Wouldnt you spend 7% to save 50%?

Lumber, plaster, roofing and other building materials, plus the carpenters' wages needed to build—these make up 50% of the total cost of the average six room frame house.

Then the cost for protection against depreciation and decay—Paint and Varnish, in other words—only 7% of the total cost.

There is only one name to remember in spending that 7%—that is Rasmussen.

Rasmussen Pure Paints and Varnishes excel in covering capacity, lasting finish and protective qualities. They are the safest insurance of property values—and beauty.

For Interiors
Wall-Dura Washable Wall Paint; Racolite Enamels; Inside Floor Paint; Oil Stains; Floor and Varnish Stain; Bath Tub Enamel; Durable Floor Varnish.

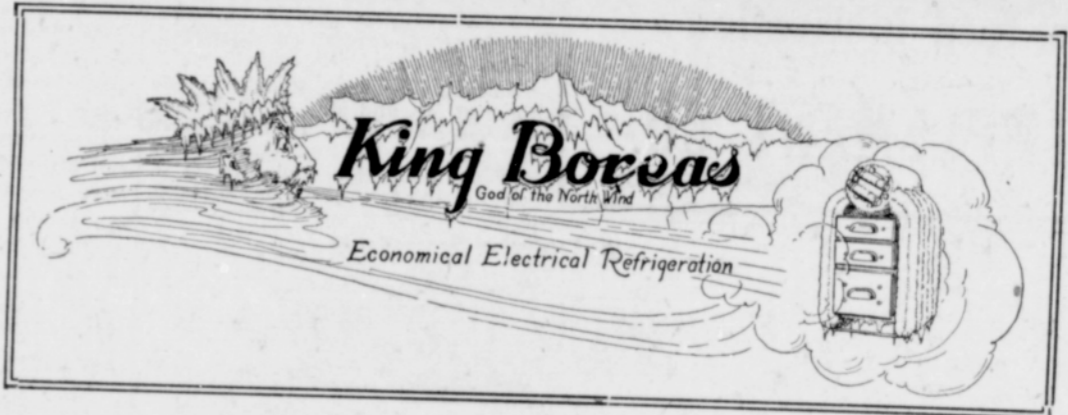

For Exteriors

Also Cressote Shingle Stain; porch Floor Paint; Etern and Roof Paint; Truck, Tractor and Implement Paint; Automobile Enamels; Spar Varnish; Roof Coating; Concrete and Cement Coating.
