LOCAL BRIEFS

The little son of Dr. and Mrs. F. V. Prime has been quite ill from infantile troubles this week.

The weather man keeps on handing out the hot stuff, the mercury having hovered around the 100 mark all week.

The big Howe scales at the Inland Empire yards are now in working order and ready for public use.

Mayor and Mrs. F. C. McKenzie and family are away to Hildway Springs for two weeks enjoying their summer vacation.

Those who deserve honorable mention for having paid their subscription to this great family journal this week are Jas. A. Scott, E. A. Hobbs, T. D. Worster and H. J. Stillings.

The men who are to report in the second draft call in this county include the names of J. E. McCreedy and A. J. Sellers of Hermiston. The call is issued for Tuesday next.

Due to the fact that Mayor McKenzie is away on his annual vacation and some of the alderman out of town on business, there was no meeting of the city council last Wednesday evening.

Dr. Andrew Warner of Walla Walla, the district superintendent of the Methodist church, will hold the last quarterly conference of the year at the parsonage next Thursday night, August 23.

Miss Fannie Todd, the agreeable and obliging lady clerk at the store of the Hermiston Produce and Supply Co., who has been passing a two weeks' vacation visiting cousins in Seattle, came home Thursday.

Charles Hiatt, who has lived here the past ten years, during part of which time he has been in the employ of the Newport Construction Co., left early in the week accompanied by his family for St. Anthony, Idaho, to remain for some time.

Being anxious to get into service, R. E. Hobbs has joined the aviation corps. He will leave this week or the early part of next for Portland to take the examination, and should he successfully pass will probably be assigned to the Vancouver, Wash., barracks for flight practice.

Mr. and Mrs. D. McKinty and family of Havre, Mont., were Hermiston visitors yesterday while on their way to Seattle on their annual outing. While here Mr. McKinty looked over the 25-acre ranch which he owns two miles south of town which Mr. Humphrey is looking after for him, and was well pleased with the way it is handled and with conditions in general here.

James D. Todd, who is one of Uncle Sam's navy boys on board the cruiser Huntington, has written a letter to his parents here in which he informed them that ere the missive would reach home he would be on his way across the Atlantic, orders having been received for the squadron of armored cruisers of which the Huntington is part to weigh anchor on the 8th of August and head for foreign ports.

Mrs. O. G. Sapper arrived home Tuesday morning from Conkling Park, on beautiful Coeur d'Alene lake, Idaho, where she has been visiting at the home of Mrs. B. Sherwin, the ladies having been fast friends in their maiden days back in the old home in Erie, Pa. The visit was one of enjoyment and pleasure, for Conkling Park is one of the most famous summer resorts on the above lake.

Mrs. Eugene Cummins of Boardman has sent a magnificent specimen of a pole bean just to show what can be raised on Umatilla Project No. 18. Moving to Boardman in April of this year, Mrs. Cummins says herself and husband have fine crops of melons, cabbage, carrots, onions, 24 acres of corn, 1 acre of potatoes, and 15 acres ready for alfalfa to seed this week. That's improving some in so short a space of time, and Mr. and Mrs. Cummins are to be congratulated on their good work.

Mr. and Mrs. F. A. Yates and son Vernon were guests in this city last Saturday and Sunday of Mr. and Mrs. L. W. Furnas, they being on their way home to Calpella, Calif., from a trip to Los Angeles. Mr. and Mrs. Yates will be remembered by older residents of Hermiston as having been homesteaders here along about 1904, and continuing to live in this valley till six years later, when they sold out and went to California.

**Bumper
Crops**

The whole country is making a determined effort to increase crop yields this summer. There is a waiting market for every pound of it, and this will add millions to the incomes of the farmers.

Factories will be working day and night to turn out the enormous supplies required by our own government and our allies. Millions and millions again will go into the pockets of the people.

Some of this money will be banked, but MUCH OF IT WILL BE SPENT. It will be a fight between the local dealer, the city merchant and the mail order man to see WHO GETS IT.

What are YOU doing, Mr. Local Merchant, toward getting this immense volume of business? Are you telling the people of the articles you have to sell and of the advantages of buying at home? Or are you going to let the city merchant and the mail order man do the advertising and GET MOST OF THE BUSINESS?

It is squarely up to you This is a newspaper
