PISO'S

A Boy With a Future.

Ellis Perrot Blister, the fly-fishing expert of Pike county, said at a banquet at the Delaware Water Gap:

"The prime virtue of a good angler is patience. No man or boy ever developed into a successful fisherman who hadn't at least twice the patience of Job.

"There's a boy in Shawnee who is going to make a champion one of these days. I saw him fishing the other afternoon on the bank of a creek and I said to him:

"What are you fishing for, son?"

"Salgs," said he.

"What are salgs?" said I.

"I dunno," said the boy, "I ain't never caught none yet."—Philadelphia Bulletin.

Hardly Seen.

Reggie—There's been something trembling on my lips for months and months, Margie, and—

Margie—Yes, so I see. Why don't you shave it off?—Puck.

In Bad.

"Many of our girls marry well," said the head of the store to the new saleslady. "A millionaire just married a girl in our fur department. Settled \$50,000 on her, too."

"Dear me, and here I am at the bargain counter."—Louisville Courier-Journal.

Silencing Him.

Typewriter Girl—Will you kindly hand me the gum?

Gushing Bookkeeper—Certainly; with all my heart.

Typewriter Girl—No, thanks; only the gum, please.—Exchange.

P. N. U. No. 49, 1917.

STATE NEWS IN BRIEF.

Astoria had a burglary at an early hour Monday morning, when thieves smashed a front window in Shaner Bros.' store on Commercial street and stole approximately \$2000 worth of jewels.

County Agricultural Agent Brown, of Marion county, in outlining the plan of work which will be adopted next year, will endeavor to secure the answer to questions which are of prime interest to farmers just at this time.

Mr. and Mrs. S. T. Summers, of Klamath Falls, who have just returned from an automobile trip to Ashland, report that the Klamath river has been backed up so much by the big Copco dam that the road is covered with water in many places.

With the largest fall crop in many years in the ground, Linn county farmers have been rejoicing in the heavy rains of the past few days. From all indications now the immense acreage of fall-sown grain will give a big yield next summer.

The recent rains have made trouble for the Brown-Petzler Lumber company of Stayton. The Santiam river is now very high, and, although the lumber company has had a crew of men at work trying to save its logs, several thousand feet have been lost.

The Public Service commission has received instructions from the fuel administration authorities at Washington that no electric advertising signs, the electricity for which is generated by coal and which operate all night shall be allowed to operate in the future. The commission knows of no signs operated in Oregon coming under the description of those placed under the ban.

Although a week has elapsed since filings would be accepted on the 34,000 acres of land recently eliminated from the Fremont National Forest, only five have been made so far, one being for land in the Summer Lake district and the remainder for land on Drews creek, a few miles west of Lakeview. Most of the land is without timber and valuable for grazing purposes only.

The Lane county court has signed an application to the State Highway commission, asking for the survey of two routes, other than the survey now being made, for the coast link of the Central Oregon Highway. What is known as the Coast link will extend from Eugene to Florence. The new surveys are asked because of opposition to the route now contemplated over what is known as the low pass and the route selected for the low pass road.

Captain W. A. Arnold, of the Signal corps of the United States army has arrived in Marshfield, to make a personal canvass of all logging camps, shipyards and lumber mills of the county, with a view of enlisting the men as members of the Loyal Legion of Lumbermen and Loggers. The workmen are patriotic, and the plan, so far as presented, has met with approval. About 3000 men are employed in the lumber industry in this county. Most of them are engaged either in the production of airplane spruce, ship timbers or in building vessels.

W. Z. Moss, prominent cattle owner of Lake county, who has been on trial in the circuit court in Lakeview on one of five counts charging larceny of 70 head of cattle, was found guilty by a jury.

Governor Withycombe this week formally appointed Judge Gantenbein as circuit judge for Multnomah county to succeed Judge Littlefield, who resigned upon Judge Gantenbein's return from army service.

A record price for a 23-pound turkey was obtained by the Red Cross ladies at Beaverton. George Davis gave the turkey to the society. August Rossi sold it, and Antoine Lun, formerly of Portland, became the owner for \$33.20.

Following a recent conference with Adjutant-General Williams, Governor Withycombe said the three companies of Spanish-American war veterans organized some time ago under Adjutant-General White will be called into service as the unorganized militia within the next few weeks.

Sheriff Burns, of Astoria, received a telegram Friday from Federal District Attorney Reams saying Emil Hulka, who has been held at the county jail for several days, is a technical deserter and should be delivered to the nearest military post.

The heavy downpour of rain Thursday has been a boon to the wheat growers of Sherman county. Practically 90 per cent of the summer-fallow ground has been seeded and the warm rain will give wheat a good start before freezing weather sets in.

In a letter forwarded to Edward D. Baldwin, secretary of the republican state central committee, United States Senator McNary submitted his resignation as chairman of that committee.

Mrs. Anna Farley, of Dallas, has donated her farm to the general conference board of the Methodist Episcopal church, according to a statement made by Dr. R. C. Oaten, of the conference board of Chicago, who was in Dallas last week looking over the property. The board estimates that the property is worth between \$20,000 and \$25,000, and Mrs. Farley will be paid an annuity during the remainder of her life in appreciation of the gift.

U. S. WILL LEASE LAND

Government Plans Dry Farming on Big Scale to Supplement Next Year's Campaign for Food Supply.

North Yakima—In planning for next year's food campaign the government will lease thousands of acres of land in the Yakima valley withdrawn from public entry because of reclamation needs but still not covered by any canals yet constructed. The land will be leased for dry farming and grazing purposes, according to an announcement just made by Project Manager R. K. Tiffany.

Sealed proposals will be received at the office of the reclamation service here until 9 a. m. December 28, 1917. The land to be leased lies in the Palouse, Kittitas and Yakima projects. The successful bidders must enter into contract with the government for a lease of the lands to extend till the end of the calendar year 1921, and no bid of less than 7 cents an acre will be accepted. The rental payment each year will be based on the amount of land taken and the purpose for which it issued.

Farmers to Make Cheese.

Carlton, Ore.—At a meeting of the stock holders of the Farmers' Creamery company it was decided by unanimous vote to put in the necessary machinery for the manufacture of cottage cheese.

The high prices being paid for milk by the condensers have made the supply of cream for the creamery. In taking up the manufacture of cottage cheese the company will buy the whole milk and separate it, using the cream for butter and the skim milk for cheese. In this way they will be able to compete with the condensers in price and assure a good supply of butter for the making of butter. It is expected to have the plant in operation by December 15.

Farmers Form New Council.

Kelso—The Cowlitz county agricultural council was organized at a meeting in the office of County Agent L. S. Keyes here Saturday. Leander Martin, of Sandy Bend, was chosen president; George Smith, of Castle Rock, vice president, and Charles Marsh of Kelso, secretary. This council will assist the county agent in solving the farm problems. Five committees were appointed at the meeting to take up various problems. R. B. Cogdon, leader of county agent work for the state, and Asher Hobson, director of farm markets, attended the sessions.

NORTHWEST MARKET REPORT

Wheat—Bulk basis for No. 1 grade: Hard white—Bluestem, Early Bart, Allen, Galgalus, Martin Amber, \$2.05. Soft white—Palouse Bluestem, fortyfold, White valley, Gold Coin, White Russian, \$2.03. A Grippe Epidemic

Every winter Health Boards warn against this weakening disease which often strikes those who are least prepared to resist it. You should strengthen yourself against grippe by taking

SCOTT'S EMULSION

which is the cream of cod liver oil, refined, purified and so skillfully prepared that it enriches the blood streams, creates reserve strength and fortifies the lungs and throat.

Don't delay—It may mean much.

Use SCOTT'S Refuse Substitutes

Hot Reception Promised

"Is your husband up yet?" inquired the early morning caller.

"I guess he is," replied the stern woman at the door.

"Well, I'd like to say a few words to him—"

"So would I. He hasn't come home yet."—Boston Transcript.

Taking No Chances.

"I notice the kids are behaving better at school."

"Yes, there may be no danger, and then again there may. The teacher is carrying a swigger stick."—Louisville Courier-Journal.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

A Hard Knock

During the cross-examination of a young physician in a lawsuit, the plaintiff's lawyer made disagreeable remarks about the witness' youth and inexperience.

"You claim to be acquainted with the various symptoms attending concussion of the brain?" asked the lawyer.

"I do."

"We will take a concrete case," continued the lawyer. "If my learned friend, counsel for the defense, and myself were to bang our heads together, would he get concussion of the brain?"

The young physician smiled. "The probabilities are," he replied, "that the counsel for the defense would."—Boston Transcript.

One Barrier.

"When you marry my daughter, how are you going to support her?"

"I expect to work, sir."

"Well, you needn't expect to work me."

"Do you remember the first time we met when you came to my real estate office looking for a flat?"

"I do, and I found one there."

"Everybody is talking about food nowadays," remarked old Mrs. Blunderby, "but I really don't see that this food conservation plan of Mr. Hoover's is doing much good."—Exchange.

CLEAR YOUR COMPLEXION

While You Sleep With Cuticura Soap and Ointment—Trial Free.

On retiring, gently smear the face with Cuticura Ointment, wash off in five minutes with Cuticura Soap and hot water, and continue bathing a few minutes with the Soap. The influence of this treatment on the pores extends through the night.

Free sample, each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.

The Bird Being an Ostrich.

"Out of mere curiosity," says an exchange, "we would like to read Mr. Hoover's own daily menu."

Judging from Herbert's lantern jaws and emaciated physique, he doesn't eat any more than a bird.—Boston Transcript.

Masculine Form.

"What is a hunch?"

"A hunch is the masculine equivalent of feminine intuition."—Exchange.

Exception.

"Blessings brighten as they take their flight."

"I don't know. Our last cook didn't stop to polish the stove."—Exchange.

A WOMAN'S WAR-TIME DUTY

Every woman in this state should help with bandages, socks or "kitts" for the soldiers who are our defense on the firing line. But many women are not strong enough to carry on their ordinary household duties. You get strong, if you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any womanly complaint or disorder, you get well. For these are things—to build up women's strength, and to cure women's ailments—this is the best medicine to benefit or cure.

The "Prescription" regulates and promotes the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor. This "Prescription" in liquid or tablets. Send for trial pkg. to Dr. Pierce, Pres. Ives' Hotel and Surgical Inst., Buffalo, N. Y.

The poison in your system can be thrown out by taking Dr. Pierce's Pleasant Pellets, composed of May-apple, sassafras, and other roots, sugar-coated, and sold by all druggists.

Tommy Explains.

A couple of Charleston kiddies were celebrating Bunker Hill day by exploding a few torpedoes. Said Nellie: "I don't see how the Germans can blow up a big ship with one of these things."

"Oh, you girls can't expect to understand about such things," said Tommy, with a superior air. "Of course, the torpedoes they use are about a hundred times as big and they use a derick to lift them and drop them on the ship."—Boston Transcript.

The Night Attack.

The Welsh rabbit is no pacifist.

ABSORBINE

Will reduce Inflamed, Strained, Swollen Tendons, Ligaments, or Muscles. Stops the lameness and pain from a Splint, Side Bone or Bone Spavin. No blister, no hair gone and horse can be used. \$2 a bottle at druggists or delivered. Describe your case for special instructions and interesting horse Book 2 M Free.

ABSORBINE, JR., the antiseptic liniment for manking, reduces Strained, Torn Ligaments, Swollen Glands, Veins or Muscles; Heals Cuts, Sores, Ulcers, Allays pain. Free \$2.00 a bottle at druggists or delivered. Book "Evidence" free. W. F. YOUNG, P.O.F., 403 Temple St., Springfield, Mass.
