The following table shows the high and low temperature for the days and nights for the past week:

Date	High	Low	Date	High	Low
4	67	32	8	80	37
5	74	28	9	81	39
6	72	49	10	80	40
7	74	45			

M. D. SCROGGS
Co-operative Observer

glad to see you boosting for the permanent good roads bond proposition. We of California now have \$33,000,000 of state highway bonds and, really, we do not notice any burden. In this state the auto, largely, pays for the highway and more highways means more autos, etc."

Congress is preparing a war revenue bill that will raise \$33 per capita. Of course this will be arranged so those best able will pay the most, but all must stand some part. If we will all practice the strictest economy now, we may not find it necessary to deny ourselves many necessities later.

The war is bringing out the fact every day that we do not have to depend on Europe for many things formerly imported. In truth, the American article generally proves a little better once the manufacture is perfected.

With the greatly increased crops of all kinds planted in the Hermiston country this year, our people are going to be greatly surprised at the amount of produce that can be grown.

LOCAL BRIEFS

Miss Virginia Todd was home from Pendleton Sunday.

Thos. Campbell jr., was home for a few days the first of the week.

M. J. Barthel was down from Pendleton to spend Sunday with his family.

W. J. Warner spent Monday and Tuesday at the county seat on court matters.

Miss Ethel Rodgers was down from Pendleton spending the week end with friends.

E. L. McBloom and daughter, from Pendleton, were guests at the Newell home from Saturday until Monday.

Mr and Mrs. G. R. O'Daniels drove down from Pendleton Thursday and are guests at the home of their daughter, Mrs. McKenzie.

Tuesday evening at the Civic Center room Dr Wainwright gave a very interesting talk to a joint meeting of the Red Cross and Honor Guards on first aid work.

H. M. Straw spent Monday in Pendleton with Dr. Kern conferring on business matters before the doctor left for the training camp. Mrs. Straw and Mrs. Kellogg accompanied him.

Monday Mrs. Callbeck entertained a few friends at dinner in compliment to Mrs. Record. The guests were Mrs. Record, Mrs. Trowbridge, Mrs. Chapman, Mrs. Jones er., Mrs. Paul S. Jones.

Mrs. J. F. McNaught returned home Thursday after several months with her daughter in Oakland. Treatment has greatly improved her eyes and an operation, which was thought necessary, has been eliminated.

Henry M. Gunn jr., came home from Corvallis Sunday and will take up work on the farm. The college gives all agricultural students credit for this work the same as though they had continued the full year at Corvallis.

Dale Hinkle left Portland Wednesday to enter the officers training camp. He is one of 1904 selected from Arizona, California, Idaho, Montana, Nevada, New Mexico, Oregon, Utah and Washington. Three thousand other applicants must wait their turn.

In the county oratorical contest at Pendleton Friday evening of last week Jane Gunn won first in her division and Frances Hills of Stanfield also won first in her division. Jane Gunn and Emily Shotwell went from Hermiston and were accompanied by Mrs. Gunn. Jane spent the week end at Supt. Parks' home.

B. M. Rogers this week moved here to make his home. He will purchase land, having sold all his holdings at Baker. Mrs. H. A. Hooker is a daughter and W. W. Rogers a son of B. M. Rogers, which speaks very highly of the country. The Hookers came first and were so well pleased the brother and family located here and now the parents will make their home in this section.

Parent Teacher meeting Thursday afternoon, though the last of the school year, maintained the interest that has prevailed throughout the winter. Following a short business-session a most interesting program was given consisting of piano solo by O. G. Sapper, exercise by pupils of Miss Kindt's room, vocal solo by Mrs. Bau-chard, recitation by Zona Bessel, talk by Mr. Gunn, maypole dance under direction of Mrs. Warner, choruby the high school.

OPPONENTS OF ROAD BONDS JUGGLE FACTS

Counties Outside of Multnomah Will Receive More Than They Contribute.

In an effort to turn the voters of Benton, Lane, Linn and Marion Counties against the road bond bill, C. E. Spence, Master of the Grange, is making the unfounded assertion that none of the money raised from the bonds will be expended on roads in the Willamette Valley south of Multnomah County; that all of the money contributed by Willamette Valley counties in automobile licenses and in taxes from the quarter mill state road tax will be required and will be expended in completing the Columbia River Highway.

The plain facts are:
1st.—Reliable engineering estimates secured by the Highway Commission agree that \$1,750,000 will complete the Columbia River Highway from Astoria to The Dalles.

2nd.—Multnomah County pays 37 1/2 per cent of the state tax and 40 per cent of the automobile license fees but under the highway plan embraced in the road bond bill not one cent of the money so paid will be expended in Multnomah County.

3rd.—Multnomah County will pay in automobile fees and state road tax approximately \$2,400,000 which is more than sufficient to complete the Columbia River Highway and leave a balance of \$650,000 to be applied on other roads. These figures do not take into account the amounts that will be paid by Clatsop, Columbia, Hood River and Wasco counties which will also be available for completing the Columbia River Highway. The amounts paid into the fund by these counties will further reduce the amount of Multnomah County's contribution to the Columbia River Highway and leave a considerably larger sum than \$650,000 to be applied on the Pacific Highway and other roads contemplated in the road bond bill.

4th.—Not one cent of the money paid by counties of the state, other than that contributed by Multnomah, Clatsop, Columbia, Wasco and Hood River counties, will be required to complete the Columbia River Highway and the other roads outside of the counties enumerated.

5th.—In other words, under the \$6,000,000 road bond plan, Multnomah County automobile owners and taxpayers will not only pay sufficient funds to complete the Columbia River Highway but will also contribute to the fund that will be expended on the Pacific Highway and other roads in the Willamette Valley and in other sections of the state.

A dollar's worth of road for a dollar's worth of expenditure is assured at the hands of the State Highway Commission which is charged with disbursing the funds raised from the proposed \$6,000,000 good roads bonds.

"The Yard of Best Quality"
H. M. STRAW, MGR.

Watch Your Kitchen Waste

A large part of the \$700,000,000 estimated food waste in this country is good food which is allowed to get into garbage pails and kitchen sinks.

Ask Yourself--

"Can It Be Eaten?"

Don't throw out any left overs that can be reheated or combined with other foods to make palatable and nourishing dishes.

DO YOU KNOW--

That every bit of uneaten cereal can be used to thicken soups, stews or gravies?

That stale bread can be used as the basis for many attractive meat dishes, hot breads and desserts?

That every ounce of skimmed milk or whole milk contains valuable nourishment? Use every drop of milk to drink or to add nourishment to cereals, soups, sauces and other foods. If you do not want milk to sour keep it cool, clean, and covered continually. Remember, too, that sour milk, buttermilk and sour cream are valuable in cookery; so do not waste any. Sour milk and buttermilk can be used with soda in making hot breads, or sour milk can be turned easily into cottage cheese, cream cheese or clabber. Sour cream is good shortening in making cakes and cookies and useful for salad dressings and gravies for meat.

That every bit of meat and fish can be combined with cereals or vegetables for making meat cakes, meat or fish pies, and so on, and to add flavor and food value to made dishes?

DO YOU KNOW--

That every spoonful of left over gravy can be used in soups and sauces or as flavoring for meat pies, croquettes and vegetables.

That every bit of clean fat trimmed from meat and every spoonful of drippings and every bit of grease that rises when meat is boiled can be clarified, if need be, and is valuable in cookery? Don't fatten your garbage pail at the expense of your bank account.

That when meat is boiled, the water dissolves out some valuable food and flavoring material? Save such water for soup or for use in stews or gravies, or for cooking vegetables. Save and keep soup stock. Every professional cook knows that keeping a soup or stock pot is an essential economy.

DO YOU KNOW--

That valuable food and flavoring get into the water in which rice and many vegetables are cooked? Use such water for soup making if it has an agreeable flavor. Don't pour nourishment down the sewer.

That careless paring of potatoes or fruits often wastes as much as 20 per cent of their food material?

That the outside leaves of lettuce and that the tops of many vegetables make desirable cooked "greens" or even salads?

To Be an Efficient Home Manager You Must Know Your Job

Make it your business to know what foods and how much food your family needs to be efficient. Learn how to make the most of the foods you buy.

Write today to the U. S. Department of Agriculture, Washington, D. C., or to your state agricultural college for bulletins telling you about the nature and uses of foods and how to feed your family economically, and get the greatest nourishment out of every pound of food that comes into your home.
