

GRESHAM OUTLOOK

Published every Tuesday and Friday at Gresham, Oregon, by the Outlook Publishing Co., H. L. St. Clair, Editor and Manager.

Yearly, \$2.00, six months, \$1.10, three months, trial subscription, 60c. Combination rates with all the Portland dailies.

Entered as second-class matter March 5, 1911 at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

Member of the State Editorial Association, Member of the National Editorial Association.

THE IDEA SHOULD SPREAD. To grow flowers requires planning, planting and persistence.

Another triumph of the air was achieved yesterday when the trimotored plane Friendship winged its way across the Atlantic from Newfoundland to Wales.

Wilson, the fraternalist. To be a brother to man is a high and Christian ideal, no matter what the particular avenue of its expression.

At grocers, druggists, hardware, department stores and Standard Oil Service Stations. Faced in kits with improved sprayer, pump, nozzle, etc.

Surplus Documents Greater Evil Than Surplus Wheat

By W. W. Williams, Examiner of Questioned Documents

"Stay cool with Coolidge" is a better slogan for the farmer at present than when the slogan helped to elect him president of the greatest and best farming area of the world.

"But," said a farmer, "he vetoed the farm relief bill and I am getting hot over it." I replied that he did not veto a relief bill.

Let's stay cool with Coolidge a little while longer and see how this transformation is going to come about. That's so simple. All that is necessary is to sign documents.

Now, Mr. Farmer, you have some raw material for a foundation for your opinion. Let's add some facts from history.

Many farmers will go to the polls in November and their vote will be influenced by this veto. They will have no real knowledge of the veto, but will get all their knowledge from the title or from political harangue.

Second, we have the law of supply and demand which has been doing business since the dawn of man.

Fourth, we must visualize an army of experts drawn from outside of the farmer to operate the big machine.

Fifth, we have the riddle of protecting the farmer against loss by taxing the gain portion to pay for the loss plus the enormous added expense.

We Serve "Regardless"

Ours Is a Service That Understands Whether the bereaved family is of "high estate" or low, in good fortune or poor, we serve regardless of circumstance.

First and last, our is a service that understands.

JACOBSON CO. Dependable Funeral Directors. CALL ON US SU. 1821 Day or Night 9106 Foster Rd. at Lents

Chinese, Japanese, Russians, Canadians, etc. It is an easy job to sell when the loss is made up by producers.

Seventh, we have the desire on the part of other lines of producers to place their business on a no loss basis. After the farmers have reorganized their business and overcome the law of supply and demand, overproduction, and have removed the possibility of loss by adding an army of experts and by the simple (?) scheme of taxing the gain side of their business to pay the loss it would look very good to the lumber industry and the mining industry, etc.

Let's stay cool with Coolidge a little while longer and see how this transformation is going to come about. That's so simple. All that is necessary is to sign documents.

Now, Mr. Farmer, you have some raw material for a foundation for your opinion. Let's add some facts from history. In all ages numerous documents obtaining their sanction from national laws or high ecclesiastical power have produced a great flood of forgery and crime and distortion of the law itself.

See the bargains listed in the Want Ads.

Nothing Omitted The properly conducted funeral, as we conceive it, must be a well-rounded whole. In practical arrangements, selection of merchandise and planning of services, it must be an artistic unit in which nothing has been omitted. In order to achieve this high ideal we give the closest attention to every detail, no matter how small.
