

By using pectin you can "make strawberries into a delicious whole fruit jelly, or you can make a clear strawberry jelly, although the juice of these berries by itself does not "jell." The United States department of agriculture will tell you

how to make the necessary pectin and what proportions to use in the jellied strawberries or the strawberry jelly.

REFRIGERATE for HEALTH

Ordinarily when food is placed "on ice" it is put into a cold temperature that gradually becomes warmer as the ice melts. If the temperature rises above fifty degrees, your food is in danger of becoming unsafe to use. Kelvinator foods remain pure.

ELECTRIC REFRIGERATORS insure proper refrigeration because an even, dry, cold, safe temperature is maintained. The air circulates and collects as moisture on the tank.

We would like to show you the many types of Kelvinators here.

Man's Nose Broken in Automobile Spill

Mr. Logan, an employe on the dam construction work near Bull Run who recently came to this locality from California, is at the Thomas sanitarium recuperating from the effects of an automobile accident which occurred on Thursday evening of last week at the foot of Littlepage hill east of Gresham, when his car crashed through the railing of the bridge and overturned. The bridge of the man's nose was broken and his face badly cut.

Logan was starting for his evening's work and was approaching the foot of the bridge at a rapid pace. It is supposed he had on too much speed to make the sharp turn and went on through the railing. It is said by those coming to the rescue that the heavy steel construction of his new Dodge coupe was all that saved him from being crushed. He was brought to Gresham for treatment and the car was taken to Portland for repairs.

Little excuse remains nowadays for an insect-eaten garden, says the agricultural college. Most of the common vegetable insects can be readily controlled with standard poison dusts. Methods are described in full in Oregon experiment station circular 65, sent free on request.

PLEASANT HOME

The Sunday school of the Methodist Episcopal church will meet Sunday, July 29, at 10 o'clock. It is expected that the rush of berry harvest will be sufficiently abated to permit the return of several teachers and officers who have been absent for several weeks. The church service will be at 11:15. The pastor, the Rev. Oliver Gill, will take for his subject "Characteristics of Victorious Living", based on the life of a famous Biblical character. The Epworth League devotional meeting will be at 7 o'clock. The topic will be "Pioneers in Christian Adventure." Anna Lennartz is announced as the leader. There will be no evening church service at 8 o'clock as has been the custom for some time, the service being discontinued.

Mrs. C. L. Robison and daughter Gladys, of New Westminster, B. C., who spent two weeks as guests of Mr. and Mrs. W. E. Markell, began their return trip home Sunday.

Mr. and Mrs. Harry Carlson gave a lawn party last Friday, in honor of their guest Miss Adella Pedley, of Yakima, Washington.

W. F. McKinney returned Thursday morning to eastern Oregon where he is to be employed in the wheat harvest.

The Rev. and Mrs. LeRoy Walker of St. Helens, Oregon, were guests at the Methodist parsonage Tuesday. Rev. Walker and Rev. Gill spent some time outlining their work for the Epworth League institute which is to be held at Falls City, beginning August 6. They are to be director and assistant director respectively of the recreational features of the institute. Rev. Walker is pastor of the Methodist church at St. Helens.

E. E. Collins, Mr. and Mrs. James Manary, of Portland, Mrs. Willard Smith and daughters Caroline Jane, and Joe Ann of Ogden, Utah, and Robert Manary of Newport, Oregon, were recent guests at the Markell home. Helen Markell of Portland is spending a week there.

The regular monthly meeting of Multnomah Grange No. 71, will take place Saturday, July 28, at 8 o'clock. All grangers are invited, and non-members are welcome to attend the open social hour, beginning at 9 o'clock. Multnomah grange scored the booby prize at the Multnomah county fair this year, but the members are good sports and feel very kindly toward the judges for the score given them, as the unusually cold spring and the very early date of the fair had given a "prepared feeling" among the members that a high score would be impossible.

The usual order of worship will be observed at the Baptist church next Sunday. The pastor, Gordon Johnson, will preach at 11 and 8 o'clock. Sunday school convenes at 10 o'clock and the B. Y. P. U. at 7:30. All strangers in the community are extended a hearty welcome.

Mr. and Mrs. Wilfred Nassahn returned Wednesday from Monmouth, where they have completed their normal training and are now prepared to enter the pedagogical profession.

Mr. and Mrs. C. L. Gregson and sons Lee, Norman and Carl Jr., are spending a two-weeks' vacation visiting friends and relatives in Idaho. They were accompanied by Mrs. Gregson's brother, Edward Mink.

H. G. Knox and family of Portland spent the week-end with relatives. Sunday they attended church at Haley and were dinner guests of the Rev. and Mrs. John Nordell at their Deep Creek home.

W. R. Telford and sons returned the latter part of the week from a few days' stay at the beach.

Mr. and Mrs. Frank Stefer and sons and Mrs. Roy Cochran spent the week-end at the home of Mrs. Emma Gregson.

Mrs. H. B. Lund is having as house guests this week Mrs. Calvery of Summer, Mont., and Mrs. Calvery's daughter, Mrs. Frazer of White Fish, Mont. These ladies are old friends of Mrs. Lund.
