Free Cooking School Attractive to Many

Interest in the Outlook's free cooking school was keen yesterday, as indicated in the attendance of 80 women, eager to learn the newest and best in cookery. Miss Dorothy Mae Hubbs, home economist expert, who was introduced by Mrs. H. L. St. Clair of the Outlook, made a decided hit with the women by the charming way in which she conducted the class and the fresh and interesting suggestions which she brought for home cookery. It was quite evident that she was perfectly capable of preparing a complete meal for a family without delay or confusion and at the same time explain every step of the process. Her lessons yesterday included a roast, a graham cracker cream cake, a cabbage salad camouflaged in such a manner that the most picky person would be tempted to eat it; noodle ring, most attractive and a whole meal in itself; and spiced chocolate doughnuts. Today's lessons included among other things, broiled pork chops with pineapple and two or three kinds of pie.

A number of worth-while prizes are given away each day, made possible by the generous support of Gresham merchants. Yesterday Mrs. J. G. Metzger received a five-pound pail of lard, the gift of Brown's Meat Market. Mrs. Vida Stubbs, Mrs. M. C. Smedsrud, Mrs. F. H. Davis, Mrs. L. T. St. Clair and Irene Quick each received two 5-lb. sacks of Fishers Blend flour. Some of the products of the day's cooking lessons went to Mrs. A. E. McGuire and Laura A. Johnson. Ivan Swift of the P. E. P. company has offered a hotpoint super heated iron, which will be given as a grand prize on Saturday.

The cooking contest, which was announced at the cooking school yesterday, has been called off. This was a feature that had not been planned for and it was found that the time was too short to properly arrange the details and make the contest a success.

The stage at the grange hall is an ideal place for a demonstration, as it is high enough to make the operations plainly visible from all parts of the room. Two beautiful Hotpoint ranges and a roomy kelinator, loaned for the occasion by the P. E. P. company, are objects of interest to all. Bjur Electric company provided a Crossley radio receiving set, over which programs are heard before and after the classes.

Return Korell To Congress

There is one candidate to be voted on at the coming election regarding whom there is general unanimity of thought and desire for his re-election, and that is Congressman Franklin F. Korell, representative in congress from the third congressional district of Oregon, which comprises Multnomah county.

Congressman Korell has proved his ability and fidelity and is most worthy of every good citizen's vote. He is a comparatively young man but with enough experience as an attorney and legislator to make him able and he now has the added benefit of a term in the halls of congress where he has taken a place of prominence and influence and is held in high respect. He has a splendid record and has only just begun.

Mr. Korell is not an "office seeker" or a politician. He was born in Portland and has grown up with Portland. He is a graduate of the University of Oregon and Yale Law school and was admitted to the Oregon bar in 1910. He is an ex-service man.

His record is open to investigation. He is a republican, but the Outlook can assure all that he will not disappoint the confidence and support of all good citizens regardless of party.

Walkers Will Exhibit

Mr. and Mrs. E. N. Walker, of the Walker Fox Farm, are making preparations to exhibit about 10 of their best silver foxes at the Pacific International Livestock exposition, to be held at Portland, November 3-10. They expect to compete with fox breeders from Montana, Idaho, Washington and Oregon.

About five years ago the Walkers began their farm near Gresham with six pair of standard silver foxes, of the Willow Hill strain, received directly from Prince Edward Island. Each year they have gradually added to the number and kept up the quality of the strain until now they have 80 silver foxes, among the best in the northwest.

This year Mr. Walker is planning on making ready a shipment of about 20 pelts for the eastern markets. Previously they have sold only for breeding purposes. Mrs. Walker states that the top price for a fox pelt in New York last year was \$685 and that the average price was \$285. The silver foxes sold for breeding purposes from the Walker farm average \$1250 per pair. At this rate, with a farm of 50 or more foxes the owners have not only a large investment but also realize a very good interest on the money involved.

Mr. and Mrs. Walker have many visitors from different parts of the country, who are very much interested in their farm. There are 150 Chinchilla rabbits on the farm that also attract much attention. Mrs. Walker, who has complete charge of the rabbits, says that in the spring she expects to have built a rabbitry that will house at least 300 of the fur bearing animals.

Gresham to Help Community Chest

Solicitors for the community chest are working this territory this week in an effort to fill the quota for this community in the budget of \$689,890 for 52 charitable and philanthropic institutions, to secure equitable distribution of financial support and eliminate the "drives" of these institutions separately.

Gresham solicitors are hampered because of the apparent unwillingness of citizens to assist in the so-called prevalent that this is an affair of Portland which should not be extended to suburban districts. As a matter of fact, there are few institutions now beneficiary to the community chest which do not give service in this community. Among these may be mentioned the Children's Farm Home, Goodwill Industries, Public Welfare Bureau, United States Veterans' Service, Volunteers of America, Salvation Army, Y. M. C. A., Y. W. C. A. and many others.

The sing committee of the Gresham Tri-Y club sponsored a very enjoyable and entertaining meeting Wednesday evening, after which a "pot-luck" supper was held.
