

TWICE A WEEK

GRESHAM OUTLOOK

TUESDAYS AND FRIDAYS

VOL. 18, NO. 27

GRESHAM, MULTNOMAH COUNTY, OREGON, FRIDAY, JUNE 1, 1928

\$2.00 Per Year

Grade School to Get Four New Classrooms

Work on the four additional classrooms for the Gresham grade school is well under way under the direction of Claude Stockton...

The addition to the building will consist of an L 95 feet in length on the east and 60 feet wide on the south...

The exterior of these additional rooms will be finished in stucco and will conform in general style and appearance to the remainder of the schoolhouse...

The same architect, general contractor and plumbing and heating contractor are being employed on the present construction work...

Gresham district No. 4, at a special election held this spring, voted for the issuance of \$15,000 bonds with which to meet the cost of the improvements...

C. Guenther, employed at the General Refrigerating & Manufacturing corporation, was temporarily blinded a few days ago when sulphur dioxide gas escaped from a compressor...

Cereghino Brothers, who live on the Troutdale road near the Base Line, have started a garbage collection for Gresham and vicinity...

REGULAR COMMUNICATION of Gresham Chapter, No. 117 O. E. S., Tuesday evening, June 5, Reception to be held at 7:30 p. m. at the home of Mrs. J. W. Beard...

Daily Vacation Bible School Now in Progress GRESHAM METHODIST CHURCH Two Weeks—May 28 to June 8, 9 to 12 o'clock MISS MAUDE ALDRICH, superintendent.

3 MONTHS SUMMER COURSE IN PIANO BEGIN JUNE 1 FLORENCE M. HONEY Phone 1721 Studio First State Bank Bldg. Gresham

Additional Locals

H. W. Allen, newly-appointed lineman of the Portland Electric Power company at Gresham to succeed Roger Newcombe, has rented the Charles Cleveland house on Main street and will move his family out from Portland as soon as the city schools close.

Miss Hester Thorpe is at the home of Mrs. Minnie Brown for the summer. Miss Thorpe, who teaches in the grade schools of Heppner, Oregon, has accepted the position for next year.

Ivan Swift is having a new garage erected south of his residence. Ole Gabrielson is constructing the building.

Mr. and Mrs. Charley Brown and daughter Virginia of Cottage Grove, Oregon, left yesterday morning for Seattle after a two-day visit at the home of Mr. Brown's mother, Mrs. Minnie Brown.

Mr. and Mrs. Frank Brown at Seattle and later make a tour of several Washington cities and Vancouver, B. C. They expect to visit again in Gresham on their way home.

The Rev. and Mrs. J. L. Logsdon and son Junior and Mrs. Logsdon's mother, Mrs. J. B. West, arrived Monday by auto from Mount Sterling, Ky., where Mr. Logsdon is pastor of the Nazarene church.

Mr. and Mrs. J. B. West, arrived Monday by auto from Mount Sterling, Ky., where Mr. Logsdon is pastor of the Nazarene church. They expect to go on to Pasadena, Calif., where they will spend two months, but the remainder of the three-months' stay will be with Mrs. Logsdon's sister, Mrs. J. F. Read who resides two miles east of Gresham.

C. Guenther, employed at the General Refrigerating & Manufacturing corporation, was temporarily blinded a few days ago when sulphur dioxide gas escaped from a compressor which he was taking apart and struck him full force in the eyes.

The Rev. E. G. Judd will leave Monday for a business trip to Chicago, Ill., and Milwaukee, Wis., to be gone about a month. He will spend Monday night at Milton-Freewater, Oregon, with his three sons Leslie, Hermon and Harold, and will leave the following morning for Spokane where he will be joined by Dr. W. W. Black of Portland, a business associate, for the remainder of the eastern trip.

Ben Buisman, graduate from the journalism department of Washington State college, has accepted a position on the faculty of Gresham Union high school for the coming year. Mr. Buisman will handle

science and possibly additional subjects. He is a member of Sigma Delta Chi, professional journalism fraternity.

Mr. and Mrs. A. H. Mealey and children are spending the week in Milton, Oregon. During their absence the jewelry store of Mr. Mealey is being taken care of by Lyle Mason.

The regular meeting of the Gresham Garden club will be held Monday evening between the hours of 8 and 9 at the public library.

Certificates will be granted this evening in the automotive school of the Oregon Institute of Technology to Denny Ando of Troutdale and T. Murahashi of Gresham.

Mr. and Mrs. W. E. Buell and two children of Estacada were dinner guests of Mr. and Mrs. C. E. Johnson Saturday. Mr. Buell is principal of the Estacada schools.

Mrs. Marie Bostic and two children of Pocatello, Idaho, are visiting at the home of Mrs. Bostic's parents, Mr. and Mrs. John Roberts.

Mrs. A. P. Christensen of Portland was the guest of her niece, Mrs. W. S. Everett over Memorial Day. She gave a reading Wednesday at the exercises at the high school gymnasium, which was much enjoyed by those present.

Henry Kitzmiller killed a porcupine Thursday morning on his farm east of Gresham. Porcupines are rare in this part of the country and the killing of one is seldom reported.

Mr. and Mrs. R. E. Cannon and sons spent the Memorial holiday at Tidewater, 10 miles from Waldport.

(Continued on page 6)

PEACE EVANGEL TO SPEAK IN PORTLAND

Frederick J. Libby, executive secretary of the National Council for the Prevention of War, will be the speaker on four different occasions in Portland Saturday and Monday, June 2 and 4, as follows:

Saturday, 10:30 a. m., Temple Beth Israel, "Shall we outlaw war, and why?"

Monday, 10:45. Portland Ministerial association, Y. M. C. A., "An intimate study of current events."

Monday, 12:15 p. m., Thiele's restaurant, "A definite program for Oregon peace lovers." Reservations may be made through AT-water 3921.

Monday, 8 p. m., First Christian church, Park and Columbia, "The American peace movement—its aims and methods."

To Frederick J. Libby more than to any other man, the press of the country has given the credit for the nation-wide protests which resulted a year ago in the modification of the nation's policy toward Mexico, and, more recently in the drastic reduction of the naval bill, according to J. J. Handsaker, president of the Oregon council.

LORENA W. ANDERSON SUCUMBES TO ILLNESS

Former friends will be grieved to learn of the death of Mrs. Lorena Williams Anderson, who passed away suddenly Monday morning at her mother's home on Benton street in Portland, at the close of a year's illness from a complication of ailments.

Lorena Williams was born and raised near Troutdale, the granddaughter of a pioneer, T. K. Williams. She was a granddaughter of the late Mrs. Mary Leslie and a niece of Mrs. George Lusted and Mrs. A. W. Easton.

Funeral services were held Thursday at Mt. Tabor Presbyterian church, Dr. J. W. Beard officiating. Interment was made in Lincoln Memorial park. Members of the Martha Washington chapter O. E. S. participated in the services at the grave.

Card of Thanks. We are deeply grateful for the assistance and sympathy offered by our friends during the illness and death of our beloved wife and mother.

A Brugger and Family. Electric Range Bargain. A modern Westinghouse electric range in perfect condition at a real price. Phone Mrs. Russell Akin, 390x1, Gresham.

New things under "Classified."

Old Time Dance Arboleda Clubhouse Powell Valley Road and Fern Avenue SATURDAY EVENING, JUNE 2 Good old-time music with good callers Dances include waltz, two-step, schottish, three-step, minuet and quadrille. Admission, 75 cents a couple

LOCAL STUDENTS GET DEGREES

Students from this territory who are in the graduating class of Oregon State Agricultural college, who will receive their degrees on June 4: Stafford Dowsett, Gresham; pharmaceutical chemist; Agatha Harding, Corbett, vocational education; Emil Anderson, Boring, agriculture.

Gresham and vicinity is represented by three students in the graduating class of Oregon State Agricultural college, which totals more than 500. Stafford Dowsett of Gresham, Emil Anderson of Boring and Agatha H. Harding of Corbett will be graduated.

The class is composed of those who have "survived" four years of rigorous work during which their scholarship had to be kept high to meet the requirements. The college does not grant a degree to one whose average is less than a C even though he may have accumulated sufficient credits.

Stafford Dowsett has earned the degree of pharmaceutical chemist. The closing feature of his work at the college was a comprehensive three-day state examination given by the Oregon board of pharmacy. Though this is recognized as one of the most difficult pharmacy examinations given in any state, rarely does the degree course in this school fail in it.

The work in pharmacy may be taken either as a three or four year course. Graduates are fitted to become pharmacists or continue professional training in medicine, dentistry or related fields. Dowsett is one of 46 graduates this year.

Agatha Harding has completed her work for bachelor of science degree in vocational education. This school has made remarkable growth in recent years to keep pace with the demand for teachers of industrial subjects in the high schools. It has further advanced this year under the new leadership of Dean James R. Jewell. By taking the degree course in this school Miss Harding has prepared herself for more work in teaching related vocational subjects or for supervisory or administrative positions in vocational work than is possible where a student majors in one of the technical schools. The school includes teacher training in

commerce, agriculture, home economics, and industrial education, and work in psychology and education. Aside from her regular work Miss Harding has been active in campus affairs. She has the honor of being a member of Theta Sigma Phi, honorary journalism sorority, and Kappa Delta Pi, honorary society in education. She was a secretary in the journalism department and an editor of the Summer Session News last summer.

THREE NEW BUILDINGS FOR FAIR UNDER WAY

Construction work is now well under way on the three new buildings, the machinery hall and cattle and horse barns, this year's program of extensive building plans of the Multnomah County Fair association.

The contracts for the machinery building and horse barn were awarded to Kolran & Fuller of Portland at \$7559 for the machinery hall and \$3684 for the latter building. The machinery building will be 50x176 feet in size and the horse barn 80x104. This will be of wood construction throughout, but the exterior finish of the machinery hall will be of stucco and have a circular roof. It will require 309 squares of patented roofing to cover it.

The contract for the cattle barn was awarded to McConoughney & Dinsmore of Portland for \$3395. This building will be 75 x 144 feet in size and of plain wood construction. The two barns will require 254,000 shingles for the roofs; 268,000 feet of lumber will be used in the three buildings. The Eastman Lumber company has the contract for furnishing the material for the new buildings.

Mr. Reed, county bridge engineer, working with the assistance of the county commissioners and the building committee, composed of S. B. Hall chairman, C. I. Raker and Theodore Brugger, worked out the plans for the new structures. It is possible that a fourth building, one for the housing of fancy horses, will be erected this year, but as yet these plans are but tentative.

Through the efforts of the local post Claude Healin of Fairview was admitted Wednesday morning to the veterans' hospital in Portland for a major operation.

At the last regular meeting of Gresham Post No. 39 Ted Johnson, Ralph Deaville and E. J. Brugger were nominated as delegates, and A. E. Jonsrud, Oscar Gunderson, W. Olmscheid and Bayard Miller as alternates to the American Legion state convention to be held in Medford, August 2-4.

Tell it to One-Five-Six-One.

Church Services

RETURNED MISSIONARY TO SPEAK HERE SUNDAY

Mrs. Annie Miller and her daughter of Portland, returned missionaries from Africa, will speak at the Free Methodist church Sunday evening. Miss Miller will have charge of the young people's meeting at 7 o'clock, and at 8 o'clock Mrs. Miller will show stereopticon views on Africa. Those who did not have the privilege of seeing the pictures of Africa on the evening of May 20, may do so the coming Sunday evening.

Sunday school will be held at 10 o'clock, followed by preaching at 11 by the pastor, the Rev. B. J. Yates. A cordial invitation is extended to all.

GRESHAM TEMPLE SERVICES ANNOUNCED

Sunday school will be held at 10 o'clock Sunday at the Undenominational temple. Preaching services will be held in the afternoon at 2 o'clock, beginning with a live song service, after which the pastor, the Rev. S. F. Pitts will preach. Services will begin in the evening at 7:30 with preaching by the Rev. D. B. Weintz.

Prayer service is held every Tuesday evening at the temple and the young people's meeting on Friday evening, both services beginning at 7:30. A cordial invitation is extended to all.

SUBJECT OF "PUSH," PASTOR'S DISCOURSE

Preaching services at the Evangelical church will be held Sunday morning at 11 o'clock with the session of the Bible school at 10. The Rev. E. Horstmann will speak on the topic, "Push." Anyone wishing to attain greater excellence in Christian living and doing also is aware of the necessity of "push."

The graded lessons are used in the Bible school, and individual class rooms for the beginners, primaries, juniors and intermediates have been provided for. Anyone not attending a Bible school elsewhere is invited to visit the Evangelical school and to be enrolled in one of the classes.

The Sunshine club has planned a hike for Sunday afternoon. Members and friends will meet at the parsonage not later than 12:30 p. m. All are asked to bring lunch. In case of inclement weather the hike will be indefinitely postponed.

PASTOR TO PREACH FAREWELL SERMON

Next Sunday morning the pastor of the Baptist church, the Rev. E. G. Judd, will preach his farewell sermon to the members of the church and congregation and his many friends in Gresham and the community. The service will begin at 11 o'clock. The Bible school will meet at the usual hour of 9:45. The evening church service will begin at 8 o'clock.

METHODIST CHURCH SERVICES ANNOUNCED

The sermon for next Sunday morning at the Methodist church bears the rather unusual title, "Sugar-Coated Pills." However, in spite of its name, the pastor maintains that it will be a gospel sermon with a message that everyone should hear. The service comes at 11 o'clock.

The Epworth League topic is "What Doth the Lord Require of Thee". The meeting is to be led by Mrs. A. G. Lambert.

LOCAL POST WILL ASK FOR MEMORIAL

A large delegation from the Gresham post and American Legion plans to attend a meeting of the Portland post Monday evening to ask the members there to waive their rights to the \$10,000 fund which is available for a World War veterans' memorial for Multnomah county. With this sum the local post desires to erect a memorial building on the lots recently purchased in Gresham.

CORBETT STUDENT A CADET AT O. S. C.

William Crowston of Corbett, a student at Oregon State Agricultural college, will take part in the 16th annual military tournament which will occur June 2 at Corvallis. This event, which will be participated in by more than 1200 cadets, will share honors with the laying of the cornerstone of the new \$500,000 memorial union building on the campus.

Crowston is the son of W. J. Crowston and a graduate of LaVerne high school near Pasadena, Calif.

Saturday, June 16.—American Legion Auxiliary bake sale at A. W. Metzger & Co. store.

Berry Root Weevil Makes Appearance

The root weevil, which is such a serious menace to strawberry and cane berry growing in this section, has made its appearance, according to S. B. Hall, county agricultural agent, who has been watching for the pest. Now is the time to act, if the weevils are to be killed and the berry plants saved, says Mr. Hall.

The history and habits of the weevil and minute directions for its extermination are given in the following letter from D. E. Towle, manager of the Cooperative Berry Growers:

"The root weevil is natural to Oregon. Its habit or cycle of life is three phase—the beetle, the egg, and the eating worm or larva. The beetle emerges from the ground and feeds on fruit and leaves for two or three weeks while the eggs are developing and after laying the eggs, dies. The eggs hatch into the worms and the worms feed upon the tender roots of the plants for a period of probably ten months, when they change to the chrysalis stage and emerge from the earth a fully developed beetle. It is in this stage that we can control the pest with the poison bait.

"The bait consists of 95 per cent dried apple, the fruit flavor of which attracts the beetle and they eat it readily. The poison is calcium arsenate, of which 5 per cent is used. This poison bait should be used with care as it is a deadly poison. One antidote for it is strong mustard water to produce vomiting, to be followed by milk of magnesia. Better call the doctor.

"Now let's consider the question of baiting the bugs. We must watch carefully so as to get the bait out at the right time to kill the bugs. If you have examined the worms in the ground from time to time you will know how they are developing towards the beetle stage, and when they emerge from the ground you should be able to find them if you look closely. Their nature is to play dead when disturbed, so you must look carefully for them and when you think the bulk of them are out, the poison should be applied. The best means of applying the poison is through a tube that you will place the lower end of in the center of the plant. Carry your bait in a small pail that you may attach to your person with a string around your body. Take a pinch of the bait that you hold between your thumb and forefinger, press it together until it sets into a lump and drop it through the tube to the crown of the plant and the trap is set.

You should watch the weather and apply the bait after the rain, if we have any, as a rain would wash the poison out of the dried apple. If we have another heavy rain another application should be made at once, but if the weather should remain dry probably one application of the bait would do. Be sure that you have live bait out for a period of from four to six weeks to insure getting the early and late beetles.

Berry growers are urged to take out their supply of bait as the supply at the cannery is limited. A tube especially designed for the application of the bait has been designed by the cannery.

Introduction Offer

\$22.50 for your old crystal set or any old radio in trade on a new Crosley A. C. set. Bjur Electric store, Gresham.—Adv.

The Arme club will meet at the home of Mrs. George Honey Monday, June 4, at 3 o'clock. The hostess will be assisted by Mrs. S. B. Hall, Mrs. H. M. Moreland and Mrs. C. I. Raker. All O. E. S. ladies are invited to attend.

Coming Events

Friday Evening, June 1.—Card party, Troutdale Masonic hall, auspices Multnomah County Health Assn.

Saturday Evening, June 2.—Ice cream social under auspices Orient cooking and sewing clubs, Pleasant Home Methodist church.
