. Eichenlaub, a violin teacher. Mr. Althaus went in Sunday to spend part of the day.

Emil Olsen has begun the erection of a large modern dairy barn on his farm north of the Base Line road south of Troutdale. This barn will be complete in every detail and will have accommodations for 80 cows.

One of the largest coyotes ever seen in this part of the country was brought to the ground last Friday near Mabery station when a shot from someone in the party headed by Robert Strehin ended his career. Different hunters had been trying to get the animal for nearly three weeks, but he was too wary for them. At last the hounds belonging to Mr. Strehin came upon his trail and it was too late for Mr. Coyote. His pelt was an unusually fine one and in perfect condition. Robert, who is a skilled hunter, shot and killed a small brown bear in the woods above Corbett on Christmas day.
