ENROLLMENT GROWS IN UNION HIGH SCHOOL

Monday marked the beginning of the second semester of Gresham Union high school for 1928, and saw the enrollment of 365 increased to 392, nearly half of the 27 additional students coming from the 8th grade ranks of the Gresham grammar school. Besides the students from Gresham, Powellhurst, Gilbert, Troutdale and Sandy have each contributed one or more members to the student body.

Spare room is now at a premium at the local high school building. Every available space where a boy or girl can be stowed away, so to speak, has been utilized. CANNERY TO INSTALL NEW BERRY GRADER

Continued from page 1

Fisher, cannery superintendent and sales manager, told the members of his hopes and dreams of improvement in production and quality of pack by installing a large-sized Allen grader. According to Mr. Fisher this machine has been in use for four years by some of the largest canners and has proved to be one that does the work of 200 women in sorting and grading berries of all kinds, as well as cherries; does the work more conscientiously than humans possibly can, and never goes on a strike. Mr. Fisher asked the endorsement of the members present in the purchase of the grader and this was readily given. Enough stock was then subscribed to warrant the purchase of the machine and, as a result, the capacity of the Gresham cannery will be more than doubled, and with the credit arranged for at the Federal Intermediate Credit bank, the association will be in a position to handle a much larger portion of their berry tonnage, both in cans and barrels.

So the 23d day of January, 1928, will be looked back to and pointed to with pride as the day when the Co-operative Berry Growers of Gresham did their best day's work in a forward movement towards providing ways and means of reaching the markets for their increased berry tonnage, as they will be in a position to manufacture a larger per cent of their tonnage than in the years past.

FIREMEN TO HAVE BENEFIT DANCE

Interest is now centering in the firemen's benefit dance to be given on Friday evening, February 3, in the garage showroom of Raker & Son. Mr. Raker and his son have most generously thrown open the spacious show room of their popular Ford headquarters and are donating it free of charge, together with lights and heat for the evening.

This large room has a floor unexcelled for dancing. A six-piece orchestra from Portland will furnish music for the occasion. Arrangements are under way for serving lunch in the same room where the dancing will take place, and a committee, Richard Jennings, A. McMurry and Walter Deardorff, has been appointed to make arrangements for this part of the evening's entertainment.

The newly-organized Gresham volunteer fire department, which already has done valiant work in averting what might have been a most disastrous fire, like every other organization under the sun, needs some funds. They have no money now on which to draw for emergencies. The boys in time hope to have funds sufficient to invest in uniforms, which would be a decided necessity in cases where public appearance might be called for. Money is needed for various purposes, including the buying of some necessary equipment in the fire hall.

Every individual is asked to help, whether or not he or she may be inclined to trip the light fantastic. Everything will be done that is possible to make the firemen's benefit dance a social event of prominence in the community and a means to a most desirable end as well.

FUNERAL SERVICES SAME FOR COUPLE

Funeral services for the late Annie E. McCulloch, which were held on Saturday at the Methodist Episcopal church in Gresham, were almost a duplicate of those held on December 1, 1927, for her late husband, James T. McCulloch. Dr. A. Thompson, a long time friend of the family and former pastor of the aged couple, preached the sermon in both cases. The same singers repeated at Mrs. McCulloch's funeral the selections used at the former service, and several of the pallbearers were those who acted for Mr. McCulloch's funeral. Gates Funeral Home had charge of arrangements in both instances. C. E. Rusher sang "When They Ring the Golden Bells," and a quartet composed of Mr. Rusher, Mrs. J. E. Gates, Mrs. H. L. St. Clair and Leslie Walrad "Come Ye Disconsolate" and "Sweet Bye and Bye." Miss Amy Cooper was at the piano. The pallbearers were Joe Guthrie, H. Weiss, L. P. Manning, M. V. Whetzel, W. F. Honey and George Sleret. Interment was in the Gresham cemetery.

FUNERAL HELD FOR MRS. IDELL WIHLOW

The funeral service for Idell Wihlow, wife of Henry F. Wihlow, mother of Mrs. Lulu MacDonald and Kenneth Bruce Hoyt, was held at the Pleasant Home Methodist Episcopal church Saturday afternoon. The service was conducted jointly by the pastor, the Rev. Oliver Gill, and the Troutdale Chapter of the Order of Eastern Star. The auditorium of the church was filled to its capacity with friends and relatives of the deceased, the presence of which throng paid eloquent tribute, and indicated the love and esteem which those who knew Mrs. Wihlow held for her. Many large and beautiful floral pieces banked about the casket and the altar gave fragrant testimony of deep appreciation on the part of the deceased's many friends.

The musical numbers used in the service were: "Abide With Me," and "Saved by Grace," and were sung as duet by H. Lee Ball and W. B. Cory, with Mrs. Oliver Gill at the piano. The sermon was delivered by the Rev. Oliver Gill, who used as a text, Romans 8, 35, 38, 39. The Order of Eastern Star, under the leadership of Worthy Matron Pearl Simons, conducted as a conclusion of the service the ritual generally used at the grave side. Mrs. Simons was assisted in the service by Acting Worthy Patron W. C. Spence, Chaplain Alma Bramhall, and Past Matrons Mary Spence, Christine Cavanagh, Margaret Sales, Isobel Low, and Janet Lumsden. The past matrons took the parts of Adah, Ruth, Ester,

McCulloch were married on January 19, 1864. Four sons and two daughters were born to this union. Two sons and a daughter survive. They are James W. Gresham; Mrs. Laura C. Sunderland, Portland; and A. H. McCulloch of Whittier, California. The deceased are Annie, Benjamin and Robert Logan. Mr. and Mrs. McCulloch started by ox team from Missouri for Virginia City, Montana, on April 7, 1864, and arrived at their destination in September of the same year. They remained there for six years, then came to their late home near Gresham, where they lived since

Martha, and Electa in the order named. The pall bearers were Herman Blaser, Louis Miller, John Sleret, William Stanley, William Sales, and D. W. McKay. At the conclusion of the service the body was taken to the mausoleum at Lincoln Memorial park, where it was given vault entombment. J. E. Metzger of Gresham was in charge of the funeral.

Card of Thanks. We wish to thank our many friends for the kindness shown us during our recent bereavement, in the loss of our beloved wife and mother, and for the beautiful flowers. Henry Wihlow, Mrs. C. E. MacDonald, Kenneth Bruce Hoyt.

LAUNDRY TO OPEN SOON IN GRESHAM

If plans announced by E. Wagy of Portland at the Commercial club last night materialize it won't be many weeks till Gresham will celebrate the opening of a new and much needed industry, that of a laundry.

Mr. Wagy, an experienced laundryman, according to his statement, has nearly every thing needed for a first-class steam laundry secured. One of the things he is looking for is a six to ten-horse boiler.

He did not state definitely his location but it will probably be in the sub-basement of the Brown building.

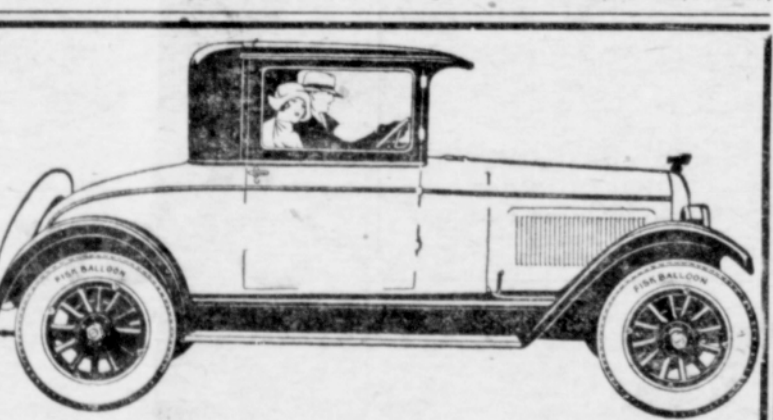

The laundry will employ several people to start with and expects to run two call and delivery wagons.

The club gave the project its hearty endorsement. Elton Eastman and A. H. Maelley were elected directors in place of Will Metzger and Wilton Todd.

A Greater Measure of ECONOMY combined with a greater degree of flexible, lively performance

IT BROUGHT a high standard of gasoline and oil mileage to the light-car field which was without precedent. For all its speed and power, no other car today is so economical of fuel. If you have been satisfied with 15 to 20 miles on a gallon of gasoline, just drive a Whippet! The difference will amaze you.

Exceptional Power

The Whippet engine is by far the most efficient light car power-plant in America today. It has pulling power that will take you up steep grades in high. It is remarkably flexible in traffic—accelerating from 5 to 30 miles in 13 seconds. It has all the speed you'll ever want—55 miles an hour is all we claim, but Whippet owners frequently tell us they get better than 60. Moreover it has 4-wheel brakes and low center of gravity, making today's higher speeds safe and comfortable. And it has a smoothness and silence that make the Whippet a constant joy to drive.
