CHRYSLER Plymouth

Plymouth 4-Door Sedan 7723

AMERICA ACCEPTS AND ACCLAIMS THE NEW PLYMOUTH

The sales record of the new Plymouth, established in two weeks' time, is without parallel or precedent for a car in this field — not in a few retail centers but all over the whole country.

Hundreds upon hundreds of thousands — yes, millions — eager to see the new Plymouth, built by Chrysler to compete in the lowest-priced field, throng Chrysler salesrooms everywhere.

They compare it with the three or four other cars catering to the same great market. They see contrast in size, style, performance and safety so sharply in favor of Plymouth that curiosity bursts into enthusiasm, enthusiasm is transformed into sales.

In fine, the millions seeking a low first cost now discover in the new Plymouth the one car in the lowest-priced field which is and does everything that they have long hoped a low-priced car would be and do.

You, too, owe it to yourself to see it, ride in it, drive it. All doubt as to the highest dollar-for-dollar value in the lowest-priced field ends right there.
