

The Test of Time

That is what this community has applied to this store and we have stood the test. The reason we have been able to bear this test is, we have applied the same test to all of the lines of goods we handle.

Our Dry Goods, Clothing, Shoes, Hats and Notions--

each constitute a line of time tried and tested merchandise. In short, we handle nothing that we cannot conscientiously recommend on its merits, and our grocery department is replete with all seasonable fruits, vegetables and canned goods.

Has 1 1/4 inch special steel axles made to our drawings. Pneumatic tires. Ball bearing wheels. Made of Ford parts, therefore easily replaced at low cost.

Haul your loads behind your car easily without ruining the auto proper. Will track perfectly.

See one at the garage

PRICE \$95.00

Others ask \$115.00 for the same thing made in Chicago

LOCAL BRIEFS

E. P. Hilsley made a business trip to Pendleton yesterday.

Mrs. Jessie Prindle returned Tuesday from a short visit to Pendleton.

R. L. Jay went to Pendleton Thursday on a couple of days' business trip.

Mrs. D. 'Wilson was a visitor to friends in Pendleton Monday of this week.

O. M. Bennett, deputy state highway engineer, stopped here for a short time Monday afternoon while on his way overland to Arlington.

Arnold Shotwell left Monday for Portland, where he passed the examination and was assigned to the medical department of the army.

Miss Ruth Woodruff returned Wednesday to her home in Union, Ore., after a pleasant visit to Mr. and Mrs. Roy Rogers, local ranchers. The ladies are sisters.

D. H. Prindle returned from Breitenbush Hot Springs yesterday after being there two and one-half weeks taking treatment for rheumatism. He says the baths greatly benefited him.

Mrs. C. E. White of Irrigon came to Hermiston on the morning train Thursday for the purpose of having some dental work done by the local dentist.

J. C. Balleger, a well known lumberman of Boardman, and W. M. Hatch, an equally well known rancher of the same place, were business visitors to Hermiston Thursday, and while here made this office a friendly call.

Mr. and Mrs. J. White and two sons arrived Tuesday from Scotts Mills, Oregon. They came overland, and will make their future home on a ranch near here which Mr. White recently purchased.

Miss Ruth Skinner, stenographer in the reclamation office, left Wednesday for Ada, this state, to spend her summer vacation. Two sisters met the young lady in Portland, and accompanied her on the outing trip.

Alfred Swanner, who operates a ten-acre ranch a mile southwest of town, was transacting business in Hermiston Saturday last, and while doing so dropped in and handed us \$1.50 to set his subscription to The Herald forward another year.

Miss Camille and Donald Blackman of Richland were guests of E. W. Mack, the local druggist, in this city Monday and Tuesday while on their way to Boardman to pay a visit to their sister, Mrs. S. C. Mack, wife of the leading storekeeper of that place, who is a son of our fellow townsman.

J. D. Rice, who has the agency for the Wizard gas saver for Ford cars, a recent invention, was in Pendleton Tuesday on business. The little instrument, which is placed in the manifold connection with the carburetor, is giving satisfaction, and Mr. Rice is selling quite a few of them at \$3.50 per.

Mr. and Mrs. F. T. Donovan and daughter Dorothy of Eugene, Oregon, are guests this week at the home of Mr. and Mrs. A. S. Johnson, Mr. Donovan being a nephew of the latter lady. They came overland in their car, it being the gentleman's vacation period from his duties as traveling salesman for the Crane Co., a large plumbing and fixture house of Portland.

L. W. Furnas has begun harvesting his second crop of alfalfa on his big ranch situated close to the city. Quite a few stacks of this fodder taken from the first cutting dot the landscape of the extensive ranch surrounding the home of Mr. Furnas, and with the gathering of the second crop many more will appear. The gentleman is not disposing of the alfalfa at the present time, holding it for better prices later.

The regular semi-monthly meeting of the council was held Wednesday evening, all members being present. The usual batch of bills with a few others added were audited and allowed, matters pertaining to irrigation gone into and the selection of a new councilman to fill the board's quota taken up. Several names of well known business men were proposed and voted on, the lowest being eliminated until it dwindled down to two, with the result that Frank Woughter was chosen alderman. Before adjournment A. L. Larson's appointment as fire chief was confirmed.

R. C. Challis, who operates the local butcher shop, has acquired an up-to-date conveyance for beef cattle that will be bought in the country from local ranchers and brought to the slaughter house. It is a ton truck especially designed for attachment to Ford cars which he purchased recently from Sapper Bros. With this new-fangled vehicle he figures he can go to the country, purchase a beef, tie it, load it on the truck, cart it to the place of execution and have it on the block ready to be doled out to customers in about one-third the time it took to do this work the old way of leading it behind a buggy.

GET AN OIL STOVE

And save heating up your house during the summer months. Our stoves give the best of satisfaction.

FLORENCE AUTOMATIC NEW PERFECTION

We can supply either in the two or three burner size, with or without oven, with or without high shelf.

Bumper Crops

The whole country is making a determined effort to increase crop yields this summer. There is a waiting market for every pound of it, and this will add millions to the incomes of the farmers.

Factories will be working day and night to turn out the enormous supplies required by our own government and our allies. Millions and millions again will go into the pockets of the people.

Some of this money will be banked, but MUCH OF IT WILL BE SPENT. It will be a fight between the local dealer, the city merchant and the mail order man to see WHO GETS IT.

What are YOU doing, Mr. Local Merchant, toward getting this immense volume of business? Are you telling the people of the articles you have to sell and of the advantages of buying at home? Or are you going to let the city merchant and the mail order man do the advertising and GET MOST OF THE BUSINESS?

It is squarely up to you

This is a newspaper
