LOCAL BRIEFS

Mrs. Newell and Herbert jr., are visiting in Pendleton this week.
Mr. and Mrs. J. Wallace Spencer went up to Pendleton Saturday to visit for a few days.
There will be a meeting of the Red

Cross this, Saturday, afternoon at 3 o'clock at the Civic Center room.

The pupils of Miss Bryant's room went to the river Friday afternoon of last week for a picnic and all enjoyed the time immensely.

Mr. and Mrs. Waterman, of The Dalles, parents of the late H. A. Waterman, are guests at the Waterman home in this city.

Thursday the Boy Scouts hiked to Minnehaha springs. An account of the trip, written by one of the boys, will appear next week.

Friday afternoon of last week Miss Suoher's room enjoyed a picnic on the butte, which all thought far better than the same time spent in the school room.

SUPPORT ROAD BONDS AND GET CONSTRUCTION

If the bond issue fails to carry (\$6,000,000 road bond bill), let us ask ourselves what is going to become of the quarter-mill tax that we are going to pay anyway? What is going to become of the auto license tax that the autoists are going to pay anyway? We talk about fearing the funds derived from the bonds will be inequitably distributed, what better off will we be regarding equitable distribution of the road money if we vote down the bonds? Where will it go? Under the bonding bill we are assured that if the county prepares its grade that that designated road will be hard-surfaced. If the bonds lose, we aren't assured of anything but continued bad roads, continued mud and continued financial loss in consequence.—Corvallis Gazette.

Milwaukee Grange at its last meeting revoked its action of a month ago, when resolutions were adopted opposing the \$6,000,000 road bond bill, and adopted another set of resolutions approving the bonds as "a step in the line of progress." Opposition to the proposed bond issue is being rapidly dispelled as the voters study the measure and acquaint themselves with its provisions.

If the \$6,000,000 bond issue and the highways designated therein are approved, comprehensive provision for construction of highways will have been provided. Road construction will have been standardized; Federal aid and co-operation secured; the cost of efficient engineering will have been minimized; co-operation between State, Government and counties, together with genuine competitive bidding for construction will have become a reality. The acquirement of funds for road construction at a low rate of interest and a method of paying both interest and principal of state bonds out of current revenues already imposed will also have been secured, and this without additional tax burden and with proper safeguards to the general taxpayer.
