## CEMETERY TO BE FENCED

At the last meeting of the Civic club, following the report of a special committee, it was almost unanimously voted to fence the cemetery. At this time only the five acres surveyed and platted will be fenced. A great deal of work and considerable expense was put in the surveying and plating and a fence would save destruction of the markers. Loose stock and careless drivers have already knocked down a number.

The cost of the fencing material will be approximately \$100 and to raise this money the membership pledged to earn and give \$1 each by the April meeting. The money must be on hand before the work is started as the ladies thought they would be sure of meeting the expense. As fast as members have their contributions they are requested to hand it to the committee consisting of Mrs. Waterman, Mrs. Swayze and Mrs. Haneline.

After the material is secured and on the ground the ladies hope to organize a party of men interested in civic matters to go up and do the work. Enough can be secured to do the work in less than a day and the ladies will serve lunch at noon.

hereby authorized to administer the necessary oath. Any person swearing falsely in making such affidavit shall be deemed guilty of a violation of this Act. Every bottle or other container in which alcohol is sold except to a druggist shall have a label firmly affixed thereto designating its contents, the name of the druggist selling the same, the name of the purchaser and the number of the affidavit. It shall be unlawful for any person to have in his possession any such bottle or other container containing alcohol purchased in this state after the taking effect of this Amendment Act and which is not so labeled. (Section 2, Chapter 40, General Laws of 1917.)

Ethyl alcohol may be sold by registered pharmacists only and for medical purposes only upon the signed prescription of a licensed physician in good standing, actually engaged in the practice of his profession in this state, not of intemperate or immoral habits and not addicted to the use of narcotic drugs. Every physician issuing any such prescription for ethyl alcohol shall date the same as of the actual date of issuance and number the same consecutively during each calendar month, the number of each prescription to be plainly written upon the face thereof; and the person presenting any such prescription to any pharmacist shall, before being permitted to purchase the alcohol therein prescribed, comply with the provisions of this law herebefore set forth in relation to signing and swearing to an affidavit. Each such prescription shall state on its face in the English language the general nature of the ailment for which such alcohol is prescribed, the name and address of the patient for whom prescribed and of the physician issuing the same, and only one sale shall be made on any one prescription. No prescription for ethyl alcohol shall be written and no such prescription shall be filled unless the requirements herein set forth shall have been substantially and in good faith complied with. Any physician prescribing alcohol for medicinal purposes shall make a duplicate or carbon copy of each such prescription and on or before the tenth of each calendar month shall file such duplicates or carbon copies of all such prescriptions issued by him during the preceding calendar month with the county clerk of the county in which said physician resides and practices, together with an affidavit to the effect that said duplicate or carbon copies contain a full and complete report of all alcohol prescribed by said physician during the preceding calendar month. It shall be unlawful for any physician to issue a prescription for alcohol to be diluted or adulterated or combined with any other substance in such proportions that it shall be capable of being used as a beverage, and it shall be unlawful for any physician to issue any prescription for alcohol to any person except for necessary medicinal use in case of actual sickness or ailment. (Section 2, Chapter 40, General Laws of 1917)

## NEIGHBORHOOD CLUB ITEMS

Our next Neighborhood social will be held Friday, March 30. There will be a fine program prepared. Everybody cordially invited.

At a regular meeting of the club this Saturday, March 17, a good program is anticipated as we entertain the ladies from town whose several times have helped us to entertain out here at Columbia school house.

These corrections and additions bring contributions to Columbia park to date: Wm. Whitsett, 4 horse team 1 day; W. J. Warner, 4 horse team 1 day; J. H. Reid, 2 horse team 5 days; J. W. Spencer, 4 horse team 1 day and hauling load of straw; Chas. Spencer, hauling load of straw; J. W. Tabor, 1 day hand work.

## SCHOOL PLAY MADE HIT WITH EVERYONE

Friday evening the pupils of the eighth grade presented "The New Co-Ed," a four act comedy, to a crowded house. No play that has been put on by the school was better. Each one seemed to fit the particular part and for pupils of their age it seemed almost incredible that they could live the part so well, as there were a number of difficult scenes.

Those taking part were Laura Phipps as Estelle Doolittle; Harold Waterman, Punch Doolittle; Martha Winslow, Madge Stevens; Charles Attebury, Dick Bradley; Jane Gunn, Lettie Willis; Lena Ward, Miss Rice; Dorothy Briggs, Ruby Scott; Nida Patrick as May, Rose and Grace, three college chums; Leslie Burke, George Washington Watts; William Skinner, John Young.

As a result of the play the dairy show parade expense was paid and with the remainder the balance on the baseball suits and grandstand was paid.

## SHERMAN COUNTY PEOPLE BUY HERE

A sale was closed Wednesday by Dodd & Kennedy whereby C. W. Kellogg disposed of his ranch to Wm. R. Knotz of The Dalles. Possession was asked within a week, but Mr. and Mrs. Kellogg will not be able to move short of ten days.

Mr. Knotz is another of the number of Sherman county farmers locating here after thoroughly investigating every phase of the country. He is well pleased with the Hermiston country and will continue the development of the Kellogg place, which is considered one of the best in that section.

While the deal is not yet closed Mr. Knotz' father and a brother will also likely locate here.

Mr. and Mrs. Kellogg will move to town at once. Where they will live they do not know as there is not a desirable house vacant, but will take what can be found until satisfactory arrangements can be made.

## WASHINGTON FAMILY MOVES TO PROJECT

E. E. Graham and son, W. B. Graham, of Puyallup, Wash., came Saturday last to make their home here, Mr. Graham having purchased land from J. W. Craik. He is a brother of Rev. Graham.

Mr. Graham and son will put up a temporary house at once and then Mrs. Graham will join them. The other children will not come until school is out. As soon as the building is up work on the farm will start as Mr. Graham is anxious to get the land into alfalfa as quickly as possible.

## O. A. C. MEN HOLD MEETING

In keeping with previous announcements made, E. B. Fitts and W. S. Brown, two O. A. C. extension workers, were here Wednesday to hold meetings for dairymen and fruit growers. The lectures were very interesting and instructive and for the most part were entirely new to dairymen of this section. While realizing that farm work is very urgent at this time Mr. Allen was disappointed in the number attending.

In the afternoon Mr. Fitts spoke on "Essentials for Success in Dairying" at 1:30. At 3 o'clock he took up the subject of "Feeding for Milk Production." In the evening the subject was "Care in Handling of Milk and Cream."

A committee of fruit men met in the morning on by laws and Mr. Brown gave what assistance he could. The work was not finished until the afternoon meeting, when Mr. Brown addressed those in attendance on means for perfecting a fruit growers organization. The attendance of fruit growers was very good.

## FISH AND HUNTING LICENSE INCREASES

Fishermen and hunters who intend following the sport during 1917 had best hurry and get a license if this little matter has not already been attended to. The last legislature changed the cost of both licenses.

The new law becomes effective May 21 and the price of either single license is raised from \$1.00 to \$1.50 and a combination license from \$2 to \$3. Women will remain exempt from purchasing angling licenses, but must obtain a hunting license if they desire to hunt for game birds or game animals.

Hereafter free running dogs, or dogs following upon the track of any game animal, may be declared a nuisance after notification in writing to the owners and the animals may then be killed without criminal or civil liability on the part of the person killing the same.

In game district No. 2 the open deer season begins September 1 and closes October 31. The bag limit is reduced to two deer.

The open season on migratory birds throughout the state will be from October 1 to January 15, except Malheur and Harney counties where it is September 16 to December 31.

Winter fishing for trout in district No. 2 has been prohibited with the exception of trout over 18 inches in length. The open season on six inch trout begins April 1.

## FREE BOARD FOR MILITARY TRAINING

Students who enroll for four years of military training in the course to be established in the University of Oregon next year will get their board free from the government, if a plan now under consideration by the war department and the university authorities is adopted. Two years of drill will be compulsory. The only thing now standing in the way of military instruction at the university is lack of suitable quarters. During the present semester, however, a class in field tactics and map making is to be organized by Dr. Warren D. Smith, professor of geology, who has had military instruction.

## WITHDRAWN LANDS RESTORED TO ENTRY

The general land office has sent out notice that the following lands have been restored to settlement on and after May 18 at the La Grande land office:

E 4 SW 1/4 section 20, NW 1/4 SW 1/4 and S 4 SW 1/4 section 24, T. 3 N. R. 27 E.; W 1/2 NW 1/4 section 6, T. 3 N. R. 28 E.; N 1/2 section 14, T. 5 N. R. 29 E.

Sections 20, 24 and 6 are on the west side of the river and were withdrawn drawn at the time a reservoir was contemplated in that district. Section 14 is due north of the Cold Springs reservoir and borders the Columbia.

Woodburn—Tobacco growing industry tested out here for several years to be established.
