In other words, while the costs of most commodities have been increasing by leaps and bounds, lumber and the products of lumber have been among the last to feel the effect of the changed conditions and the advances in prices have been but nominal.  
**THE CROP DOLLAR IS BIGGER TODAY THAN IN YEARS. INVEST IT IN BUILDINGS.**  
But, will prices not go down when peace is declared? Can't I save by waiting? are the questions asked by every builder. The answer is that no one in a position to judge intelligently believes that prices will go back to the old low basis for a long time—because of the enormous demand abroad for building material to rebuild Europe, and the immense demand at home.  
Come in Today. Our Experience in the Lumber Material Business has been put into the form of Pictures, Plans, Estimates of Costs, and are yours for the asking. Build Now, Save Money

**HERMISTON LOCALS**

The Episcopal Guild will meet Friday, November 2, at 2 p. m., upstairs at the drug store to sew on Red Cross work.

Mrs. W. J. Warner and daughter accompanied Mr. Warner to Chemawa last week and will remain during his stay there coaching the Indian football team.

Veterinarian Surgeon J. A. Peed was called to Echo Monday to inspect a carload of cattle before shipment to Curlew, Wash., where Orville McCulloch, owner of the stock, has tented a large hay ranch.

Dr. O. R. Gallion of Eugene, Oregon, was here Sunday and Monday looking over the two hundred acre alfalfa ranch near Westland in which himself and other Eugene business men and farmers are interested.

Alderman Carl McNaught attended the intercollegiate football game in Pendleton last Saturday between the O. A. C. and University of Idaho teams. He says it was a good game, notwithstanding the high score made by the Oregon Aggies of 26, to 6 for Idaho.

C. A. White, who has been away to his old home in Scotts Mill, this state for some time taking care of the prune crop of that section by the operation of his dryer, has returned. Monday a carload of stock and household goods arrived, and later in the week Mrs. White and family arrived.

L. W. Furnas, one of the extensive alfalfa ranchers of the project, who this season set aside a considerable acreage for alfalfa seed, has been busy all week threshing the product. Col. J. F. McNaught's thresher is doing the work, and from a sack to a sack and three quarters of seed is being turned out to the load.

Henry Hanby is now the owner of a Ford car. Maybe you wouldn't believe it, but he secured it in trade for a stack of hay that he recently bought from Duncan Campbell just prior to the departure of that gentleman for Montana a short time ago. Mr. Hanby says he can cover ground pretty fast now—sometimes.

Monday last two carloads of horses being shipped from Madras and consigned to Nettleton, Bruce & Eschbach at Jerome, Idaho, were unloaded here for inspection before being allowed to pass from this state into another. Dr. J. A. Peed, after examining them for disease, pronounced them healthy, and Fred Andrews, deputy state brand inspector, with headquarters at Echo, looked them over for spurious brands, but found none. After the animals were fed and watered they were re-loaded and proceeded on their way to Jerome, where they will be used in construction work.

**Selling Out**  
I expect to soon leave Hermiston and offer for sale the following: 1 team, weight 2800; 1 set harness; 2 cows, one fresh with heifer calf; 2 other heifers; 3 hogs; wagon, hack, cream separator, some hay and other items. F. H. Bone, R. 1. -adv56fc
