

Don't Get Excited

There will be plenty to go around in this country and some for Europe.

Don't speculate. If you have money to speculate with—buy a government bond.

Buy what you need, as you need it, from your regular dealer. Pay as promptly as possible. It costs a lot to do business now and your dealer needs the money.

We carry a staple line of goods to choose from at the right price, and a safe place to trade.

Mrs. Ingram left for her home in Moscow, Idaho, last Saturday after a short but pleasant visit in this city with her sister, Mrs. J. T. Hinkle.

If you want a good 20-year guarantee gold watch, and have got a good pump or double barreled shot gun to trade for it call at this office right away.

Mrs. O. M. Sprague and children, former residents of this city, are here from Spokane this week on a visit to R. G. Sprague and the children's grandmother.

"Alabama" Smith has accepted the position of clerk in Hitt's Confectionery made vacant by the resignation of George Rayhill and the call of Clarence Carson to the navy.

Carroll Reeves came over from near Pendleton the latter part of last week to say good bye to his uncle and aunt, Mr. and Mrs. F. R. Reeves, before their departure for San Francisco.

C. R. Myers was in a happy frame of mind Thursday, for on passing our office on his way to work for the reclamation service he dropped in and subscribed for this great family journal.

Mrs. J. Kennedy, wife of one of the mounted patrolmen in the employ of the reclamation service, visited a few days this week with her husband's parents, Mr. and Mrs. Wm. Kennedy, ranchers near Umatilla.

S. Mattoon, a land leveler residing in Hermiston, has just finished leveling and seeding to alfalfa 40 acres at Boardman owned by Emmet Callahan, and has now taken a contract to put in 55 acres for J. I. Jenkins.

The contracting firm of Boynton & Longhorn, not content with building houses on the ground, has now taken to constructing them on wheels. As a result the gentlemen were busy early this week building a cook house for Mr. Mattoon, for use in his land leveling work at Boardman.

Jack White, Hermiston's up-to-date tailor, has received his fall line of samples and is now displaying them to his many customers. With the samples he received his annual style book, which shows that the semi-tight fitting garments in men's clothes have been superseded by a more loose fitting style.

Clarence Carson and Harry Todd, who enlisted in the navy and were waiting for a call, received notification Saturday to report for duty at the training station near San Francisco. The boys immediately got ready, bid their relatives and friends good bye and departed Sunday for Portland, en route to San Francisco.

Mrs. E. P. Dodd and little daughter left Monday for Seaside. They went by way of Pendleton where they were joined by the lady's parents, Mr. and Mrs. R. Alexander, and sister, Mrs. E. W. Collins, and together they have rented a cottage on the beach and will continue to enjoy the bathing and ocean breezes for the next three weeks.

John T. Embry, H. Miller and Miss Ruth Hobbs visited Sunday in Irrigon at the home of Mr. and Mrs. Wadsworth. The lady, who was formerly Miss Sue Parks, is related to Mr. Embry. She is well known here, having visited in this neighborhood quite a number of times before her marriage recently to Mr. Wadsworth, who operates a general store in Irrigon.

Dr. J. A. Campbell, well known in this city, has received his commission as first lieutenant in the dental reserve corps and left Portland Monday night for the aviation corps headquarters at San Diego, according to a letter received from him the first of the week by R. C. Walber, bookkeeper in the offices of the reclamation service.

E. T. Eriksen, an employe in the offices of the local U. S. reclamation service, this week received notification of his transfer to the offices of the service in Orland, Calif. Mr. and Mrs. Eriksen are now making preparations for their departure to their new home.

Together with other large shipments to points in this state and Washington, the Hermiston Creamery Co. twice a week ships quite a large quantity of butter to Idaho, supplying the Horst-Powell Copper Mining Co. of that state with its product. This is the busy time of the year, for aside from the large butter output, many tubs of ice cream are manufactured and shipped out and marketed locally by the institution.

Bumper Crops

The whole country is making a determined effort to increase crop yields this summer. There is a waiting market for every pound of it, and this will add millions to the incomes of the farmers.

Factories will be working day and night to turn out the enormous supplies required by our own government and our allies. Millions and millions again will go into the pockets of the people.

Some of this money will be banked, but MUCH OF IT WILL BE SPENT. It will be a fight between the local dealer, the city merchant and the mail order man to see WHO GETS IT.

What are YOU doing, Mr. Local Merchant, toward getting this immense volume of business? Are you telling the people of the articles you have to sell and of the advantages of buying at home? Or are you going to let the city merchant and the mail order man do the advertising and GET MOST OF THE BUSINESS?

It is squarely up to you
