Colds and How to Avoid Them.

By MISS LOULA E. KENNEDY. Of Kansas State Agricultural College. A cold is a germ disease and its development is favored by undue exposure to cold, by fatigue, by improper sleep, and by overeating.

One must live hygienically in order to keep the body in good condition. Hygienic living means proper food, clothing, exercise, rest, plenty of fresh air, and good habits generally.

It is advisable to harden oneself to cold, but care must be observed not to overdo the matter. Because a little hardening will do good it does not necessarily follow that more will do better.

A cold may be contracted in spite of these preventive measures. Then the body must be given a chance to cure itself. This necessitates even more careful living.

Queen Nathalie of Serbia, Missing Since War Began, Found Working in Hospital.

The mystery of the whereabouts of ex-Queen Nathalie of Serbia, who disappeared at the outbreak of the war, was cleared up when she was discovered working as a common serving woman in a big hospital in Bordeaux.

When the war began the queen, whose history is the most tragic court story known to Europe, placed her palace at Biarritz in the hands of a friend, princess Ghika, and ordered it converted into a military hospital.

On the same evening Queen Nathalie, unattended, entrained for an unknown destination, and her suite had not heard a word of her since.

"When I last saw her at the Belgrade court," writes Dr. Bonnefont, "King Milan's widow wore a blazing diadem and looked a haughty and queenly beauty. She was attired in a purple velvet cloak lined with ermine.

The wounded soldiers are totally ignorant of her identity. They speak gratefully of her "saintly goodness" and her untiring efforts to aid them.

At the queen's urgent request the exact location of the hospital is kept secret, as she intends working incognito until the end of the war.

The Whiners

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly.

YES, LAUGH AT YOURSELF

Much Wisdom is Needed if We Are to See Ourselves as Others See Us.

Laughter is a mark of intelligence only when one is able to laugh at himself, to smile with others at his own awkwardness, whims, shortcomings and personal peculiarities, remarks the New York Tribune.

But this requires a certain breadth of vision which not everyone possesses. Lincoln had it, and with all the sadness and tragedy of his life this ability to laugh at himself kept him sweet and human, saved his wit from irony and cynicism, and enabled him to laugh, not at people but with them.

A man may be dead in earnest in his devotion to some great cause, as was Lincoln, yet keep his faith in himself and his ideals. It is this sense of humor which preserves balance and saves a man from bigotry and fanaticism.

OFTEN LATENT FOR YEARS

Minnesota Physician Explains Reasons for Tuberculosis Infection in Entire Families.

"If tuberculosis is not hereditary why is it usually found in most of the members of an infected family?"

The reason, according to Dr. I. J. Murphy of the Minnesota Public Health association, is this:

"The first case in a family usually infects all the other members of the family before the case is diagnosed or sent to a sanatorium.

"Infection of other members of a family can be prevented, as a rule, only by removing the source of the infection to a sanatorium," adds Doctor Murphy.

"The onset of tuberculosis is very insidious. In case of doubt consult a physician. A cough lasting more than three weeks, a daily afternoon flushing, a steady loss in weight, frequent hoursness, easy tiring, indigestion, and a blood-stained sputum are some of the early signs, any one of which should call for a thorough examination.

National Forest Ranges Are Heavy Stock Producers

That the National Forest ranges in Northern Washington are among the greatest beef and mutton producers of any open range land in the country, is indicated by reports from the Okanogan National Forest concerning the weights of sheep and cattle shipped from these ranges this year, recently received by District Forester George H. Cecil, Portland, Ore.

Shipments of lambs direct from these ranges averaged 92 1/2 to 95 pounds at the stockyards, while one shipment of Roan Shorthorn-Herford steers averaged 1366 pounds each with the shrinkage off.

The stock growers and the Forest Service cooperate through twelve local stock growers' associations in the Okanogan country. The various problems of the stock business are threshed out at the association meetings, so that each member may profit from the experience of others.

It is expected that in the near future, only high grade bulls will be permitted on these ranges. Already a number of the associations have bought such bulls, which are run on the range, each member paying a service fee prorated according to the number of cows he turns out on the range.

Maidless Again.

Mrs. Degraw is minus a maid again. It happened this way:

"Maggie, I think you had better wash the windows today, before we put up the new white curtains."

"I don't wash no windows for nobody, mum. I don't wash my own windows at hum, and I certainly won't wash yours."

"But washing windows is just as much a part of housework as washing floors, Maggie."

"I don't wash no floors, neither." The door bell rang. Maggie stood still.

"Go to the door yourself. You look better than I do."

"Maggie, do as you are told."

"When I ain't dressed up, mum. And while we're talkin' frank, let me tell you that I don't like the way this house is managed. Not a bit!"

"Then, my young woman, you trot upstairs and pack your trunk, and get out of here as fast as you can. I didn't hire you to be the lady of the house."

(Exit Maggie in a great rage.) Mrs. Degraw's help wanted a appears in another column.—Newark News.

WHAT A WOMAN OF OUR NATIVE STATE SAYS.

Portland, Oregon.—"For a long time I have been so nervous I could almost scream at times, and have had spells that I could not get around. My back pained so at night I could not sleep—doctors did me no good. A lady in Garhart recommended Doctor Pierce's Favorite Prescription to me so I thought I would give it a trial. I have now used four bottles and am still using it. It has done me much good."—Mrs. D. SHOEMAKER, 380 N. 19th St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation and female weakness. It makes weak women strong, sick women well.

Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights, tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source.

Get the "Prescription" to-day—either in liquid or tablet form, if you want to better your physical condition speedily. Dr. Pierce's Pellets regulate stomach, liver and bowels.
