Vote today. The primary election is important.

Someone has said a good newspaper is a good-news paper.

Opinions differ as to candidates, and some choices are hard to make, but our opinion is the country will be safe with the people's choice.

The voting machines are an experiment and may confuse some voters. Like other machines that we have adapted ourselves to, if they prove accurate and more speedy than the old way of marking ballots, they will in time be accepted and used without question.

Cadet of the reserve officers training corps have started their yearly period of intensive drill and preparation for the annual military tournament, June 2 on Bell field at Corvallis in connection with the laying of the cornerstone of the \$500,000 memorial union building being built by popular subscription.

CLEANLINESS AND HEALTH.
