

It was the dear old lady's first ride in a taxi, and she watched with growing alarm as the driver continually put his hand outside the car as a signal to the following traffic. At last she became exasperated. "Young man," she said, "you look after that car of yours

and watch where you're driving, I'll tell you when it starts raining." Phone 1561 Two lines, two phones, at your service for news, ads, subscriptions and printing.

"Montag Ventilated heat" is a large volume of slowly moving air pre-warmed to the proper temperature.

extra cold air returns

extra large cold air returns

For health and comfort, every house must have a constant, slowly moving circulation of air. Montag furnaces provide it in large volume. In every room in your home! This means proper circulation and warmth with less fuel, because the circulating air is constantly pre-warmed. No warm and cold "streaks" in a Montag heated home.
